over our liberal discounts to those getting up clubs, can learn how to secure for themselves

A NICE LOT OF PLANTS FREE.

HOW TO SEND CLUB ORDERS.
Keep each person's order separate, giving his or her full
name, with the amount of the order. Then make your se-
lection of the amount due you, naming plants desired as
your discount, signing your name as the person getting up
the club.

BEAR IN MIND—That the party getting up the club is entitled to all discounts. We cannot
allow each member of the club to select discounts, etc., and then allow the getter-up of the club
to select another discount. We will, however, add one plant of our selection for each dollar's worth
that any member of your club may send.

REMEMBER These discounts do not apply to collections of plants or bulbs, but to plants and
bulbs at price per single plant or bulb, and must be included in your order when
you send it in. We cannot send your order at one time and the discount at an-
other. So be sure and INCLUDE the discounts in your order when you send it.

BARRETTE PUBLISHING COMPANY, SPRINGFIELD, OHIO.
E Greet You,

Our Friends and Patrons

WITH our new Catalogue for 1895, hoping it may meet with the same hearty appreciation as those previously sent. We have spared neither pains nor money in making this book attractive and pleasing. The cover being designed by one of the finest artists in the United States, and the illustrations made from original sketches from nature of flowers cut from our own plants. We have added many large handsome greenhouses to our plant during the past year and have now one of the largest and finest establishments in the country; and are well equipped to grow healthy strong plants. We aim to offer only the best varieties. Everything is conducted under the personal supervision of the proprietors, making it less liable to mistakes to occur. However, should any error be made in filling orders this Spring, our customers may feel assured that it will be entirely unintentional, and when informed of the fact we will promptly rectify it, and make everything satisfactory if it lies in our power to do so. Please keep a copy of your order for comparison.

Orders Lost or Stolen.

Sometimes it happens that orders never reach us. When customers fail to receive their plants within a reasonable time, they should inform us of the fact, and at the same time send a duplicate of their order, also stating the form of remittance and date of original order.

Use Our Order Sheet. Filling all the Blanks Carefully.

In making out your order please use the convenient Order Sheet which accompanies each Catalogue. If it is necessary to write a letter in addition, let it be on a separate sheet.

Plants by Express.

We always recommend having plants sent by express, where there are many ordered, and when there is an express office near, as we can usually send much larger plants, and do not have to wash the soil off the roots, as in the case when sent by mail. When the weather is sufficiently warm we pack all express orders in light, strong baskets (which we furnish free), having the tops exposed. Plants packed in this manner will carry nicely for a great distance, and keep for a week or ten days in a fresh condition. Purchaser pays charges.

New Low Express Rates.

We call your attention to the new low express rate, which is a reduction of 20% from the regular merchandise rate, at which plants have been expressed heretofore, and also that packages of less than 100 lbs. are billed at 100% rates.

Remember, Plants can be shipped at a lower rate than any other class of merchandise.

Plants by Mail.

When plants are ordered by mail, we prepare postage, delivering the plants free of all expense to any postoffice in the United States.

Orders for less than One Dollar will not be filled unless ten cents additional to the price of the plants be sent to pay postage. It is quite as much trouble to handle, and requires nearly as much postage, to mail a fifty cent order as it does for one or two dollars’ worth of plants.

Our Terms Are Cash With the Order.

No order sent C. O. D. unless a remittance of one-fourth of the amount of the order be made to guarantee the acceptance.

How to Remit.

POSTOFFICE ORDERS—The safest and most convenient way of transmitting money from one point to another is by means of postoffice orders; if these are lost a duplicate can easily be obtained, and there is no danger of their being stolen, for no one can obtain money on them except the person to whom they are addressed. They can be obtained at most postoffices, but not all. The fee is but 5 cents for $10.00 and under.

EXPRESS MONEY ORDERS.—If more convenient, money can be sent in this way with perfect safety, as in case the letter is lost a duplicate can be obtained if you are careful to keep your receipt.

BANK DRAFT.—These should be drawn on New York City, and made payable to the order of McGregor Brothers. We will be responsible for money sent by any of the above methods.

LOOSE MONEY—Enclosed in a letter are at the risk of the sender.

INDIVIDUAL CHECKS cannot be received in payment for plants, as it costs us 25 cents to collect them.

POSTAGE STAMPS.—These can be sent for fractional parts of one dollar, or where small notes cannot be had. When stamps are sent get 5-cent or 10-cent, if possible, as we use more of them than any other.

References.

If you have any fears that we will not perform what we promise, we refer you to the First National Bank of this city.

THE NEW ROSE

"American Belle."

A pink-colored spoor from "American Beauty," and is the grandest acquisition to the Rose family in many years. Raised by Mr. John Burtnor, of Upland Hill, one of the most successful Rose growers in the country; it has created a sensation wherever shown, and has carried first honors at the recent exhibitions in New York, Philadelphia, Boston, Chicago, Cincinnati, and elsewhere throughout the United States. Both the flower and foliage are entirely distinct from "American Beauty." The color of the flower is a deep, clear pink, almost red, without the slightest tinge of blue, even after being cut for a few days. In the bud stage the color of the flower is deeper, but as it expands the pink shade becomes pure and distinct, making it a fit companion for the "Beauty," to which beautiful variety it is an auxiliary or companion, and not a competitor. The delightful fragrance of the "Beauty," the sweetest of any Rose known, is also possessed by the "Belle" in an equal degree. Price, 35 cents each.

THE CHARMING NEW TEA ROSE,

BEAUTY INCONSTANT.

Color bright carmine red, shaded and lined with deep carmine and bright yellow. A novel and distinct Rose. The colors are variable, and often upon a single plant there are what to the casual observer would be three different varieties of Roses. The flowers are semi-double, and the buds are long, well-formed, and very desirable for cut flowers and wearing. 20 cents each. Two year plants. 30c.

THE NEW TEA ROSE,

GOLDEN CATE.

This magnificent Rose is a cross between the old, greatly admired varieties, Safiano and Cornelis Cook, and while combining the good qualities of both is vastly more beautiful than either. It is a strong, healthy grower, excellent for both bedding and house culture. Produces a profusion of long, pointed buds, opening to very large double Roses, of creamy-white, beautifully-tinted with soft yellow at the base of the broad petals, which are exquisitely bordered with clear rose. We heartily recommend it. Price, 16 cents each. Large Plants, 25 cts.

NEW HYBRID TEA ROSE,

PERNET'S TRIUMPH

A grand new Hybrid Tea Rose that has received the endorsement and commendation of the highest European authorities. The flowers, produced on long stems, are extra large, having broad, thick petals, and long, tapering buds, with delicious tea fragrance. Color a fine, clear magenta red, sometimes passing to bright crimson. Very striking and beautiful, and of such good substance that the flowers retain their beauty for a long time. A splendid new Rose, either for cut flowers or bedding. Price, 15 cents. Two year old plants. 35 cents.

NEW TEA ROSE.

(Introducer's description.) This is the first Rose that we have introduced, and we are sure that it will please all who try it. It is in color an orange-yellow, after the color of Ma Capucine, only richer and brighter. It is a good grower, has elegant, long buds, borne on long stems, and will produce more buds than any Rose we know of. It flowers easily, being at its best in mid-spring. There is no variety that will compare with it in all the qualities that go to make up the ideal Rose. The color is so peculiar and rich that it attracts attention wherever seen. Try it. Price, 30 cents each.

PERNET'S TRIUMPH

A new Hybrid Tea, with large, massive foliage, like the Hybrid Perpetual, Baroness Rothschild. The flowers are extra large, pointed buds. Color deep, rich pink, inner side of the petals deep rose. A valuable variety from the fact that it has the same hardy habit as the Hybrid Perpetual, with the ever-blooming qualities of the Tea Rose. They have not tested it in our green houses but all summer. Price, 25 cents.

NEW TEA ROSE,

MADAME ELI LAMBERT

A beautiful new Tea Rose. The colors are not particularly remarkable—scarcey unusual—but we have no hesitation in recommending it as one of the most beautiful and valuable Roses of which we have any knowledge. The flowers are extra large, fine, globular form, very full and well built up. The French description says it is the absolute perfection of form. The color is somewhat in the way of Madame de Watteville, but deeper; rich, creamy-white, faintly tinted with pale, golden-yellow, and exquisitely bordered and shaded with soft, rose-flush, exceedingly beautiful and very sweet, petals large and of good substance, constant and profuse bloomer, strong, vigorous and healthy grower—in short, a magnificent Rose in every way. Price, 15 cents each. Large plants, 25 cents.

COPYRIGHTED 1894

BY B. McGRGOR.
THE BEAUTIFUL NEW TEA ROSE

Maman Cochet.

One of the best new roses for 1895. The growth is vigorous, with rich, healthy foliage. The extra large flowers are produced on long stems, are very double, and the buds and half-expanded flowers are simply exquisite in their graceful form, delicate color, and rich fragrance. The color is deep rose-pink, the inner side of petals silverly-gray. This variety was illustrated and described in the "Journal des Roses" two years ago, and one thousand dollars was refused for the stock by the originator, Mons. Cochet. It is now introduced for the first time, and we know it will win its way with every lover of beautiful roses.

Price, for nice plants, 25 cents each.

THE NEW ROSE

* Climbing La France. *

A decided novelty in roses, and one we can strongly recommend to our customers. We give the description of the introducer:

"It is doubtful if, since the introduction of Gen. Jacqueminot and La France, there has been offered such a striking novelty in roses as the Climbing La France. The two varieties mentioned are conceded to be without a peer in their class, but the Climbing La France towers so far above all other climbing roses for the open ground that comparison is out of the question. Price, 25 cents each.

New Bourbon Rose ** **

Mrs. Paul.

It is of strong, thrifty growth, with large, glossy-green foliage and large, fine flowers, which have the requisite substance to withstand our hot, dry summers. The color is a bluish-white, usually overlaid with rosy-pink shadings. This rich, unique coloring is one of its marked characteristics, and stamps it with a distinctive charm. The outer petals are grandly recurved, forming an excellent contrast to the camellia-like inner petals. For smoothness, richness, and finish this rose is without a rival.

Price, 20 cents each; two-year plants, 35 cents each.

New American Rose

Senator McNaughton

(White Perle des Jardines.)

This fine white rose originated with Mr. Jos. Berts, of Philadelphia, as a sport from Perle, and is a grand variety. In foliage and growth, it is identical with Perle; the flowers are of the same form and size, while the color is an ivory white of great purity. This variety will prove invaluable to rose-growers, for it is of the same easy management as Perle, requiring the same temperature and treatment, and if there is a difference in freedom of bloom, it is in favor of Senator McNaughton.

Price 20 cents each; two-year plants, 40 cents each.

SPECIAL OFFER.—Full Set of these Four New Roses for 75 cents.
New Ever-Blooming Rose, CROWN PRINCESS VICTORIA, or WHITE MALMAISON.

It is a vigorous grower, with large, fine foliage, and is one of the loveliest of all Roses. The color is a pure, waxy snow-white, sometimes has a lemon tint, and is those who desire a fine double flower when fully expanded, this will meet your wants, as it is very beautiful when full blown. Certainly a grand acquisition. Resembles that grand old Rose "Malmaison" in shape and fullness. The best white Rose we have to offer. Price, 20 cents each; two-year-old plants, 40 cents each.

New Ever-Blooming Rose, STAR OF GOLD.

(kiole d'Or.) This elegant new Rose is certainly a great acquisition. Full, round flowers, of the largest size, perfectly double to the center, attains in immense clusters, blooms quickly and profusely, and besides being exceedingly beautiful is entirely distinct from all others. The color is a deep golden-yellow, with rich citron center. If you desire a large, rich, deep yellow Rose, try it. Price, 20 cents each; two-year-old plants, 40 cents each.

New Ever-Blooming Rose, CLIMBING NIPHETOS.

There never has been but one point that held that glorious old Rose Niphetos in the background, and that was the serious defect of its being a weak grower, and this defect is now remedied. We have a vigorous climbing growth, coupled with all the charms of Niphetos. It has always held the lead as being the most elegant of white Roses. The buds on well-grown specimens measure three inches in length, and are produced in the greatest profusion. Price, strong plants, 20 cents each; large two-year-old plants, 40 cents each.

New Tea Rose, MISS WENN.

This charming variety is noticed at once for exquisite color, which seems entirely distinct from almost all other Roses of our acquaintance. We call it a clear coral pink; a most novel and distinct shade of color, very difficult to describe. The French call it "China pink." It is certainly a very beautiful color, and the Rose will doubtless be greatly admired, as it is large, very double and full, and exquisitely Tea scented. Price, 15 cents: large plants, 25 cents each.

New Tea Rose, SOUV. de CLAIRVAUX.

The flowers are extra large, having a deep, full form, well built up; the buds, too, are large, long, and pointed, altogether giving an idea of luxuriant beauty that few Roses possess. The color is bright, pinkish rose, very rich and handsome, and shewing darker or lighter, according to season and temperature; when fully open the base of center is seen to be tingly shaded apricot yellow. Price, 15 cents. Large plants, 25 cents.

New Tea Rose, FURSTEN BISMARK.

A very variable-colored Rose, changing from China Rose color to cherry-red, the whole suffused with lemon. A strong, vigorous, new variety from Germany. This is a very promising variety, one of the new Roses. Price, 15 cents. Large Plants, 25 cents.

New Climbing Rose, WALTHAM QUEEN.

This splendid new ever-blooming Climbing Rose is introduced from England, where it has given great satisfaction. It is a valuable acquisition, particularly for the South and Pacific Coast, and though not entirely hardy in the North, it will probably do well in many situation in the Middle States. It is a strong grower and constant bloomer. Nothing can compare with this for beauty of bud and foliage, and it literally lavishes in its greatest profusion, a double and full, rich, red flowers of magnificent size. Price, 15 cents. Large plants, 25 cents.

Ella May.

This is a sport from that grand old variety "Sunset" which it strongly resembles only that the color is deeper and richer in Ella May even than it is in that elegant variety. The Ella May is a great favorite wherever known; the color is a rich golden amber or old gold, elegantly shaded with dark, ruddy crimson, resembling the beautiful tints seen in a Summer sunset; the flowers and buds are extra large, full, finely formed and deliciously perfumed; it is a strong vigorous grower and free bloomer, highly recommended for open ground and house culture. One of the most beautiful Roses we grow; it pleases everybody. Price, 20 cents each; two-year-old plants, 40 cents each.

New Hybrid Tea Rose.

Pierre Guilbot.

One of the finest and most valuable in the whole list. Bright, dazzling crimson, passing to brilliant carmine. Flowers large, very double and full, and highly scented. A healthy, and vigorous grower, and a constant bloomer from June until frost. The outer petals are round and decidedly recurved, showing the short, closely-set inner petals. Among the few good ever bloomers this ranks very near the front, for it is double, without a tinge of disagreeable shade, and always in bloom. We have a very large stock of these plants. Price, 20 cents each; large two-year-old plants, 40 cents each.

SPECIAL OFFER—THIS SPLENDID SET OF NINE ROSES FOR $1.40.
The Grand Old Rose,

**Malmaison.**

This grand old variety, when used as a bedding Rose in Summer, has no equal, as it produces the most perfect flowers in the hottest weather. Its rich, flesh-colored flowers are of immense size, are produced in abundance, and have the requisite form and substance to withstand our hot, dry summers.

Price. 15 cents each; large plants, 30 cents each.

* New Tea Rose *

**VALLE DE CHAMOUNIX**

The coloring of this Rose is simply exquisite. The base and back of the petals are a bright yellow, the center highly colored with glowing copper and rose, every tint clear and bright. There is never a descending voice as to its beauty.

Price. 15 cents each; large plants, 30 cents each.

**NEW CRIMSON TEA ROSE **

**MARION DINGEE.**

This grand new Rose was raised from seed of the beautiful Countess de Casserini, crossed with Duchess of Edinburg. Marion Dingee promises to be of extraordinary value. It is a strong, vigorous grower, making a handsome, graceful bush, with large, thick, deep green leaves. The flowers are large, beautifully cup-shaped, moderately full, and borne in wonderful profusion all through the growing season. In fact, we scarcely know of any other Rose that will produce so many perfect flowers in a given time, and whether in open ground or under glass it is a most constant and profuse bloomer. The flowers are borne nearly upright on long, straight stems, and are of excellent substance, having thick, leathery petals, holding their form and color a long time. The color is perhaps its most remarkable feature. It is a deep, brilliant crimson, one of the darkest, if not the very darkest, and richest colored Tea Rose in existence. Price. 15 cents; two-year plants, 30 cents.

* New Tea Rose *

**Madame Martha Du Bourg.**

One of the most beautiful of the new Roses. Habit and foliage are beautiful, denoting a ready grower; the flower is large, perfectly double, and of beautiful form; the color is creamy-white, touched with carmine or pale heliotrope on the edges; texture heavy. Price. 15 cents each; large plants, 25 cents each.

The Beautiful New Tea Rose.

Madame Pernet Duchere.

A charming new Tea Rose, canary yellow, suffused with copper; long, pointed buds on every shoot. Is a wonderful bud producer. Inclined to come somewhat single during hot weather, and when in this way is very attractive, being larger and showing their stamens more distinctly. Much finer than the famous Rugosa Roses. It is growing rapidly in favor in Europe. No other Rose compares with it in delicacy of tint. Price. 20 cents; two-year old plants, 40 cents.

**NEW TEA ROSE, **

**SOUVENIR **

**DE WOOTTEN.**

An American variety of great promise, with the following good qualities: (1) Color velvety-red, equal to Jaquemont; (2) perfume which cannot be excelled; (3) continuous flowering qualities; (4) the most prolific bloomer in existence, every shoot containing a flower bud; (5) habit exceedingly vigorous, and in foliage quite equal to the American Beauty; (6) It never makes imperfect buds, and dark weather but deepens the color, giving it a richer shade of crimson; (7) It is a full double Rose, and good in bud, half open, or fully expanded. Full open flowers frequently are six inches in diameter. Price. 20 cents each; large plants, 35 cents each.

SOUVENIR DE WOOTTEN.

SPECIAL OFFER.—This Superb Collection of Roses for 75 cents.
THE ROYAL NEW WHITE TEA ROSE,

KAI SERIN AUGUSTA VICTORIA

This beautiful Rose has not only a royal name, but is a royal Rose as well. We have White Roses that have elegant buds, but when fully blown are not all that is desired. Then again, we have White Roses that are elegant when full blown, but have poor buds. This Rose combines both these good qualities. It is a continuous bloomer, producing successive crops of buds, and formed with large petals of best substance; shows no center when fully open; color pure creamy-white. It far surpasses any other White Rose in all particulars, and has a much richer perfume. Price, 15 cts. each; large two-year-old plants, 30 cts.

NEW EVER-BLOOMING ROSE,

CLIM BING . . .

Perle Des Jardins

Few Roses have as firm a hold in popular favor and are so highly prized by the professional and amateur Rose grower alike as the Perle Des Jardins. It is not only admirably adapted for forcing, but thrives well in the open air, blooming freely in either case. Its large, full, well-formed, golden-yellow flowers, borne on stiff stems, make this variety especially desirable for bouquets and artistic floral decorations, while the dark and glaucous foliage of the plant furnishes an excellent setting for the fragrant, delicate-hued blossoms. Climbing Perle is even more vigorous and floriferous than the bush form. Climbing Perle will supersede Marchal Noll, as the bud and flower are as large and the color as deep a golden-yellow as that variety, while it is as vigorous a climber, and will produce one hundred flowers to Noll's one.

It is hardy in the South. Price, 20 cents each; large two-year-old plants, 40 cents each.

KAISERIN AUGUSTA VICTORIA.

New Tea Rose, MAD. PIERRE GUILLOT.

Moderately vigorous in growth. Flowers large and nice shape. Color orange-yellow, bordered and lined with rose-carmin, reverse of the petals, yellowish-white. A magnificent variety, and the prettiest Rose of the set. Price, 15c. each; large plants, 25c. each.

New Tea Rose, The GEM; or, "THE FAIR UNKNOWN."

The Rose is identical with Marie Van Houtte, except that it is claimed to be twice the size. Of a fine, faultless straw-yellow color, with the outer petals washed and outlined with a bright rosy crimson; occasionally the whole flower will be suffused with light pink. It grows vigorously, blooms freely, and is most deliciously scented. In cool weather it almost changes color, taking on gorgeous crimson tints. A beautiful and superb Rose. Price, 15 cents each; large plants, 25 cents.

New Tea Rose, THE QUEEN.

A most charming Tea Rose. The offspring of that fine old Rose Souvenir d'Amie, whose many good qualities it seems to possess in a remarkable degree. It is pure snow-white, makes good, finely-formed buds, is quite full, showing the center but slightly when fully open. The petals are thick and of good substance, opens well, is very sweet, and has proved valuable, both for forcing and open ground planting. We recommend it for extended trial, as it will be found a valuable acquisition to our list of pure white ever-blooming Roses. Price, 15 cents each; large plants, 25 cents.
NEW HYBRID TEA ROSE, 

THE METEOR.

A velvety-red ever-bloomer of the deepest glowing crimson, as fine as a Hybrid. Flower of medium size, very double and slightly recurving. A beautiful open Rose, a free bloomer, and a very excellent pot Rose. It has no tinge of violet or purple to mar its beauty. It is a vigorous, bushy grower, with healthy, bright foliage of the deepest green. This is unquestionably the best dark velvety-red Rose yet produced. Shade, both in bud and flower. Price, 15 cents each; large two-year-old plants 30 cents each.

TEA ROSE, MADAME WELCH.

An extra fine variety, very large, double, and of beautiful rounded form, a soft, pale yellow, sometimes cream, with short inner petals of glowing orange and copper. Not to be forgotten if once seen. Charming. Price. 10 cents each; large plants, 25 cents each.

THE GREAT NEW ROSE.

CRIMSON RAMBLER.

This superb novelty is of the Polyantha class and was originally received from Japan, and introduced into England in the Fall of 1893. We were so favorably impressed with its value, that we immediately procured plants and commenced to propagate it on a large scale.

The flowers are produced in great pyramidal panicles or trusses, each carrying from thirty to forty blooms. The individual flowers measuring about one to one and a half inches in diameter and remaining perfect on the plant for upwards of two weeks with their freshness of color unimpaired. The foliage is bright green and glossy, and contrasts finely with the bright crimson of the flowers. It is said to be exceedingly hardy, having successfully withstood the test in exposed situations of two very severe winters in England. We cannot recommend this novelty in the strongest manner as being a new Rose of great importance and value.

This Rose received Gold Medals from the National Rose Society of England, and the French Horticultural Society of France, the International Horticultural Exposition at Earl's Court, as well as numerous first-class certificates. Price, strong plants, 40 cents.

THE METEOR.

ROSE, MADAME WELCH.

SUNSET.

It is a "sport" from that grand variety Perle des Jardins, which strongly resembles perfumed. The color is a remarkable shade of rich golden amber, elegantly tinged and shaded with dark ruby copper, intensely beautiful, and resembling in color a splendid "afterglow." Sunset is a constant and profuse bloomer, and taken altogether, is one of the finest Roses recently introduced. Price, 20 cents each; large plants, 40 cents each.

SOUVENIR DE LADY ASHBURTON.

Originate of one of the famous Rose growers of Paris, France, and named in honor of a noted English lady, the wife of Lord Ashburnon, one of the most noted English diplomatists of the present time. The flowers of this superb Rose are exceedingly large and full, and of very beautiful, and can perhaps be best described as a fine shade of rich coppery red, delicately suffused with pale orange yellow; reverse of petals fies rosy fawn color. It is highly scented with the true Tea Rose order, heightened or intensified, as the French description says, with the delicate perfume of peaches and apricots. Price: 20 cents each; large two-year-old plants, 10 cents each.

New Orleans, La., March 3, 1894.

GENTLEMEN:—The plants arrived safely yesterday and I desire to thank you for your promptness and accuracy. I am more than pleased.

Yours truly,

J. H. P.
NEW HYBRID TEA, MADAME CAROLINE TESTOUT.  
Probably no Rose stands higher in public estimation today than La France, and when we say that this elegant new Rose is a close counterpart of La France we have said enough to insure its being planted by vast numbers of people. We don't know that it is any better than La France, but it is decidedly deeper and more brilliant in color, and if it is as good in other ways it is a wonderful Rose. It seems equally as healthy, and is certainly more vigorous in growth, which is a great recommendation. The petals are large, and of the elegant La France form; exquisitely edged and bordered with clear, silver rose. Both flowers and buds are extra large and of very elegant form; the color is brilliant salmon-rose, deepening at center to clear red. It is of excellent substance, keeps its color well, and its splendid, large, globular flowers impress everyone with a sense of its superiority and great beauty. Price, 20 cents each; large two-year-old plants, 40 cents each.

NEW HYBRID TEA ROSE, VISCOUNTESS FOLKESTONE.  
No Rose in our Catalogue has grown in popularity during the past year like Folkestone. It is unsurpassed among light colored varieties. It is graceful to the last degree, with strong, healthy foliage. The flower is delicately tinted flesh, almost white, and lustrous as satin. When full blown it is like a white Paony, but without a suggestion of stiffness. We have measured flowers of this variety six to eight inches in diameter. It is sweet-scented. Don't fail to include the Folkestone in your order. Price, 15 cents each; large two-year-old plants, 30 cents each.

NEW TEA ROSE.  
SOUV. DE VICTOR HUGO.  
A bright China Rose, with copper-yellow center, ends of petals suffused with carmine. A charmingly beautiful combination of coloring, as each color blends nicely with the other. This variety ranks with the best, and is a Rose of decided merit. The relationship to Duchesse de Brabant assures us of a free bloomer, and in size and length of bud equal to the best. Price, 20 cents each; large two-year-old plants, 30 cents each.

NEW TEA ROSE.  
PRINCESS BEATRICE.  
A vigorous grower, with stiff, erect wood, thick, handsome foliage, and very free flowering. Flowers well carried on long, stiff stems; large, full and of the most perfect form; petals round, broad and very thick; outside petals, pale yellow center, rich golden yellow; edge of petals lightly laced with bright rose. Price, 15 cents each; large plants, 30 cents each.

ETOILE DE LYON—STAR OF LYON.  
This magnificent Tea Rose is a rich golden-yellow, a strong, healthy and vigorous grower, immense bloomer, bearing flowers and buds early and late. The flowers are very deep, rich and full, excellent substance, very sweet. Surely one of the very best and most beautiful yellow Tea Roses for general planting ever introduced. Remarkably hardy, both as to heat and cold, frequently standing the Wilcots here unfertilized in open ground without protection, and blooming nicely all through the hottest part of the Summer. Price, 15 cents each; two-year-old plants, 30 cents each.

MD. CAROLINE TESTOUT.
NEW TEA ROSE

A beautiful new Tea. Robert in growth, but dwarf in habit. Flower very large when open, long, pointed buds, produced on long stems. Color rosy-carmine, with the color heightened in the center. Price, 15 cents each; large plants, 25 cents each.

New Golden-Yellow Tea Rose, Media.

We place this elegant Rose first in the list of new Roses for several reasons. In color it is a deep golden-yellow. There is no denying the fact that yellow and white Roses are admired by everyone, but the yellow has the more admirers of the two. The size and shape is all that can be desired, full, round flowers of the largest size, perfectly double to the center, and the fragrance is elegant. The growth is vigorous, while the foliage is of that beautiful tint of green that goes so well with yellow. If you have heretofore been disappointed in getting a yellow Rose that pleased you in particular, don’t fail to try this one, as it will not only win your favor, but retain it. Price, 15 cents each; large plants, 25 cents each.

NEW TEA ROSE

A very strong, rampant growth, not climbing. Flowers large, nicely formed, petals unusually large. Color rosy-carmine shaded with silver-yellow. Maturely delicate in its shadings. Price, 15 cents each; large plants, 30 cents.

NEW TEA ROSE

A lovely Tea Rose, medium to large size flowers; clear, bright pink or China rose, reverse of petals silver-pink; center, elegantly shaded salmon-yellow, sometimes flushed with cream; flowers finely formed, very full and double, deliciously sweet, very pretty and attractive. Price, 15 cents each; large plants, 25 cents each.

SPECIAL OFFER—THE ABOVE ELEGANT SET OF ROSES FOR $1.00.
THE PRETTY NEW TEA ROSE

\textbf{SAPPHÖ.}

Buds fawn color, suffused with rose, the opening flowers shaded yellow and tawny buff, center deep, bright yellow, large full and globular. It produces blooms with extraordinary profusion, even for a Tea Rose. The petals large and of much substance. A splendid rose to keep after being cut. We commend as being one of the prettiest and sweetest roses ever brought before the public. \textbf{Price,} 15 cents each: large plants, 90 cents each.

\textbf{New Tea Rose, SNOW FLAKE.} *

\textbf{Mrs. De Graw.}

Every one wants a Hardy Ever-Blooming Rose, and when our attention was called to this grand variety we at once took steps to procure a stock of it. Following our usual practice, we gave it a thorough trial before offering it, and we are glad to say that it has fully justified the high opinion formed of it when first seen by us. It is with the greatest pleasure, therefore, we announce to our customers that we can confidently recommend it as being equally and equally surpassing the tender sorts in the profusion of bloom. From early Summer until frost, it may be depended upon to produce flowers in abundance. In color it is a rich, glossy pink, delightfully fragrant, and is such a strong, vigorous grower that it is almost invulnerable against attacks of the insects which usually destroy some of our finest roses; thus it is certain to be useful for the garden or cemetery. A royal Rose. It has wonderfully prolific blooming qualities, and every shoot is loaded with flowers. \textbf{Price,} 20 cents each: large two-year-old plants, 40 cents each.

\textbf{New Tea Rose, PRINCESS SAGAN.}

\textbf{PEARL OF THE GARDEN.}

A strong-growing Rose with small, closely-set foliage and medium-sized flowers of the brightest scarlet and of velvety texture. A single bud or blossom will catch the eye at a great distance, so brilliant is the color. It is as free in bloom as Bon Silex, and unmatched in color, which fully atones for its lack of size. One of our customers in California says he is kept busy by people asking what rose this is.

\textbf{Price,} 15 cents each: large two-year-old plants, 30 cents each.

\textbf{New Tea Rose, CLEOPATRA.}

An extra large Rose, filled with large petals, long and somewhat pointed buds, color a soft shell-pink throughout. This magnificent Rose has received a first-class certificate from the Royal Horticultural Society of England.

\textbf{Price,} 20 cents each: two-year-old plants, 40 cents each.

\textbf{New Tea Rose, MADEMOISELLE FRANÇOISE KRUGER.}

The striking color of this handsome Rose places it at once in front as a bud producer in the open air. It is closely allied to Catharine Merton, and resembles it in everything save color. In its shades of deep coppery-yellow it stands unique and distinct from all others. The flower when open is of good size and very symmetrical.

\textbf{Price,} 15 cents each: large plants, 25 cents each.

\textbf{New Tea Rose, Marquis de Viviens.}

A beautiful new Tea Rose, blooming without cessation and growing with great freedom. Long in bud and broad when open. A bright carmine at the edge of the petals, soon changing into light rose and becoming lost in the pale yellow of the center. A bright and very showy Rose of the Ebrant section, but very highly colored.

\textbf{Price,} 15 cents each: large plants, 25 cents each.

\textbf{Pearl of the Garden}

\textbf{(Perle des Jardines.)}

The one Tea Rose which you cannot possibly do without. It has absolutely no weak point, but is a perfect and popular Rose. The color is faultless, whether the waxy petals show the rich cream tint of cool weather, or take on golden shades which a warmer sun gives them. The form of the bud is rich, rounded and luxuriant. It is only equaled in beauty by the open Rose, which is full to the center and large. It is as many, spreading plant, and is fairly rambler in growth, sending out quantities of beautiful foliage, thick, glossy and dark, every branch being tipped with the dark reddish-maroon of the young shoots, and bearing its buds high above the leaves.

\textbf{Price,} 15 cents: large plants, 25 cents each.

\textsc{ Chattanooga, Tenn., Aug. 20, 189.}

\textsc{Gentlemen:} The Roses and Chrysanthemums are doing well and I am satisfied with them in every respect. My Roses are as fine as I ever saw. Very truly,

THE FAMOUS CLIMBING ROSE

MARECHAL NEIL.

A Rose so famous as to really require no description. Its magnificent golden-yellow buds are worn the world over, they illustrate the globular form in its last perfection, and are almost massive in dimensions. The reports from Southern growers tell of single plants showing one and two thousand blooms of Marechal Neil at a time. It is almost universally held to be the finest climber for indoors or out, where the climate admits of its cultivation. This is one of the Roses that starts rather slowly, and for that reason the best success will be had with the plants priced at 25 and 50 cents, although one of our customers wrote us from Louisiana that a small ten cent Marechal Neil bought of us in the spring, made strong shoots thirty feet in height by fall. Price, nice well established plants, 10 cents; larger at 25 cents; extra large, 50 cents each.

NEW CLIMBING ROSE

Reine Olga De Wurtemburg.

A splendid Rose, and should be grown where the Marechal Neil succeeds. This variety, as grown in the south of France, is simply indescribable. The people in the South would do well to employ this beautiful sort for covering verandas and trellises. Color, a rose-carmine, suffused with yellow. Price, 15 cents: large plants, 25 cents.

New Ever-Blooming Climbing Rose, Elsie Beauvillaine.

A variety recently imported from France, which gives promise of becoming valuable, especially for southern states, where it will be entirely hardy. It is a very strong grower, and produces deep buff-colored flowers, very similar in color to the well-known Sunset. Price, 25 cents.

STRONG CRAFTED PLANTS OF MARECHAL NEIL, $1.00 EACH.
Tea Rose, Cornelia Cook.

The buds are most beautiful, of immense size, and are borne up high on massive stems, and with their round, full, heavy form, carry an air of grace and dignity quite unusual. The flowers are the clearest, snowiest white, and are arranged in the most faultless and symmetrical manner. A magnificent Rose. Price: 10 cents each; large two-year-old plants, 30 cents each.

New Red Tea Rose, Princess Hohenzollern.

A very strong, vigorous grower, with beautiful foliage dark and large; flowers very large, more than semi-double, of perfect form, often produced in clusters. Color a bright, deep, satin-red, with lighter center. Price: 15 cents each; large plants, 25 cents each.

The coloring of this Rose is simply exquisite. The base and back of the petals are a bright yellow, the center highly colored with glowing copper and rose, every tint clear and bright. There is never a dissenting voice as to its beauty. Price: 15 cents each; large plants, 30 cents each.

Tea Rose, Madame Etienne.

Rosy pink on edge of petals, shading to light rose; center sometimes a flesh white; outer petals very large and nicely arranged with smaller inner petals; large buds of fine form, and very fragrant. A most persistent bloomer. Price: 15 cents; large plants, 25 cents.

Sir: The Roses and Plants were received in beautiful order, perfectly fresh and green.

Respectfully,

Mrs. A. H. C.
THE THREE HERMOSA ROSES
FOR 30 CENTS.

NEW TEA ROSE,
The White Hermosa
(Marie Lambert.)

This is a lovely white Rose, a pure Tea, but a foreign seedling, the finest flowering white Rose we have seen. It will be especially useful in set designs. For a pot plant it cannot be excelled, as it possesses every good quality of a pot Rose. We counted on one plant one hundred and forty-three buds and flowers in a single day, and the plant was only nine months old. It can be used in place of white Carnations for set pieces at an immense saving, because it can be bloomed profitably at one dollar per one hundred buds. Not only will cover twice and three times the space in a funeral design, for instance, that a Carnation covers, but it will give greatly superior results. Try it. Price, 15 cents: large plants, 25 cents.

THE NEW
YELLOW HERMOSA ROSE,
(Coquette de Lyon.)

No Rose like it for freedom of bloom. The plant is a fine grower and carries numbers of flowers on every shoot. A fine yellow Rose, large, not at all formal, but very attractive. Called the yellow Hermosa from its free-flowering character. We do not know of any Rose that will give the satisfaction that this variety will and we heartily recommend it. Price, 15 cents.

The Old Ever-Blooming
Rose, Hermosa.

We believe the Hermosa is the best known in the entire Rose family, and a universal favorite. Hardy as a blue bush and as free-flowering as the geranium, it combines everything most desirable in a Rose. The flower is cupped, finely formed and full, color the most pleasing shade of pink, soft but deep and very fragrant. We have a large and fine stock of this standard variety. Price, 10 cents.

WHITE HERMOSA.
TWO BEAUTIFUL NEW ROSES,
BRIDE AND BRIDESMAID
FOR 25 CENTS.

WHITE TEA ROSE=×=×
THE BRIDE.

This is decidedly the most beautiful white Tea Rose. It is a sport from Catherine Mermet, with which it is identical in growth and shape of flowers. The flowers are very large and double, on long stiff stems, of fine texture and substance, and last a long time in a fresh state after being cut, making it one of the best varieties for corsage wear or bouquets. During extreme hot weather it becomes a pinkish-white, at other times a beautiful pure white. Price, 10 cents: large plants, 25 cents.

NEW TEA ROSE=×=×
BRIDESMAID.

Here we have a new Rose, a sport from that old standby, Catherine Mermet. This new variety retains all the good qualities of the parent, besides adding charms not possessed by the sweet Mermet. We know that Catherine Mermet takes precedence as a pink Rose. More plants of it are cultivated by the amateur, and more cut blooms is sold by the flower dealer than any pink Rose. Why? Because the buds are of exquisite shape and contour, so soft and firm, and the stems are so long and stiff that no other Rose will compare with it in keeping qualities after being cut. It is always a shade deeper in color, just enough to make it bright; and it is the same color all the time under every condition of weather and surroundings. We have a good stock of this valuable Rose, and offer it with confidence. Price, 20 cents each; large two-year-old, 35 cents.
NEW ROSE,  "CHAMPION OF THE WORLD."

This is an all around good qualities the greatest Ever-Blooming Rose in cultivation, especially for Winter blooming. It is the champion bloomer. It commences to bloom as soon as potted from the propagating bench, and continues in the greatest profusion all the time, both Summer and Winter. It is claimed that one plant of it will produce more flowers during the year than ten plants of any Tea Rose. It is always in full bloom. Plants which have bloomed all Summer in the garden may be potted in the Autumn, and they will immediately start new growth, and bloom profusely all Winter in any window. The blossoms are perfectly double to the center, and of the most perfect shape, both in bud and bloom, while its color is a degree of loveliness which few roses can equal, being a rich, deep, rosy pink, darker and richer than Hermes, and a shade the delicate richness of which is seldom seen. Its size is very large for an ever-blooming, often as large and fine as La France, or the best Hybrid Perpetual. For Winter blooming this Rose surpasses all others. It will flourish and bloom profusely where all other sorts fail, and is just what has long been wanted, a fine, free flowering Rose for window culture during Winter which will succeed every one. Price, 20 cents each; large two-year-old plants, 50 cents each.

NEW TEA ROSE, SOUV. de VICTOR HUGO.

A bright China Rose, with coppery-yellow center, ends of petals suffused with carmine. A charmingly beautiful combination of coloring, and each color blends nicely with the other. The variety ranks with the best, and is a Rose of decided merit. The relationship to Duchesse de Brabant assures us of a free bloomer, and in size and length of bud equal to the best Tea. Of decided merit. Price, 15 cents each; large, two-year-old plants, 30 cents each.

New Tea Rose, THE WABAN.

A most valuable Rose. It can be described as a real Mermet. It is a sport from Catherine Mermet, and identical with it except in color, which is a rich, deep, bright pink, retaining its color in the darkest cloudy weather. It has received the silver medal of the Massachusetts Horticultural Society, and a certificate of merit from the Pennsylvania Horticultural Society, where it has been exhibited as an extra fine new Rose. Price, 15 cents each; large plants, 35 cents each.

New Tea Rose, VISCOMTESSE de WAUTIER.

Rosy yellow upon the exterior of the petals, rosy white in the interior. The center is a dark rose, and this color is often faded into the lighter shades above, producing a charming effect. A grand Rose. Price, 15 cents each; large, two-year-old plants, 30 cents each.

THE GREAT NEW HYBRID TEA ROSE.

AMERICAN BEAUTY.

This new Rose, of American introduction, has attained the greatest popularity in the shortest time and created the greatest excitement of any Rose ever offered in this country, and this without any special attempt to advertise it, the introducers relying on its great value, which is apparent at a glance. It belongs to the hardy perpetual class, but it blooms almost as constantly as the Tea. There is no doubt but that it is a good Rose for outdoor culture. It is a strong, vigorous grower, and a very fine bloomer. The buds are extra large, very full and double, and exceedingly sweet. The color is a dark, rich crimson, and most exquisitely shaded. The flowers are very lasting after cutting, keeping fresh and bright from one to three weeks. Price, 20 cents each; two-year-old plants, 40 cents each.

COUNTESS ANNA THUN.

A strong, bushy grower, with flowers freely produced on short, stiff stems; shows the characteristics of a good beider. It is of immense size, and of the most lovely and perfect form imaginable. Color a beautiful citron yellow, with coppery and peach center, shading to orange-salmon and silvery-pink, the color blending nicely. Price, 15 cents each; large, two-year-old plants, 40 cents each.

New Tea Rose, JEANNE CUILLAUMEZ.

A very vigorous grower. Flowers large and double, of good form, with beautiful long buds. Color clear red, touched with salmon; center coppery-red, with pale silvery shading. Rose has a certificate from the Lyons Horticultural Society. Price, 15 cents each; large, two-year-old plants, 30 cents each.
A PAGE OF
LA FRANCE ROSES

The Four Beautiful and Distinct Varieties for
50 Cents. Large Two-Year Size, $1.

WHITE LA FRANCE.

(AUGUSTINE GUINNOSEAU)

HERE we have a beauty indeed, one we can recom-
mand to all, whether for out-door culture or for
pots in the house in Winter. If you were to ask us to
select six of the very finest Roses for you, we should
be sure to include it in the six. Do you know La
France? If so, you know this
elegant new Rose. It is identi-
cal with La France, except the
color. It is pearly white, some-
times tinted with fawn. We
predict for it far more popu-
larity than La France ever at-
tained. Don't fail to get this
new Rose. Price, 15 cents:
large size, 30 cents.

STRIPED

La France

Madame Angélique Veysset.

Everybody knows the beau-
tiful La France—a Rose that
has always had such a ready sale that the
demand has never been fully met. Stri-
ped La France combines all the good
qualities of La France
in growth, frag-
rance, shape of bud
and flower; in fact,
differs from it except
in two points. First,
it is finer in bloom
than the parent; sec-
ond, it is nicely stri-
ped, the marking be-
ing plain and dis-
tinct, the variegation
a beautiful bright
rose on a satin-pink
ground. This Rose
has received several
certificates of merit,
as shown before the
Rose Societies of this
country as well as Eu-
rope.

Price, 10 cents:
large size, 30 cents.

THE RED LA FRANCE OR DUCHESS OF ALBANY.

Pink La France.

We have always given this the first place—the Queen of Roses.
Accounts come to us from all quarters every year describing the
great
proliferation of its bloom from June until frost, and extolling its
fragrance and immense size. It is ld-superb form, and double as a Rose
can be. No variety can surpass it in delicate coloring—silvery rose
shades, with pink. It has a satin sheen over all its petals. It is most
universally regarded as the most useful of Roses, for it is hearty be-
yond question. It blooms continuously. The flower is large, finely
built, endures for a great length of time, is exquisitely colored, and
fragrant in the highest degree. Another Rose of which one cannot
have too many. Price, 10 cents; large size, 30 cents.

The Red La France.

(Or Duchess of Albany.)

We have no hesitancy whatever in saying to our customers that
this Rose stands at the head of all Roses, not excepting La France.
What we wish to impress is the fact that as a Rose for all purposes it
has no peer. It is identical with La France, excepting in three points.
Those are: a more vigorous growth, a larger and more expanded
flower, and a deep, even pink in color; not shaded, but what is called
a solid color. Ladies prefer it on account of its beautiful color to any
other Rose for personal adornment, as it shows up well against either
light or dark dress goods to a charming advantage. The growth of the
plant is exceedingly vigorous, and the flowers, which are thrown up
well above the foliage, are produced in extraordinary profusion, the
plant being covered with handsome flowers. You will make no mis-
take to plant this Rose largely. Price, 15 cts.; large size, 30 cts.
NEW HYBRID TEA ROSE,

Madame Schwaller.

Like Puritan this Rose has the strong, firm growth of the Hybrid Perpetuals, the same form and finish of flowers, being especially beautiful when full blown. It is very free in bloom, and has the fragrance of the old June Roses. The color is a bright rosy flesh, paler at the base of the petals and deepening on the edges. Apt to come in clusters, which are excellent for cutting. A Rose from which we hear very flattering reports from all directions. This grand Rose has more perfume than any that we offer. Try it. It is magnificent. Price, 15 cents each; large, two-year-old plants, 30 cents each.

NEW TEA ROSE,

LOUISA de la RIVE;

This elegant new Rose has been thoroughly tested and has given great satisfaction: it is a robust grower and a constant and a profuse bloomer; the color is soft rosy blush, delicately shaded with salmon and fawn; the flowers are quite large, very full and delightfully sweet. Price, 15 cents each; large plants, 25 cents each.

The Grand Red Tea Rose.

PAPA CONTIER.

A Red Tea, of fine crimson shade and silken texture, (as distinct from velvety texture.) The bud is of fine size and graceful form. Extremely free, both in growth and bloom. Very long and beautifully leaved, stems can be cut; the foliage being very dark and heavy. One of the best, and a perfect bedding. Price, 15 cents each; large plants, 25 cents each.

CLOTHILDE SOUPERT.

The Superb New Ever-Growing Rose.

CLOTHILDE SOUPERT.

This Rose originated with Messrs. Soupert & Noblet, of Luxembourg, Belgium. It is a strong, vigorous grower. The flowers are large, double and beautiful in form, with the style of the beautiful Rose "Ball of Snow." The flowers are borne in sprays and the color blends from a soft shell pink to a pure satiny white. Roses with both of these colors are produced on the same plant at the same time. This Rose is destined to take high rank as a pot Rose for bedding purposes, and with the increased taste for Roses in clustered sprays will be profitable as a cut flower. No other Rose approaches it in flower qualifications, not even the grand old Hermosa. Price, 15 cents each; large plants, 25 cents each.

New Tea Rose, Luciole.

A new French Tea Rose of much more than ordinary merit, very bright carmine rose, tinted and shaded with saffron, the base of the petals being copper yellow, with reverse a rosy bronze, large, pointed, very double and very sweet-scented; flower stem roughened like a Moss Rose, the coloring is entirely new and very brilliant. The open red Rose reminds one of a ripe red peach. Certainly no Rose equals this in its delightful coloring and size of buds. Price, 20 cents each; large two-year-old plants, 49 cents each.

SPECIAL OFFER—This Lovely Set of Roses for 65 Cents.
New Tea Rose — Madame Etienne.

One of the very finest clear pink Tea Roses. The form of the flower is quite similar to that of Beatrice — that is, the petals recurve, giving it the shape of a Camellia. The texture is heavy, and the color is a warm, yet delicate pink, slightly deeper on the edge of the petal. A very beautiful variety, and free in bloom than Catherine Mermet. This Rose is styled the dwarf Mermet by the French growers. Price, 15c. each; large two-year-old plants, 25c. each.

The Rare Bourbon Rose — Red Malmaison.

(Souvenir de La Malmaison à Periere Rouges.) This beautiful Rose is identical with Souvenir de La Malmaison except in color, which is a clear, deep, rich scarlet. A grand and handsome Rose in every respect. Price, 15 cents each; large plants, 30 cents each.

A charmingly beautiful Tea Rose of more than usual merit. Color primrose yellow, with rose shadings. Deliciously sweet scented, and very unique in the size and shape of its buds. As this belongs to Countess de la Barthe section, its freedom of bloom is at once settled. Price, 15 cents each; large plants, 25 cents each.

One of the most elegant Roses ever our pleasure to behold. Strong, vigorous grower. Color a porcelain rose, elegantly shaded with vinous crimson, a decided color, but never quite obscuring the ground of beautiful yellow upon which it rests. The colors seem to stand out separate and distinct. Very sweet. A veritable beauty. Price, 15 cents each; large two-year-old plants, 30 cents each.

Niphetos.

This still holds the lead as being the most elegant, white Rose. The buds are three inches long. It is positively startling in size and purity, and is always scarce. Price. 15 cents each; two-year-old plants, 30 cents each.

Madame Isaac Periere.

One of the best Roses we have. Very hardy, and a constant bloomer. It has large, beautiful foliage, and is a vigorous grower. The flowers are bohemian carnations, and bloom throughout the season. Price, 15 cents each; large plants, 25 cents.

New Tea Rose — Prof. Caniviat.

Vigorous in growth and free in bloom. Flower double, and of good form, of the color of Souvenir Therese Levée. Price, 15 cents each; large plants, 25 cents.

Christine de Noeu.

(The Famous Papa Gouthes.) This beautiful new red Tea is a very charming Rose, and promises to be one of the best of recent introductions. It is particularly valuable because red has been a very scarce color among Tea Roses, and this one seems exceptionally fine. It is a splendid grower, making a large-sized, graceful bush, with bright, deep green foliage. A constant and very free bloomer. Price, 15 cents; large, two-year plants, 35 cents.

LARGE ROSES.

Will purchase any of the Roses mentioned in this list. This low price does not signify an inferior article, but all are of superior quality, being grown with special reference to mailing, and are equal in every respect to those you pay double the amount for. They are all grown at a low temperature, not being forced a particle, it being our aim to send out nothing but strong, well established plants, such as will give general satisfaction. We would like to have our list of Roses carefully examined, as it is, without doubt, the equal of any in the country. You may select Fifteen Choice Ever-Blooming Roses from this list for only $1.00.

Gentlemen: I received my Roses five days after you shipped them, in perfect order. I can now see how you can sell such fine plants for so little money. Respectfully,
TWO FINE HARDY ROSES.

KING SWEDEN

THE BLACK ROSE.

This wonderful new Hybrid Perpetual Rose was raised in France. It is an extra strong, vigorous grower; flowers large and double, and of the darkest velvety crimson-black color yet seen in any Rose. It is very sweet scented and of perfect shape, and the richest colored sort yet introduced. It blooms when very small. Fine plants, 25 cents each; extra large plants, 50 cents each.

VICK'S CAPRICE

This grand novelty is a true Hybrid Perpetual Rose, being a sport from the H. P. Rose Archduchesse d'Autriche, therefore perfectly hardy. We esteem this one of its greatest advantages, as it may be grown to perfection by the amateur equally as well as by the professional florist. The flowers are large, ground color, soft satiny pink, distinctly striped and dashed with carmine. It is beautiful in the bud form, being quite long and pointed, also showing the stripes and markings to great advantage, making it a valuable and desirable article for cutting. The price at which we offer this wonderful novelty is remarkably low. Price, 20 cents each; large two-year-old plants, 40 cents each.

NEW YELLOW HARDY ROSE,

CLOIRE LYONNAISE.

This grand Rose is the only yellow Hybrid Perpetual we have. It cannot be called deep yellow, but rather a pale shade of chamois or salmon yellow, deepest at center, sometimes passing to rich creamy-white, finely tinted orange and fawn. The flowers have all the beauty of Tea Roses, and are large and full and delightfully sweet. Price, 20 cents each; large two-year-old plants, 40 cents each.

THE Beautiful Hardy Ever-Blooming Rose,

“DR. REYMONT.”

This fine, hardy, ever-blooming sort was obtained by crossing the well-known General Jacquemenot and the Rosa Polyantha, or Multiflora. With such good parentage it is needless to say that the progeny is excellent. It inherits the hardiness and splendid crimson colored flowers of the General Jacquemont—the are but little reduced in size—with the profuse blooming qualities of the Polyantha class, thus combining the two qualities most desired in a garden Rose. Bear in mind that this Rose is entirely hardy, ever-blooming and delightfully fragrant. Price, 20 cents each; large two-year-old plants, 40 cents each.

SPECIAL OFFER—THESE FOUR SPLENDID NEW HARDY ROSES FOR 75c. TWO-YEAR-OLD SIZE, $1.50.
The Best All Round Hardy Rose

**PAUL NEYRON.**

Deep, shining rose, very fresh and pretty. Flowers large, often measuring five inches in diameter, and it has this merit—though very large, the buds always develop fine, perfect Roses. It is, moreover, a good, strong grower, with nice, almost thornless stems, which often attain six to seven feet in a single season. We know of no Rose possessing so many good points to recommend itself as the Paul Neyron. Grown by thousands in the eastern cities for its good, free-blooming qualities. Price, 15c. each; large two-year-old plants, 40c. each.

**NEW HARDY ROSE **

**COMPTÉ DE PARIS.**

A new Rose of great promise, bright, vivid, poppy-crimson when first opening, becoming darker and delicately shaded with violet as the flowers expand. Very large and full, petals of good substance and very sweet. A magnificent Rose. Price, 15 cents each; large two-year-old plants, 30 cents each.

**SPECIAL OFFER—The Four Roses Above for 50 Cents.**
THE CEMETERY COLLECTION OF SIX PURE WHITE HARDY ROSES

Persons who wish a small bed of hardy, pure white Roses, suitable for Cemetery or other purposes, will find this list just what is wanted—good, vigorous growers and constant bloomers. They are quite hardy, but should have a covering of leaves or litter during Winter when convenient.

"BALL OF SNOW."  
(DOUBLE DE NEIGE.)

In the "Ball of Snow" we have a Rose of large size which is perfectly double, exquisitely fragrant, pure white color and entirely hardy. invaluable for cemetery or other planting where white flowers are desired, as it blooms freely all Summer. Price, 20 cents each; large plants, 35 cents each.

COQUETTE DES ALPS.

Large, white flower, occasionally shaded with bright pink. A constant bloomer, bearing its flowers in clusters. A fine flower. Price, 15 cents each; large plants, 25 cents each.

Perfection des Blanches.

A finely formed, pure white Rose, occasionally shows a light flesh when first opening; beautiful shell-shaped petals evenly arranged. Flowers of good size and of fine form and finish. One of the finest, freest and most beautiful of the white Hybrids. Price, 15 cents each; large plants, 25 cents each.

Coquette des Blanches.

A finely formed, pure white Rose; occasionally shows light flesh when first opening, beautiful shell-shaped petals evenly arranged. Flowers of good size, perfect, and of fine form and finish. One of the finest, freest and most beautiful of the white Hybrids. Price, 15 cents each; large plants, 25 cents each.

Madame Alfred de Rougement.

A strong, vigorous grower, begins to bloom at once, and continues until stopped by severe freezing. Pure snow-white flowers, finely tinged and clouded with pale rose blush. Large, full and double, and borne in large clusters. Fragrant and good. Price, 15 cents each; large plants, 25 cents each.

The Beautiful Ever-Blooming Cemetery Collection, Costing 95 cents, for 75 cents; Large Plants, $1.25.

Two Exceptionally Fine Hardy, Perpetual Blooming Roses.

Madame Charles Wood.

A true perpetual bloomer. Begins to bloom almost as soon as planted, and continues all through the season. The flowers are extra large, very double and full, and quite fragrant. Color a very very scarlet, passing to fine, rose pinkish, elegantly shaded with maroon. Very showy and bodasone, and one of the best Roses ever introduced for general planting. Price, 20 cents each; two-year-old plants, 45 cents each.

HARDY, PERPETUAL, BLOOMING ROSE.

Captain Christy.

The flowers are of magnificent form, very double, and stand erect in their martial bearing. Color a fresh, delicate pink, with deeper shading in the center of the flower, the whole flower possessing a bright, satiny appearance. A desirable variety. Certainly the most beautiful of this color we grow. It is a free bloomer. Price, 20 cents each; large two-year-old plants, 40 cents each.

SPECIAL OFFER.—These Two Splendid Roses for 35 cents; Two-Year Plants, for 75 cents.
THE DINSMORE HARDY SET OF NEW ROSES

FOR GENERAL PLANTING.

NEW HARDY

EVER-BLOOMING ROSE,

DINSMORE.

We quote the introducer’s description: “For years we have been looking for a variety which had all the desirable qualities of a bedding Rose—that is, one which was of good color, fine form, a profuse bloomer, and which would stand the rigor of our Northern Winters without protection; and we can con- 
sidently say, that until the ‘Dinsmore’ was produced there was none, to our knowledge, which combined all these qualities. It is a vigorous, hardy Rose, of dwarf, branching habit, and is simply loaded with flowers all Summer long, being even more profuse than most of the tender ever-blooming’ Roses. The flowers are large, perfectly double, and of a 
dazzling, scarlet crimson color, and have the rich, 
spicy fragrance peculiar to the best Hybrid Roses. We have proved the ‘Dinsmore’ to be entirely hardy, and can recommend it as being the finest garden Rose ever of- 
fered. Remember, it is entirely hardy, blooms incess- 
anty, and is one of the most beautifull of all bedding 
Roses. Price, 20 cts. each; large plants, 35 cts. each.

This Unsurpassed Set of New Hardy Roses, costing $1.25, for $1.00; large plants, $2.00.

THE FIVE NEAREST BLACK HARDY ROSES.

The Set of Five for 75 Cents. No Further Discount on This Offer.

JEAN LIBAUD.

This is one of the very darkest of all Roses; the flowers are large, full and fragrantly scented. The color is very rich, deep, velvety crimson imaginable; very rare and handsome, and always greatly admired. Price, 20 cents each; large plants, 35 cents each.

BARI DE BONSTETTEN.

Splendid large flowers; very double, and full; color rich, dark red, passing to deep velvety maroon; highly scented and beautiful. Price, 25 cents each; two-year-old plants, 50 cents each.

PIERRE NOTTING.

A superb Hybrid Perpetual Rose. Very dark, blackish red, richly shaded with dark violet crimson. Extra large, full flowers, delightfully perfumed. Good, bushy habit. A hardy and vigorous grower and free bloomer. One of the very best dark Roses. Price, 20 cents each; two-year-old plants, 40 cents each.

ANTOINE QUIHON.

Extra large flowers; full compact and regular form color rich violet crimson, elegantly tinted and shaded with maroon red. A free bloomer and very sweet. Price, 25 cents each; two-year-old plants, 40 cents each.

PRICE CAMILLE DE ROHAN.

Very dark, rich, velvety crimson, passing to intense mar- 
on, shaded black. Large, full flowers, looking, at a little distance, as if really black. Very handsome. Price, 20 cents each; two-year-old plants, 40 cents each.

PRINCE CAMILLE DE ROHAN.

GRACE OF PARIS.—Brilliant crimson, sometimes shaded with bright maroon, long pointed buds, and large, finely-formed compact flowers, very full and sweet. Price, 25 cents each; large plants, 35 cents each.}

Francois Level,—This is undoubtedly one of the most beautiful of all Roses; it is 
elegantly formed, very full and double, and the color is 
very distinct and handsome. Price, 25 cents each; large plants, 35 cents each.

Gloire de Margottin.—This grand new Hybrid Perpetual Rose originated in Europe, 
and is believed to be one of the finest varieties in recent years. The flowers are very large and of symmetrical form, somewhat globular, very full and deliciously scented. The color is clear, 
dazzling red, certainly one of the most brilliant Roses ever seen. It is a free bloomer and 
vigorous grower, and is recommended for great beauty and wonderful color. Price, 25 cents each; large 
plants, 35 cents each.

If you wish the nearest black Hardy Hybrid Perpetual 
Roses, you should order the varieties named below. They 
are the darkest of any, and exceedingly beautiful.
GENERAL COLLECTION

* HARDY * ROSES. *

Price, 10 cents each, except where noted.

When you plant Hybrid Perpetuals you may be quite certain of having Roses every year without further trouble. Though called Perpetuals, it must be understood that they are not such early and constant bloomers as the Ever-Blooming Roses. The Hybrid Perpetual should not be ordered for home culture, as they are not suitable for that purpose. They will grow and thrive as well as the others, but they are not so certain to bloom.

Two-Year-Old Large Hybrids.

We have a good stock of Hybrid Roses of the larger size, to $1.00 a piece. We have put the price low, and are sure they will give you more satisfaction for the amount expended on them than anything you can buy in the plant line.

We offer these Large Roses at 25 cents each; half, for $1.00; Smaller Size, five for $1.00; Six Beautiful Varieties, our selection, for $10 cents, except where noted.

Anna des Diesbach—A lovely shade of carmine, very large double flower.

Alfred Colcomb—Extra large, round flowers, double and full. Color clear cherry red, passing to bright, rich crimson.

Antoine Verdié—Hybrid Tea. Bright silver rose, shaded rich carmine, flowers very freely the entire season.

Anna Alexieff—A very fine Rose. Large size, very double, full and regular. Color a clear rosy pink, changing to brilliant carmine.

Augustie Mie—A clear, bright pink, very large and finely cupped, fragrant and good.

Charles Lelebvre—A splendid Rose. Large, full, thick petals, beautifully formed, dark crimson in color.

Baron Prevost—Beautiful pure white rose, shaded with crimson.

Chesnut Hybrid—Deep purplish crimson, fine flower, sweet-scented.

Carolina de Sansgal—Clear brilliant rose, merging into rosy lilac, edged with bronze.

Climbing Jules Margottin—A sport of Jules Margottin; color carmine rose, fine in open flower bud; a vigorous grower.

Duke of Edinburgh—Dark velvety maroon, full, regular form, very handsome and fragrant.

Doctor Hogg—Deep, violet crimson, richly shaded with maroon, shell-shaped petals, full, compact form, very double and desirable.

Fisher Holmes—Dark, rich scarlet, elegantly shaded with deep, velvety-crimson, very beautiful, extra large, full flowers, fragrant. 25 cents each.

General Washington—Rosy carmine, unusually glossy and brilliant, double and well-formed. 15 cents.

Giant of Battles—Brilliant crimson, large, very double and sweet. Is of splendid Autumn bloomer.

Gen. Jacqueminot—Bright crimson scarlet, exceedingly rich and velvety. The buds are exceedingly fine when expanded; flowers are beautiful, and fairly glow with rich, deep coloring. A strong, healthy grower and free bloomer.

Glory of Paris—A brilliant crimson, sometimes shaded with bright maroon, long, pointed buds, and large, finely-formed, compact flowers, very full and sweet.

Jules Margottin—Bright, clear cherry red, large and very double. A magnificent Rose.

John Hopper—Rich rose with carmine center; large and full; a free blooming sort.

Lous Van Houte—Crimson maroon, full, globular form, free blooming; a decidedly crimson sort.

La Reine—Beautiful clear bright Rose, fine full form, very fragrant. Well named "The Queen."

Lady Emily Peel—A charming Rose; medium size and full form; very sweet, color white, sometimes tinged with blush.

Madame Alfred de Rougemon—A pure white delicately shaded and tinged with rose.

Marie Baumann—An excellent Rose, very large, full and fragrant; color rich, ruddy red, clinging to lovely scarlet maroon.

Magna Charta—A splendid Rose, extra large, full flowers; very double and sweet; color rosy red, beautifully flushed with violet crimson. Recommended as one of the best Roses of its class.

Marie Radiguet—Vermillion red, shaded with crimson, large and full, globular form, very fragrant.

Mad. Plantier—Not a true Hybrid Perpetual. Blooms only in the Spring, but at that time it is literally covered with pure white, perfectly double, fragrant flowers, which hang on for a long time. Makes large, dense bushes. As hardy as an oak. A beautiful cemetery Rose.

Mad. Mason—Extra size, very showy and fragrant; color beautiful lilac, shaded and tinged with soft, rosy crimson.

Mad. Chas. Wood—The most conspicuous bloomer among the true Hybrid Perpetuals, flowering all through the season. Rosy-crimson, sometimes darker, and double to the center.

Marshall P. Wilder—Bright cherry carmine, fragrant, of vigorous growth. 15 cents.

Monsieur E. Y. Teas—A very beautiful and satisfactory Rose. Color a rich, glowing crimson, very bright and striking. Large, round flowers, of perfect form, very full and sweet.

Perfection des Blanches—A finely formed, pure white Rose, occasionally shows a light flesh when first opening.

Paul Neyron—Deep shining Rose, very fresh and pretty. Flowers large, often measuring five inches in diameter, and it has this merit—though very large the buds always develop fine, perfect Roses 15 cents.

Prince Albert—A beautiful bright crimson, very large, extra fine, full and fragrant.

Pierre Notting—A most beautiful dark Rose. The color is a deep rich crimson, shading to velvety-maroon, very large, fine, globular form, and highly scented.

Silver Queen—Silver blush, shaded in the center with delicate rosy pink; distinct and fine. Large, full, and of finely cupped form; flowers produced in great abundance, every shoot being crowned with a bud. A vigorous grower. 20 cents.

Triumph des Beaux Arts—Metallic rose, blazed with scarlet, large, very fragrant and full. Splendid.

Victor Verdié—Rich cherry-rose, shaded with carmine, a very attractive color.

Xavier Olibo—Very deep rich crimson, large flowers, moderately full. A superb Rose.
The Famous Mary Washington Hardy Climbing Rose.

This famous old Rose was newly introduced to the public last year. The Introducer gives the following interesting account of its origin and history. He says; "It is a historic fact that one hundred years ago George Washington, the greatest and most honored American that ever lived, raised in his garden at Mount Vernon a seedling rose, which proved to be a hardy, perpetual blooming climber, producing large double snow-white blossoms in great profusion from June until frost. In this lovely Rose our first President took special delight, and named it after his mother, Mary Washington. The original bush can yet be seen growing in the grounds where its world-famed master planted it in his garden at Mount Vernon. It is a strange thing that this most valuable of all Roses has stood a hundred years without ever being propagated or finding its way to the public, yet it is a fact that we are the first to offer as New, the Old American Rose, the first and finest of its class, and raised and named by him 'who was first in peace, first in war, and first in the hearts of his countrymen.' We may well plant and cherish the Rose which our great Washington left us as the truest and best emblem of our remembrance and appreciation of his greatness. We hope in time to see it trailing over the door or gateway of every home in the land, and aside from the fact that this Rose was raised and named by George Washington, it is one of the most valuable sorts that has been introduced for many years. A hardy perpetual blooming climber has long been needed. Its flowers are medium sized, pure white, perfectly double to the center, sweet, and borne in endless numbers all summer. It is a vigorous and rapid grower, and must at once become a general favorite. It makes a great profusion of fine buds, which are borne on long stems and usually in large clusters. Price, nice strong plants, 15 cents each, two for 25 cents; large two-year-old plants, 25 cents each.

HARDY CLIMBING PRAIRIE ROSES.

CLIMBING ROSES are valuable for trailing over ornamental arbors, trellises, pillars, verandahs, etc., also for covering unsightly objects, as old buildings, fences and walls. In many positions they are objects of rare beauty, and are highly esteemed. The varieties given below are hardy and succeed well in any section of the country. In the South many varieties of the ever-blooming Roses are used as climbers. Price, 10 cents each; three for 25 cents. your selection. The full set of nine varieties for 60 cents. Large two-year-old plants, 20 cents each; six for $1.00.

Baltimore Belle.

Pale blush, variegated carmine, rose and white, very double. Flowers in beautiful clusters.

Caroline Goodrich, or Running General Jacqueminot.

This new hardy climbing Rose has finely formed flowers, very double, and its fragrance is most delicious. The color is the same as that of General Jacqueminot. It makes a growth of from twelve to fifteen feet in a season.

Creville, or Seven Sisters.

Flowers in large clusters. It varies in color from white to crimson.

Cem of the Prairies.

The flowers large and double, light crimson, sometimes blotted white.

Mrs. Cunnell.

Soft, rose blush, becoming almost white; large clusters, full and double. Much admired.

Pride of Washington.

Brilliant amaranth, shaded rose center; large clusters, very double and fine.

Prairie Queen.

The flowers are very large and of peculiar globular form. Bright rose-red, changing to lighter as the flower opens. Of very strong, rapid growth.

Russell's Cottage.

Dark, velvety-crimson, very double and full; a profuse bloomer; strong grower; desirable.

Tennessee Belle.

Flowers bright, beautiful pink. Is more slender and graceful in growth than either of the other varieties.

The*Gem Rose Collection.*

A Large Bed of Fine Ever-Blooming Roses for $1.00.

For $1.00 we will send, by mail, postpaid, to any postoffice, the "Gem Collection," comprising twenty beautiful ever-blooming Roses, in twenty different varieties, each one labeled and carefully selected to suit your locality. If you want beautiful Rose beds all summer, plant this set. If there is no room in the front yard, plant in the garden, which is a capital place to grow Roses for flowers. In ordering please say "The Gem Rose Collection."
**OUR BEAUTIFUL NEW MOSS ROSES.**

*Especially admired for the beautiful moss covering. Moss Rose is at present growing in increasing favor, as it is perfectly hardy and therefore perfectly suitable for out-door culture in open ground. Most varieties bloom but once in the season, and usually not in the first year, but the flowers and buds are very handsome, remain in bloom a long time, and are highly prized wherever beautiful flowers are known. They like rich ground and are much improved in beauty and fragrance by liberal manuring and good cultivation, but they bear hardships and neglect well and bloom profusely. Being difficult and slow of propagation, the price is higher than for other Roses.

Price, except where noted: 20 cents each, six for $1.00. We have large two-year plants for immediate effect, at 35 cents each three for $1.00.

**Alphelis Purpurea**—Deep, rich velvety-crimson, large, fine form, well covered with moss.

**Elizabeth Rose**—Bright, satin-pink, large and double, fragrant and finely mossaed.

**Glory of Moses**—A magnificent Moss Rose, extra large and perfectly double; color deep rosy-carmine, shaded purplish; very mossy and fragrant; one of the finest. Price, 25 cents each.

**“Perpetual White” Moss Rose**—One of the most mossy varieties, prettiest in bud, the flowers are medium size and borne in clusters, fragrant but not very double; color a pure white. Price, 25 cents each.

**Henry Martin**—Rich glossy pink, elegantly tinged with crimson; large globular flowers; very full and sweet; finely mossaed.

**John Cranston**—Viollet-red; very fine, strong grower; very desirable.

**White Bath**—Extra fine, large, very full and delightfully fragrant; color pure white; sometimes delicately tinted with rosy blush; elegantly mossaed and very beautiful.

**Perpetual Moss Rose, Blanche Moreau**—New, and highly recommended. Flowers are produced in clusters, and are large, full and sweet. The color is pure, white, and flowers and buds have an abundance of deep green moss. Price, 25 cents each.

---

**MOSS ROSE HENRY MARTIN.**

---

**Polyantha, or Fairy Roses.**

Price, 10 cents each; three, your selection, for 25 cents; two-year plants. 25 cents each.

**Notice.**—We cordially recommend these exquisite Ever-blooming Fairy Roses. They are of shrubby, compact growth, bloom profusely all through the season, and are very desirable for bedding, as well as for edging, borders, etc. They are moderately hardy but should have a covering of leaves or litter just before Winter begins.

**Little Pet**—As it opens the bud appears of bluish color, but it is soon seen that it is only upon the back of the outer row of petals, the other portion of the rose being pure white.

**Mignonette**—A lovely Fairy Rose, full, regular flowers, perfectly double and delicately perfumed. Its color is a clear, delicate rose, with a frequent and peculiar intermingling of white that makes its appearance still more antique and pleasing.

**Paquerette**—The flowers are pure white, about one inch in diameter, flowering in clusters of from five to fifty blooms. Very full, prettily formed, recalling blossoms of the double flowering cherry, and fully equals the globular Primrose in profusion of bloom.

**Mademoiselle Cecil Brunner**—The flowers are of a salmon-pink, with deep salmon center, large in large clusters and delicately perfumed. Splendid borderer.

**George Pernet**—A strong growing dwarf variety, forming a perfect round bush. It is continually in bloom, the flowers being quite large for this class; the color is bright rose with tinges of yellow, and passes to peach-blow with silver-white shadeings.

**Minature**—This is the smallest of all Roses, but perfect form, regular, compact, fairy-like flowers, fully double and very fragrant. Flowers in clusters and clusters, almost covering the whole plant; color cream rose, flushed peachy red.

**Perle D’Or**—Beautiful light yellowish salmon, deeper in the center, with small white edge. Blooms in clusters, medium size, of fine form and texture, petals are slightly lubricated and overlap each other, giving the flowers a very double appearance.

**Gloire des Polyanthes**—A beautiful dwarf variety, with quite small flowers, which are prettily cupped. A real “Fairy Rose.” The color is a bright pink, with a red ray through each petal; quite distinguishable.

**Bianch Rebalat.** (The new Crimson Flowering Polyantha.)—Plant vigorous, but compact in growth. It blooms constantly and profusely during the whole season, and in color is entirely distinct from all other Polyanthas. It blooms in large clusters, bearing from thirty to forty flowers on each shoot; color deep crimson, flushed with rose.
This new Geranium, without doubt, is the finest that has ever been offered, came from France in a lot of fine sorts, and is supposed to be a sport from the scarlet Geranium, Athlete.

It being so intense in color, such a wonderful bloomer and strong grower that it was kept separate and styled "The Wonder," from the fact that every one who saw it pronounced it wonderful.

The artist has copied exactly in size, an ordinary truss. The flowers are the most intense, dazzling scarlet, and are borne in trusses of enormous size, measuring from 18 to 20 inches in circumference of single florets measuring 7 inches in circumference. The foliage is fine, and rich in color, and in strong contrast to the brilliant scarlet flowers. As a pot plant or a bedding Geranium, it has no equal. Price, 20 cents each: 12 for $2.00.

**SPECIAL OFFER—These Three Wonderful Geraniums for 50 Cents.**

In the White Swan we have the finest double white Geranium ever introduced, and unlike other double white Geraniums, it is suitable for bedding, and flowers as profusely as the best single varieties. It is a dwarf, compact-growing plant with handsome foliage, of a light, healthy green. The perfect double flowers are unsurpassed for cut flowers. They are borne in large trusses, and are spotted, snowy-white, retaining their pure whiteness even in the heat of Summer. In the Fall the plants can be taken in the house, where they will again bloom profusely. One hundred and four trusses and buds have been counted upon a single exhibition plant. The White Swan will astonish all who grow it. Price, 10 cents each: 3 for 25 cents; 100 for $5.00 by express.

New Double Bruant Geranium, THEOCRITAE.

A distinct new Geranium of the large-flowered Bruant race, producing very large semi-double flowers of the most beautiful and unique form, borne in immense trusses, the individual florets, the largest of the semi-double varieties. Its coloring is simply without an equal, a soft, tender rose with violet shadings, entirely distinct from any other variety in coloring. Another characteristic of this new Geranium is its heavy, dense foliage, nearly monopod, and stands our hot sun admirably, and for bedding, is without a rival. Price, 15 cents each: 4 for 50 cents.

CENTAUR

The new Mammoth Centaur Double Geranium is the best large flowering double pink Geranium in cultivation. Any one seeing a specimen truss can not fail to become enthusiastic over it, pronouncing it the largest and finest Geranium in cultivation. The new Centaur is remarkable for its stout, rufous growth, and for its immense masses of bloom. The foliage is very large, and of a rich green color, with a band of darker green encircling each leaf. The flowers are borne on bold trusses of enormous size, almost spherical, and as many as sixty florets have been counted on a single truss. The color is the richest deep pink, shading near the base of the petals to light pink, the base of the upper petals creamy-white. In most large flowering Geraniums, when in full flower, the center of the truss is faded while new florets are coming into bloom around the circumference, but in the Centaur most of the florets bloom at once, and when in full bloom the truss is almost a spherical ball of rich, glowing pink. Price, 20 cents each; three for 50 cents.

McGregor Bros.

GALVESTON, TEXAS, OCT. 31ST, 1894.

Sirs—Plants and bulbs received on the 29th inst in fine order. Many thanks for the discount.

Respectfully,

MRS. A. H. C.

No one who has not seen this lovely pink Geranium as it is grown in the fields and borders of the Northern parks can imagine the beauty that lies in a flower of that color. Of a deep rose, rather than pink, but fresh and bright, the blossoms are perfect in form and borne well and clear above the foliage. The long beds of it seen in the Chicago parks, with their edgings of "Golden Bedder" Coleus, formed the most beautiful Geranium planting we have ever seen, and the combination is delightful. It stands the sun perfectly, and is, in our opinion, the finest double variety of any color for massing, when a delicate and artistic effect is desired. Price, 15 cents; 4 for 60c.

THE LOVELY DOUBLE PINK GERANIUM, * *
EMILE DE GIRARDIN.
The Greatest of all Geraniums, * * *

BRUANT.

The Giant among Geraniums. We consider this the best bedding Geranium of all varieties. The plant rebounds in vigor; foliage strong, striking and of perfect habit. Color of the flower is a bright vermilion red of most pleasing shade. The flowers are absolutely perfect in shape, color and make-up; trusses exceptionally large, and borne in immense spherical balls, often measuring eight inches in diameter. It makes a compact, dense growth, and has all the qualities that go to make the perfect bedding plant. Fine also in pots. It is of the semi-double type, the most striking of all, only the double form takes place near the base of the petals, allowing them free development, and at the same time showing the semi-double type. It embodies all the advantages of both types, the perfect development and free blooming qualities of the singles, the fullness and beauty of the doubles, without their great fault of having the florets damp and drop off and become unsightly when planted outside. We have an immense stock of this variety. Try a dozen or more of this beautiful Geranium in a bed or clump, and it will delight you the summer through with its handsome foliage and pleasing color. Price, 10 cents each; three for 25 cents; twelve for $1.00; one hundred for $5, by express.

DOUBLE SCARLET GERANIUM,

FIRE BRAND.

Color dazzling flame scarlet, fine, prominent truss, flowers large and of great substance, an excellent bedder and pot plant. For planting in masses we have seen none to equal it. Another thing in its favor, it takes fewer plants from its sturdy branching habit to give effect. Price, 15 cents each; four for 50 cents.

DOUBLE GERANIUM, * * *

GLOIRE DE FRANCE.

Large, round florets, of waxy appearance, colors Carmine and white, with Carmine center, each petal delicately edged with Carmine. An excellent pot variety, to which its habit is finely suited. It is one of the prettiest Geraniums we know. This is the most beautiful of the parti-colored Geraniums, which appear so bewitching to the eye. The very brightest color imaginable. 15 cents each; four for 50 cents.

The New French

* * PEACH BLOSSOM

Geranium Set.

The greatest novelty in new Geraniums that has appeared for a number of years is undoubtedly Souvenir de Mirande. It is entirely distinct from any other variety shown, and is quite different from the usual marked varieties that have from time to time made their appearance. It has round florets, upper petals cream white with a distinct rosy-pink border, lower petals salmon-rose, streaked with pure white. A most novel color. It is extremely free flowering, and produces fine trusses of its magnificent blooms. Price, 10 cents.

JEANNE DE ARC.

Of the Sou. de Miranda type; very free flowering, even more so than Miranda. Color very distinct and attractive, being a bright orange red, the two upper petals bledished and feathered pure white to more than half their length. Price, 15 cents.

M. V. NOULENS.

May be described as a scarlet Miranda. It is a magnificent variety of large size, and of the most brilliant combination of clear white with scarlet border. Price, 15 cents each.

SET OF THREE PEACH BLOSSOM GERANIUMS FOR 30 CENTS.
Marguerite de Layres.

MARGUERITE DE LAYRES.

We have a most beautiful pure white zonal in this splendid variety. It seems as though Messrs. Brunet and Lemoine were running a race on the single white Geraniums; for in this and the variety La Vestale of Lemoine, we have two superb varieties for this year. There is little choice between the two, but if anything La Vestale perhaps leads for the open ground, whilst Marguerite de Layres is the finest pot culture. Price, 1.5 cents each; two for 25 cents; five for 50 cents; twelve for one dollar.

THE FINEST DOUBLE WHITE FOR BEDDING OR CEMETERY PLANTING,

LA FAVORITE

In this new Geranium, introduced last year, we believe we have the finest double white Geranium in cultivation. The single Geraniums are valuable for bedding, and present a beautiful effect in massing, but can not be used for cut flowers on account of the petals falling. On the other hand, most of the double varieties of Geraniums are useful for cut flowers. In La Favorite we have a pure, double, white Geranium, as free-flowering as the single varieties, and which can be used for planting in beds, for furnishing a supply of beautiful white flowers for vases, etc., or for pot culture for Winter forcing. It is a dwarf, compact-growing variety, the foliage is a bright, healthy green, with a hand of darker green encircling each leaf. The flowers are borne in large trusses, of the purest snow-white, retaining this pure whiteness even in the height of summer, and for Winter blooming it can be never excelled. While "White Swan" is a beautiful variety, yet La Favorite is quite in advance of it. Do not fail to add this charming variety to your collection. Price, 10 cents each, or $1.00 per dozen; $5.00 per hundred, by express.

GOLDEN TRIO.

CLOTH OF COLD.

Artists in color who have for the past two seasons seen it in flower declare it to be of rich, golden orange shade, of the most brilliant hue—we need not add another word as to its color. The flowers are of the largest size, most perfectly shaped, in large trusses, opening freely at all seasons. The habit and growth is as free and robust as in any other variety. It is well marked in character and distinctness. Price, 15 cents each.

BED OF COLD.

Those who have tried such Geraniums as Progressive and Golden Dawn will find this variety far in advance of all other existing kinds of orange scarlet. It is of a rich, golden orange shade, its large trusses opening freely, the habit being as free and robust as that of any other variety. Price, 15 cents each.

GILDED COLD.

In this variety we have combined all the qualities that enter into a Geranium of the first order. It is a strong, vigorous grower, profuse bloomer, finely formed trusses of the largest size, borne well above a luxuriant foliage. In color it stands unequalled, being an intense yellowish orange scarlet, though by no means yellow, yet with a decided yellowish cast. Price, 10 cents each.

One Each of the Golden Trio, 30 Cents.

Honover, Wis., Feb. 27, 1884.

Yours truly,

E. J. S.

OUR SPLENDID NEW IVY GERANIUMS.

New Double White Ivy Geranium.

"Joan of Arc."

This is one of the most beautiful plants that it has been our privilege to offer. The flowers are perfectly double, white as snow, and literally cover the plant when in full bloom. The foliage is extremely handsome, the deep green, glossy green leaves making a most effective background for the great cluster of snow-white flowers. Price, 20 cents each.

New Double Pink Ivy Geranium.

La Rosaire.

This is certainly the finest and most showy of the Ivy leaf varieties. Flowers very large and perfectly double, making a lovely rosebud shape; color rich cherry shade and exceedingly attractive. Plant is a strong, rapid grower, and sure to give satisfaction. A novelty that should certainly be in your plant order. Price, 20 cents each.

GLOIRE DE LORRAINE.

A charming variety, having large, showy clusters of rosetted flowers, color a bright cherry crimson, with a silvery blue sheen, producing a delightful changeable effect. Under side of each petal white with delicate cherry pink markings. The flowers are even larger than the well-known P. Crosy. It makes a strong healthy growth of firm glossy foliage, making a beautiful contrast to the abundant blooms. 20 cents each.

Bastien Le Page.

This is the most beautiful variety of the Ivy leaf class. The flowers are very double, full and perfect in form; color rich carmine and lake. The plant is a strong, free grower, producing flowers at every joint. Price, 20 cents.

SOUV. CHAS. TURNER.

One of the handomest Ivy Geraniums ever introduced. Floras 6 inches, in trusses 6 inches across. The color is a deep bright pink, approaching scarlet in color; the upper petals feathered maroon. Quite double. Awarded numerous certificates. Price, 20 cents each.

THE BEAUTIFUL VARIEGATED SILVER-LEAVED IVY GERANIUM.

Le Elegante.

This variety, always scarce, has brilliant green foliage, with a creamy-white hand, sometimes changing to pink. Pure white flowers. Price, 20 cents each.

Velan.

Large trusses of large flower, semidouble, very bright orange carmine; plant free flowering. A most magnificent variety.
New Double Scarlet Ivy Geranium, **PETER CROZY**.

Grand Hybrid between the Zonales and Ivies, having the foliage of the former, but very heavy in texture, and while the forms of truss and florets are found only among the Ivies, the color is soft bright scarlet with veining of maroon; a most distinct and pleasing variety, being the nearest approach to a scarlet yet introduced; habit of plant very dwarf and compact, and one of the most prolific flowering sorts in existence. **Price, 20 cents each.**

**GOLDEN BRONZE**

Geraniums.

Price, your selection, 10 cents each; three for 25 cents; seven for 50 cents.

Bronze Bedder—Foliage bright golden yellow, with a broad zone of a deep chestnut brown, scarlet blossoms. This variety stands the sun exceedingly well.

Black Douglas—Golden yellow, with broad red zone, pink flowers.

Chieftain—Fine, showy foliage, having a golden disc, surrounded by a wide, broad zone.

Crystal Palace Gem—Broad, golden-yellow margin, with a central disc of green, dwarf and free.

Distinction—Very peculiar leaf markings, not bronzy; the leaves are enriched near the edge with a very narrow zone of deep black.

Exquisite—Large chocolate zone, large, golden-yellow center; edges variegated, flowers salmon.

Fanny—Golden-yellow foliage, with a bright red zone, large trusses of charming peach colored blossoms. Extra.

Marshall McMahon—Golden Yellow, with a zone of dark chocolate, fine, large foliage, a splendid bedder.

Prince Henry—Center of the leaf rich yellow, zone very broad and of a rich dark color.

Zulu—Bright yellow leaf, with very deep chocolate, almost black zone; decidedly the finest of the class.

PETER CROZY.

**THREE SPLENDID FOLIAGED GERANIUMS**

FOR OUT-DOOR PLANTING.

Mountain of Snow—The finest of this class, a vigorous grower, an abundant bloomer, and for ribbon lines of massing is one of the best. The center of the leaf is bright green, the outer margin broadly marked with silver white. One of the whitest leaved sorts, flowers bright scarlet. This variety is largely used for edgings around beds of flowering Geraniums, and also beds of Coleus, making a charming contrast. **Price, 10 cents each.**

Mad. Sallerai—A very compact and fine variety of Silver Geranium, very fine for massing or bordering, a thrifty, healthful grower, rarely reaching a height of more than six inches. Leaves very small, of a peculiar clear green, edged with pure white. **Price, 10 cents each.**

Happy Thought—A tricolor Geranium with very dark green foliage, having a light, creamy, almost white center, with a dark zone. Flowers bright scarlet. **Price, 15 cents.**

The Set of Three for 30 cents.

New Double-Flowered, Silver-Leaved GERANIUM, Mrs. Parker.

In this beautiful variety we have the only double flowering variety in the silver-leaved section. While the foliage is deep green, with a broad border and margin of pure snow-white, the flowers is perfectly double, and of a clear, bright pink. In color it is an exact counterpart of that grand variety Centaur. The foliage and flower together make it one of the most unique and beautiful plants lately introduced. **Price, 20 cents each; six for $1.00.**

Golden Tricolor GERANIUMS

Price, 25 cents each; Set of six, $1.00.

Glen Eyre Beauty—Bright chocolate zone, banded with rosy carmine, pure white margin.

Mrs. Pollock—Bright bronze red zone, banded with crimson and edged with golden-yellow.

Mrs. Cuthan—Rich bronze zone, tinted with carmine and shaded to rose, delicate crimson-white margin.

Prince Silverwings—A beautiful variety, foliage green, yellow and white edge, crimson zone.

Sunset—A broad, golden belt, overlaid with a bright carmine-red zone and flame-scarlet tips.

Sir Robert Napier—The broadest and darkest zone, inlaid with brilliant scarlet, flesh-colored flowers.

Mrs. W. R. H.
PELARGONIUMS, OR LADY WASHINGTON GERANIUMS.

PELARGONIUMS

Round

Lady Washington Geraniums.

There are more commonly known as Lady Washington Geraniums. The flowers have deep blotches on the upper petals and bright spots on the lower ones. When in bloom during the months of May and June they are very beautiful and ornamental, either as pot plants or in the garden. Although their time of blooming is short, their great beauty while in flower makes them very desirable. We offer a number of the newest varieties. Their beautiful veins and markings are so hard to describe we can only refer you to the illustration to give you some idea of them. Price, fine distinct named kinds, 20 cents each; six beautiful varieties for $1.00.

THREE BEAUTIFUL NEW VARIETIES

New Ever-Blooming Pelargonium.

FREDDIE DORNER.

We consider this to be one of the most desirable house plants grown. It is a perpetual blooming variety, usually commencing to bloom in December or January, and continuing throughout the Spring and Summer. The throat and edges of the petals are pure white, each shaded towards the center with rich, carmine pink, with a glowing crimson blotch on each. We have always been unable to supply the demand, but now have a fine stock of plants to offer. Price, 25 cents each.

New Pelargonium.

CRIMSON KING.

A grand sort. One of the finest ever introduced on account of its perpetual blooming qualities and as easy to take care of as a common Geranium. Large individual flowers of a brilliant crimson, beautifully marked and veined; fine handsome foliage and sturdy growth. We would heartily recommend this variety. Price, 25 cents each.

New Pelargonium.

VICTOR.

No words can express the beauty of this blooming variety. The flowers are bright cherry red, with white at the base of each petal; the two upper petals are dark crimson maroon. The flowers are of immense size and very freely produced. A grand variety. Price, 25 cents each.

The Two Latest Novelties, The New

DOUBLE PELARGONIUMS.

Double White Novelty Pelargonium.

Mrs. Robert Sandiford.

This grand double white variety is one of the finest novelties of the year. The flower is of large size, well doubled, beautifully frilled along the edges of the petals, and of glistening snowy white-color. Price, 35c.

The Charming Double Pink Variety.

MME. THIEBAUT.

A delicate pink, beautifully frimbriated, semi-double. These two varieties, the first of their class, will be a wonder to look upon, and all flower lovers will take the first opportunity of purchasing them.

We offer nice plants, ready to bloom, at 35 cents each, or the two varieties for 60 cents.

Sirs: McGregor Brothers, Florists, Springfield, Ohio.

I am delighted with the plants received yesterday, especially the Pelargoniums, they are such nice strong plants.

MRS. T. L. McC.
Chrysanthemums

A Selection of the Best of the Newer Varieties.

PRICE, TEN CENTS EACH.

W. G. Hewitt.—Pure white with long drooping petals from the outer rows, center petals upright; very informal in arrangement, of large size; the foliage extends up the stem quite to the receptacle and acts as a support for the reflexed petals, broadening the flower very much in effect.

W. N. Rudd.—Color, pale lavender pink of pleasing shade. The petals are very long, the outer ones drooping, and all are of the curiously notched formation seen in Elkshorn; of more than medium size and of most exquisite finish; a good, free grower. Perfectly double; a fine cut flower variety.

Harry Balsley.—Very beautiful, unrivaled in color, being the ideal pink, very desirable for florists use.

A. T. Cuming.—Color, creamy white, heavily banded and pencilled in carmine pink; petals very thick, broad and flat, with nicely rounded tips; flat or slightly reflexed, central petals upright, perfectly double, large and of fine form, very free in growth and bloom.

Ada Spaulding.—Also known as "Mrs. Harrison's Cup," a striking variety. Lower half pink, the upper half shading to white.

Coronet.—Richest golden-yellow, incurring to center, occasional crimson stripes on inner side of petals; size immense.

Excellent.—Very soft pink, resembling the color of the Menthe Rose; very large flat flower, slightly drooping and very double.

E. G. Hill.—Immense bloom of brightest golden-yellow; full.

Miss Minnie Wansamaker.—Flowers of very large size, creamy white, encircling from first opening to finish, when it appears like a large snow-white ball.

Minnie C. Stewart.—Clear, bright gold-yellow, extra large and double. Petals broad and flat. Winner of silver cup of Indianapolis.

Leopard.—(New Spotted.) The ground color is a deep shade of carmine, irregularly splashed and spotted with pure white, entirely different from anything else.

Mrs. Lewis Child's Medelia.—A perfect, compact globe of golden-yellow, petals upright, of heavy texture, and like unopened quills, of strong constitution.

Elkshorn.—An extra large incurved flower of soft pink color. After incurring towards the center, the petals, which are nearly tubular, rise, and from the tips the three gracefully formed branches are upward.

Mrs. T. J. Emeirs.—Deep blood-red on upper surface of the petals, under side old gold. A very large incurved flower of splendid shape.

W. H. Lincoln.—A magnificent and immense full double flower, with slightly incurved petals. The color is pure, golden-yellow. Received the Appleton Silver medal at Boston.

Anna M. Weybrecht.—A magnificent Chinese variety of purest snow-white petals, solid, broad and firm; of strong habit. Awarded silver medal by Pennsylvania Horticultural Society.

Ernest Agius.—Flowers of massive size, plumed and reflected. The color is a rich, chrome-shaded amber, each petal having a line of pure down the center. The habit of the plant is perfection, quite early.

Molly Bawn.—Those acquainted with the well-known variety Syringa, will need no praise for its sport. "Molly Bawn." It has been grown now two years, which shows its color to be fixed, of the finest white, immense size and very double, long petals, having a peculiar manner of twisting or curling; as a distinct variety it stands alone.

Ohio Sisters.—A new and distinct variety, of immense size and double petals, center petals incurved, outer petals reflexed, has been awarded the first prize at Philadelphia, the highest prize ever given a single flower, and is one of the finest that has ever been grown. It is a very double, large flowering plant, with a magnificent habit. The petals are double, reflexed and incurved, and the plant is very showy, and well worth the attention of the grower.

Mrs. I. D. Sailor.—Took the Sailor prize at Philadelphia. A flower of the largest size, finely incurving with broad, shape-pointed petals; a strong grower, producing heavy flower-stands; the color is soft shell-pink, touched with lemon on the extreme tips of petals.

Lily Bates.—Very large, perfectly double, bright, rich pink, petals broad and flat, new and distinct form. Winner of the Pitcher cup, certificate at Indianapolis, and medal at American Institute.

Flora Hill.—What Widower is among Yellows, Flora Hill is among Whites. The finish of the flower is exquisite. It is of splendid size and heavy texture, outer petals horizontal or recurving. The creamy center is perfectly full and incurved. It is a good, clean grower with fine constitution.

Lillian B. Bird.—This beautiful and unique variety is of an exquisite shrimp pink in color, producing flowers which often measure fourteen inches in diameter, long, tubular petals of perfect form when fully open, being an immense half globe. This variety has taken prize wherever exhibited.

Anna J. Sprague.—Quite distinct from any variety of its color. The flowers are very large, having widely spreading, reflexed petals. Color, white, lined and mottled with rosy pink; plant of fine habit; flowers borne on long stems.

Viola Rose.—A grand variety. Exceedingly free; of perfect form A beauty combination of violet and rose in color.

Marguerite Jaffords.—A fine spherical flower of bright amber color, of most rich and pleasing shade. One of the notabilities of the year, having secured the Whilden prize at Philadelphia.

Miss Mary Weightman.—A magnificent and very distinct chrome yellow, in form loose and featherly, but large and full.

Mrs. R. D'Oily Carte.—Flowers of medium size, incurving so as not to show the center when fully expanded. This is one of the purest pink shades yet seen in the Chrysanthemum.

McGregor Brothers, Florists, Springfield, Ohio.

Gentlemen:—Chrysanthemums came this morning in good condition, and a very nice lot of plants they are too.

Truly,

S. W. B.
The Great International Prize Chrysanthemums

Price, 20 cts. each. Full Set of Six, $1.

THE NEW RED

Chrysanthemum,

GEORGE W. CHILDS.

No Chrysanthemum created such a sensation as did this, when exhibited at Orange, N. J., and Philadelphia, last year. The flowers are of massive size, relieved, with broad, stiff petals, color deep, rich, velvety crimson, with no shade of brown or chestnut. Flowers borne on strong, stiff stems. The foliage resembles Callington, but is much heavier and darker. They close close to the flowers, which gives the plant an elegant appearance. It is a fine, strong, clear grower. It was awarded the J. R. Pitcher Esq., gold medal at Orange, N. J.; the silver medal by Pennsylvania Horticultural Society; the medal of excellence, American Institute. It was exhibited at Indianapolis this year over eight inches in diameter. No chrysanthemum can compare with it for color, size of flower and growth.

INTER-OCEAN.

Owing to somewhat limited quantity, this variety could only be staged at Chicago, where the vase of six blooms took first premium for best any color.

This is a grand novelty of the general type of V. Morel, from which it is a seedling. The color is a delightful, glistening, pearl white, with light suffusion of pink. Petals of great substance, recurving, forming a flower one-third larger than the usual V. Morel. The stems are very stiff, the foliage extremely handsome, and carried close to the flower.

BEAU IDEAL.

According to our judgment this variety is as good as any of the foregoing, or we should not offer it here, as this year we had decided to list only those sorts that are away above high water mark. Beau Ideal is a bright rose pink, without touch of lavender shading. The form is a somewhat flat incurved, the outer petals horizontal, showing a lighter shade. The petals are broad and of good substance, flower of fine size, stem stiff, foliage first-rate. A good grower; everything that can be desired as a cut flower. We know of no variety that will compare with it in purity and brightness of tone, while in size and general make-up it is as good as the best.

THE NEW YELLOW

Chrysanthemum,

Eugene Dailedouze.

We consider this the crowning glory of the year in new Chrysanthemums. Everyone wants a grand yellow—large, full, double, glowing in color, stiff stem and good foliage, and above all, a fine, easy grower—and here it is in Dailedouze.

There is nothing brighter or clearer among yellows; the center is folded close, like Klotz, the outer petals are broad and incurving, and of great substance. It is full to the last degree, of great depth, and perfect in form. The beautiful Rockwood vase for best twenty blooms on long stems was won by E. G. Hill with vase of E. Dailedouze. Without question it was the finest vase of bloom in the show. It was an easy winner. Also, Columbia Medal at Chicago, best yellow; Blue prize, at Philadelphia, best yellow; first premium at New York, best yellow.

ABRAHAM LINCOLN.

This magnificent new variety is of a rich cream color; the petals are trumpet-shaped, with Elkshorn tips, and are arranged to form a perfect half ball, one of the largest among Chrysanthemums, totally distinct, and of the grandest build. A half dwarf—stocky, strong grower. A sensational variety, and is sure to please, being of a new type.

CHALLENGE.

The great golden globe Chrysanth, "Challenge", is a late variety, being in full perfection November 25th to 30th. Before that time the center florets have not taken on their true character, although it is in grand condition throughout the month. The flower is a perfect globe of gold, which finally shows a pointed center. The color is bright yellow, the form quite as deep as wide, the stem very strong, foliage extra good, and a somewhat dwarf grower. Needs hardly any tying up. The long looked-for ideal yellow, both for exhibition and commercial purposes.

CHIN HANG CHINESE IVY

THE QUEEN

This superb Chrysanthemum won the first prize at the Madison Square Flower Show as well as all other eastern exhibitions, and made a clean sweep of it in the West. This grand double white is of the largest size and of great substance. Very rounded in form, incurving, and full, as well as wonderfully robust in its growth. So far is it in the lead of all white Chrysanthemums. Price, 15cts. cents.

**Yellow Queen**—(May.) The finest very early variety ever introduced, having been cut for the past two seasons in fine condition on the 10th of October. Very large, clear bright yellow with extra stout stem and foliage; the plants averaging two and a half feet high, it also develops its flowers to perfection in open air without protection. Awarded certificate of merit at New York show, 1892, the blooms at that time having been kept in the cellar for two weeks. Best as crown buds. Price, 15 cents each.

Pres. Wm. H. Smith—Color of Daybreak variation, a pure self pink; very heavy in substance, on stiff stem; very free in growth and also free in propagation; the form of the flower is very beautiful in all its stages; it opens with a center incursing in a circle enclosed in broad outer petals. It gradually assumes the true Japanese form, rounded and deep, and this gradually changes to the informal reflected; perfectly double. Price, 15 cents each.

Amber Queen—Soft amber with deeper shadings; of exquisite form and very full; petals reflexing till the depth is wonderful, while the center is still finely rounded. Of fine, free habit, and of easy cultivation. A Chinese reflected variety of good size for the section. Price, 15 cents each.

Ivory—Unexcelled for pot culture or cutting; pure white flower of exquisite form and finish. Has been shown in grand shape at all recent exhibitions; it is especially noticeable for its round globular form, its diaphanous petals and absolute purity of color. Price, 10 cents each.

THE GREAT COLUMBIAN NOVELTY.

Mrs. E. G. Hill.

Specimens of this fine new early pink Chrysanthemum were prized upon by the judges at the World’s Fair October 16, and the exhibitor was awarded a medal and diploma, the points noted in the latter being earliness, size, form, color and vigor of growth. It is a seedling from Puritan and Mrs. Alpheus Hardy, and has the fine form of the latter variety, but the color is a beautiful pearly pink. Flowers were sent to this office at the same time, and they were certainly magnificent blooms, the best we have ever seen at this season of the year. Each of the blooms was over four feet in length and clothed with handsome foliage.—American Florist.

Chicago Notes.—Quite a sensation has been caused by the new early pink, Mrs. E. G. Hill, grown by E. G. Hill, of Richmond, Ind. A limited number of these flowers have been received this week; they are very much admired, and are really the only good pink now obtainable. The flower is very large, incurved, color when fully open a clear pearly pink.—American Florist.

This Superb New Chrysanthemeum, 25 Cents Each; five for $1.00.

Our World-Renowned Chrysanthemum Prize Set. Think of It! 20 Prize Winners in all colors and forms for $1.00, Postage Paid. No Discount from this offer.
THE FAMOUS "OSTRICH PLUME" SET.

OSRITCH PLUME

The New White Ostrich Plume Chrysanthemum.

Enfant des Deux Mondes.
(Child of two Worlds.) A greatly improved Mrs. A. Hardy. Pure white. This grand white sport from L. Bohmer was well received, having many admirers at the shows. Like the parent it is a strong grower of good habit, and is considered the best white of the hairy type, and well deserves a prominent place in any set of this peculiar style of the Chrysanthemum. Price, 20 cents.

NEW ROSY-BLUSH "OSTRICH PLUME" VARIETY.

Wm. Falconer.
The color is an exquisite shade of rosy blush, changing to a delicate flesh pink, as the flowers advance in age. The delicacy of tinting is without a parallel in any class of flowers within our knowledge. The soft feathery growth peculiar to the "Ostrich Plume" class is even more pronounced than in any of its predecessors, and in this variety it has an additional charm. The growth referred to is usually a shade lighter than the body of the flower—the effect produced being as if a soft tined lace-like web or veil was thrown over the blooms; a unique and beautiful addition to its appearance. Price, 20 cents.

The New Pure White, Sweet-Scented Ostrich Plume Chrysanthemum.

MISS ANNIE MANDA.

Flowers very high and compact, perfectly double, incurved, of the parent white. The numerous petals are well furnished with long glandular hair-like out-growths, giving the flower a unique appearance, far surpassing the celebrated Mrs. Alpheus Hardy. The plant is a strong and vigorous habit, carrying the flowers erect on a stout stem. Another recommendation is that the flower is sweet-scented. Price, 20 cents each.

CHRYSANTHEMUM.

The New Golden-Yellow Ostrich Plume Chrysanthemum.

W. A. Manda.
The finest Ostrich Plume variety of this color. The flowers are very large, of a clear golden-yellow—the hairy growth being much more fully developed than in the older varieties of this type. It is a much better pot or specimen plant, having a number of flowers on the tallest plants. The plant is of vigorous growth, and the flowers are borne upright on a stout stem. Price, 15 cents each.

The Pink Ostrich Plume Chrysanthemum.

LOUIS BOEMER.
The "Louis Beckner" has the same wonderful hair-like growth or excrescence that appeared for the first time in the white variety, "Mrs. Alpheus Hardy," but it differs from it in color, having a most beautiful shade of lavender-pink, shaded with silver-pink on the ends of the petals. The flowers are splendidly incurved, the inside of the petals are a deep rose, so that the contrast between their inner and outer surface is decided, and adds greatly to the appearance of the flowers. For evening wear the "Louis Beckner" will be sure to be in demand, as its color under gaslight is a soft, pleasing pink. Price, 15 cents each.

The White Orange Plume Chrysanthemum.

MRS. ALPHEUS HARDY.

No other Chrysanthemum has created a sensation wherever shown as has this most wonderful variety. The flowers are very large, of thick substance, perfect shape, and belong to the incurved Japanese section, while the color is of the parent white. It is of immense size, broad petals, and incurved, the surface being downy, like loose piled plush. The entire flower stems frosted with glittering white. Price 15 cents each.

The Full Set of Six Varieties Ostrich Plume Chrysanthemums for 75cts.
Price, 8 Cents Each, Except where Noted; Twenty Sorts, of Our Selection, will be Mailed to Any Address for $1.00.

*STANDARD LIST OF THE BEST VARIETIES OF RECENT DATE*

**GENTLEMEN:**

My plants came today in fine condition, and the best I ever received. Indeed, they are just splendid.

**MRS. F. P.**

---

Anna Hartshorne—A magnificent variety, with large pure white flowers.

Clara Bieman—A rich lavender rose in color, shading to silvery rose, with a white center.

Carrie Denny—Clear amber, distinct from anything in cultivation.

Ernst Asmus—Flowers of massive size. The color is of a rich chocolate shaded amber.

Elmer D. Smith—The color is cardinal red, of a very rich, pleasing shade, faced upon the back of the petals with clear channels.

G. P. Rawson—Rich buff, with distinct center, petals of bright mauve and apricot color.

Henry Cannell—One of the best yellows. Comes in large golden balls.

Mrs. Langtry—Snow-white in color, with broad bands of ribbon petals.

Golden Wight—Large perfect showy flower, with broad, long, flat petals of rich orange yellow; flowers of immense size.

Wooten—The flowers are pure white, large and globular, with stiff, spreading petals in fine order.

Thomas H. Spaulding—A very brilliant and effectively colored variety; flowers very large, of a rich crimson, with golden yellow tips.

Mrs. D. D. Farson—Size immense, solid and compact; color bright, vermilion pink, changing to pure white; cup shaped; center outer edge extending some distance beyond the ball form. Medal of Excellence at American Institute.

Mrs. Kendall—A fine Japanese flower with compact center. Color rich Japanese red; reverse of petals copper brass, shading to gold from base to tips.

Chas. Canfield—Extra large and full, double incurved, bloom of orange yellow; petals long, thin and globular, and silvery pink.

Mrs. Oliver Laughton—A very large; finely incurved flower. The inner parts of the petals are rose purple, with silvery rose shadings.

Pepper—Large, double, color ivory colored; flowers large and globular; the petals are broad and nearly erect, the colors being white, clouded with deep rose and tipped with buff.

Golden Dragon—Yellow; long tubular petals; good exhibition variety.

Granada—Size large to petals a rich wine red; reverse silvery pink on first opening. Petals have a peculiar manner of twisting.

Shasta—Long, pure white tubular or needle-like petals; dwarf habit, a decided improvement on Mrs. Cleveland.

Mad. C. Auquier—Deep pink shaded mauve; very large flowers; a grand variety for cut exhibition.

L. C. Chapman—A most exquisite white, absolutely pure. The flower is quite regular in form, very large and flat.

President Harrison—An immense cupped flower; outside petals salmon colored; inside petals bright red. Enormous, free and distinct.

Mr. A. Blanc—Center of droset erect; outer petals horizontal drooping, of rose lavender, center soft clear rose, with a touch of gold in center.

Leopard—(New Spotted) —The ground color is a deep shade of carmine, irregularly splashed and spotted with pure white, entirely distinct from anything else.

Robert Bottomly—Petals long and, when grown well, half an inch in breadth. Flowers often measure six to seven inches in diameter. Color pure white.

Harry E. Widener—Bright lemon-yellow in color, without shadings. Flower large, on stiff, stout stems that hold the flower erect, without support; incurving, forming a large, rounded surface.

Mrs. Winthrop Sargent—Brilliant straw color, incurving, carried its flowers on long, stiff stems.

Mrs. D. O'Byl Carter—Flowers of medium size, incurving so as not to show petal center when fully expanded. This is one of the purest pink shades yet seen in the Chrysanthemum.

Frank Thomson—A splendid flower, very nearly spherical in form; petals very broad and heavy, finely incurving; it is very nearly white in color, only showing a touch of pearl-pink at the base of the petals.

Emily Downer—The flower is nicely incurved, petals broad, and of the richest shade of orange-yellow, touched with crimson.

Mermaid—A soft mellow pink, with deeper shading on the outer edge of petals; where is has the base of a deep emerald; a fine incurving globular flower.

Puritan—This is undoubtedly one of the choicest as well as largest Chrystemuns grown—as large as a rose crimson; F. Thompson: a beautiful tint of very white, turning to pure white.

The Bride—The finest ever sent out; an incurved Japanese variety; petals side petals drooping like fringe; toward the center the long twisted petals are formed in whorls.

Walter W. Coles—Very bright reddish terra-cotta, reverse pale yellow; outer petals broad, long, pointed and horizontal; center short petals, bright gold folded into pointed threads and whirled.

Robert S. Brown—A magnificent Japanese crimson, like Hon. John Walsh in color, but four times as large.

Robert Craig—An immense, broad petaled, incurved variety, upper side of petal rose crimson, reverse pale silvery lavender.

Rose Hill—Pale pink, about the shade of Grace Wilder CARNATION. Long, narrow petals, forming an immense ball.

Eda Prass—A fine, bold, recurving, globular flower of great substance and depth. When opening, of a delicate salmon, then changing to a creamy white, delicately shaded blush.

Sugar Loaf—The color is varying shades of yellow, often shaded orange, sometimes perfectly crimson. A giant grower, with corresponding constitution.

Joseph H. White—A very large, white variety, with upright petals, forming a nicely round flower of great substance. Strong grower, with stiff stems.

Lilly Bates—Very large, perfectly double, clear, bright, rich pink, petals broad and flat, new and distinct form. Winner of the Pitcher cup.

John Firth—Novel and distinct shape. Deep Mermet pink, shading to silvery rose.

Jessica—For general purposes as a cut flower and as a show variety it is one of the finest; the only one blooming early in October; flowers average six inches in diameter.

Gold—A grand, deep golden yellow variety, regular in form, with long, narrow petals, slightly recurved; splendid for cut flowers.

Mrs. Levi P. Morton—Of distinct and rich color; the base of each petal is pure white, forming a broad and decided ring about the yellow center.

Marguerite Jeffers—A fine spherical flower of bright amber color, of most rich and pleasing shade. One of the notabilities of the year.

Miss Minnie Wanamaker—Flowers of very large size, creamy white, incurring from first opening to finishing, when it appears like a huge snow-white ball.

Mattice C. Stewart—Clear, bright golden yellow, extra large and long. Petals broad and flat. Winner of silver cup at Indianapolils.

Mrs. L. D. Sailer—The color is soft shell-pink, touched with lemon in the extreme tips of petals.

Anna J. Sprague—Color white, hazy and motled with rose pink; plant of fine habit.

Anna M. Wehrbrecht—A magnificent Chinese variety of purest snow-white petals, solid, broad and firm; of strong habit.

Lizzie Carleton—Very large, full double flower, incurved except under row of petals, which reflex. Color is of purest rose pink, silvery white.

M. T. L. Low—Deep blood-red on upper surface of the petals, under side old gold. A very large incurved flower of splendid shape.

W. H. Lincoln—A magnificent and immense full double flower, with slightly incurved petals. The color is pure, golden yellow. Received the Appleton Silver Medal at Boston.

 Innocence—A chaste and beautiful white, the white being of a purity and approach of colored white varieties. The forms are incurved.

Flora Hill—What Widener is among yellows, Flora Hill is among whites. The finish of the flower is exquisite. It is of splendid size and heavy texture; outer petals horizontal or slightly recurving; the creamy center is perfectly full and incurved.

Mrs. Lewis Childs’ Materia—A perfect, compact globe of golden-yellow, petals upturned, of luxy texture, and like unpressed gilt—of strong constitution.

Eekhorn—An extra large incurved flower of soft pearl color. After incurring toward the center, the petals, which are nearly tubular, rise, and from the tips three gracefully formed branches are extended.

G. F. Hooseman—A extra large variety, of the perfect overlapping type; shows no sign of center; like an immense soft ball; color deep chameleons; each petal lined with terra cotta.

Ivy—One of the very best varieties for pot culture or cut flowers. A pure white flower of exquisite form and finish; petals stiff and lasting; plant a vigorous, health grower with fine, large foliage.

Gloriosum—Light lemon color, with yellowish green markings; petals gracefully curved and twisted; quite early and one of the finest.

Mrs. Maria Simpson—Color soft chrome; fine example of the broad petalized, Incurring type, showing center; very large.

Price, 8 cents each, except where noted; for 100 cents, or one lot of five sorts, of our selection, will be mailed to any address for $1.00.
Tidal Wave.—Flowers very large and perfect in form. Color a bright rosy pink, with salmon shading when the flowers are fully expanded. A very healthy grower and remarkably free bloomer. Plant dwarf, growing about fourteen inches high. We consider one of the best pink varieties ever offered, and an excellent variety for pot culture.

"Silver Spray."—We believe this to be the finest new or old White Carnation in cultivation. The flowers are of the purest white, with petals of great substance, making it one of the best. It will keep a long time when cut. Fragrant and very productive blooms and, in all, one of the best Pinks for winter blooming.

Attraction.—Stems longer than the average, and bearing a flower of new shade which catches the eye at once; we think it best described by the words rosy scarlet; is a once soft and brilliant; flowers of good size, borne in the greatest profusion and deeply fringed.

Golden Gate.—This is a pure yellow Carnation, of surpassing growth and very profuse flowering. There is no stripe at all in it, being a straight out-and-out deep, rich golden yellow, without any other color whatever, under any circumstances. The florets are large and double as in Buttercup, and taken all in all it is the very best yellow Carnation out.

Mrs. Hill.—A pleasing shade of rosy red. A fine improvement on the grand variety, Tidal Wave, being of a brighter shade and producing flowers much more freely than any other variety that we know of. Flowers of large size and fine form.

Boule de Neige.—Pure white, large-flowered, and of very heavy texture. One of the very finest white varieties, and much used by florists as a valuable cut-flower, as it keeps a long time after being cut.

Fred Dorner.—A deep velvety-red, flowers extra large, seldom less than three inches across, constant free bloomer and vigorous grower. The petals are beautifully shaped and finely fringed. It is of immense size and deep, rich color.

Lizzie McDoan.—This grand Carnation is a cross between Hine’s White and Peter Henderson’s. It is a splendid grower, producing very large large pure white flowers that are beautifully fringed, delightfully fragrant, and all borne on long, stiff stems. We are confident that this is the best white Carnation ever introduced.

The Bouquet Collection of New Carnations.

Price, 15 cents each; the entire set of eight "Bouquet" Carnations for 75 cents.

Grace Darling.—Color a very delicate peach blossom, shading lightly through the petals, and having that peculiar luminous effect in the center of the flower, the secret of beauty in a pink variety.

White Dove.—This beautiful white Carnation is remarkable for its extremely vigorous growth, very large flowers, perfect shape, purest white. Indeed, for size and freedom of bloom, purity of color, which is luminous, sweetest of perfumes that is delicious, vigorous as well, this variety has no equal. The best white by far out of a dozen varieties we have of that color.

Nellie Lewis.—This grand Carnation is a marvel of beauty. We have had many pink, brilliant red and dazzling white for years, but never until now a pink variety that would arrest attention and cause every one to exclaim: "What an exquisite shade!

A bouquet of them, used at a dinner a short time ago, lighted up the entire table.

J. J. Harrison.—The "Pink of Perfection." Probably the most beautiful Carnation yet introduced and must become very popular. Flowers are pure sashy white, and marked and shaded with rosy pink, good size, perfect form, never bursts. It is the strongest and sweetest scented Carnation we know. A perfect beauty.

Buttercup.—This one of the choicest novelties in Carnations, and deserves a place in every collection. Its color is a deep, rich golden yellow, the Marechal Roll Rose, with a few clear streaks of Carmine, making a beautiful contrast. The flowers are large and very double.

Ben Hur.—Grace Hitler pink of even bright shade; flower large and of good substance and elegant substantial form, barely fringed; stems long and stiff, very free; a bouquet of fifty of these blooms exhibited by Mr. Dorner at Indianapolis attracted universal admiration, and was awarded certificate of merit.

"Daybreak." —Carnation. Too much cannot be said in praise of this grand Carnation. The color is exquisite, a charming shade of rosy pink. It was this delicate shade which suggested the name of "Daybreak," because of the similarity to the first faint tinge of pink seen in the eastern sky at sunrise. "Daybreak" became so popular among flower lovers that the blooms readily sold for more than any other variety in the market the past season. The growth of the plant is vigorous and healthy, and the flowers possess the Carnation fragrance in a marked degree.

W. A. Scott.—This is in style of growth between the tall-growing Richmond and the more dwarf Spartan. Growth vigorous, very free blooming from early to late; foliage not quite as heavy as that of Richmond. Flowers large and non-bursting, a deep true velvety pink, a little irregular, but not to any disadvantage; it helps to overcome the same at stiffness which is so objectionable in a bunch. Stems long, of good strength, but seldom branching. A good keeper.

THE GREAT NOVELTY

Carnation Set

* FOR '95. *

Uncle John—(Dorner.) An excellent white variety from Silver Spray and Heinz's White, in the third generation. It has the grassy appearance of Heinz's White, but with larger bladed. Growth very strong and luxuriant; flower stems long, and strong; calyx never bursting. Flowers large, finely fringed—fringed and purest white; far freer in bloom than either of its parents. Price, 20 cents each.

The Stuart—(Dorner.) Brilliant scarlet. An exceptionally bright color in a carnation. This is not a red, but is like that rich, glowing shade of scarlet so often found among geraniums. Growth very vigorous and strong. Foliage large, and deep green. Flower stems long and strong, carrying the large, finely formed flowers with scarcely any support. Of good substance and excellent keeping qualities. Calyx never bursting. Very free; blooming from November to July. Price, 20 cents each.

E. A. Wood—(Dorner.) A light pink, striped with a darker shade. This variety is now blooming for the third season, and will prove a valuable sort for locations where striped flowers are wanted. The flowers are of large size, good form, and grown on very strong, stiff stems. Calyx never bursting. Keeping qualities excellent. Growth, strong and healthy, blooming from early to late. If of a solid color this variety would prove the best pink in carnations, although in a bunch the variegation is little noticed. Price, 20 cents each.

Goldfinch—(Dorner.) Yellow edged pink. This variety resembles Wm. Scott in growth and is fully as free blooming. The color is a little lighter shade than Buttercup and is of medium size. Calyx never bursting. Stems very strong and do not need tying. The good qualities in growth and free blooming places it above Buttercup, and undoubtedly can be grown where Buttercup is a failure. Price, 20 cents each.

Mad. Diaz Albertini—Free blooming qualities for the whole season; stem very strong; calyx peculiar cup shape, the petal curving against the petals, making it very strong. Flower very large, center round and full; color a delicate flesh pink with a very strong clove fragrance; has excellent keeping qualities. Price, 20 cents each.

Richard—A very strong, vigorous grower, with heavy foliage; blooming from November to July; stem strong and of extra good length, while the leaves thereon are long and beautifully curled, somewhat branching, carrying the flowers from thirty to thirty-six inches above the ground. The flower medium to large, of extra good length, finely fringed and of a brilliant carmine color. The blooms should not be cut too early as it is of the same habit as Mrs. Reynolds. The buds open very readily and the flower keeps on growing from four to five days before fully developed. Price, 20 cents each.

THE NEW COLUMBIAN CARNATION SET.

Columbia.—The color of flower orange, flushed, and is largely striped with delicate carmine. Very bright and attractive. A good advance on Sunrise. Very fragrant. It has proved one of the finest bloomers within our knowledge, single plants often carrying forty to sixty buds and blossoms at one time. One of the very best varieties. Price, 15 cents each.

Blanche—A white variety of great merit. Growth strong and vigorous; foliage is of a lighter shade of green than that of any of the other varieties; stem heavy and very much branching. Calyx strong non-bursting. Flower medium to large, pure white, deeply fringed, petals loose, center ones standing erect, having in it the appearance of snowflakes; extremely free blooming. Price, 15 cents each.

Mrs. Elizabeth Reynolds—A very strong vigorous grower, very free blooming from early to late; foliage very heavy; flower stem strong and branching; flowers large, with broad petals, of a bright clear pink color, with a delicately sweet odor mixed slightly with clove. The flowers open readily and when expanded keep on growing from four to five days until the pod is fully developed, and is never-bursting. We have kept flowers on the plant in a saleable condition for two weeks, and have kept them when cut and in a good cool place equally as long. Price, 15 cents each.

American Flag—This grand novelty is a sport from that fine standard sort, "Portia." Vivid scarlet and purest white, and at first sight instantly recalls our national flag, hence its name. Just at the present time, when the people throughout the country are seeking for an appropriate flower acceptable to all as our national emblem, nature has opportunely come to our assistance by presenting us with this grand flower—the product of American soil—which seems specially created for that purpose, uniting the red and white in the flower with foliage of metallic blue. Price, 15 cents.

Edna Craig—The finest Carnation of Wilder pink yet introduced; of largest size, with heavy fringed petals. The flower is produced on long, stiff stems, and has never shown a sign of disease; calyx very strong. It is an all-season bloomer, the blooms taking the Madison Square cup in November, grown in Philadelphia, in April; were borne by the same plants; its lasting qualities, both cut and on the bushes, are wonderful. Price, 15 cents.

Dr. Smart—Of the same dwarf habit as Spartian; healthy, vigorous growth. Blooming from early to late. Flowers early to large and grow mostly one on a strong twelve to fifteen inch stem; of a peculiar pinkish cream color striped with crimson and maroon, and of a rather strong fragrance. A lovely variegated Carnation, admired by all who have seen it. Cut blooms will keep for two weeks if properly cared for. Price, 15 cents.

Cleo.—Brilliant dark red, shaded with the richest maroon, fringed petals, nearly every flower being on a long stem.

Dawn.—A fine, strong-growing Carnation of exceedingly dwarf habit, throwing strong upright flowering stems, which have large, perfectly formed flowers, flesh color, with deep pink center.

Gena.—A free-flowering sort of dwarf, bushy habit, flowers perfect in form, and nearly all on long stems. Color white, with crimson-purple markings.

Grace Wilder.—Color a delicate shell-pink, finely fringed and delightfully fragrant.

Hinz’s White.—The flowers are very large, white, with a delicate tinge of pink.

L. L. Lamborn.—Pure white, large flowered, and of very heavy texture.

President Garfield.—Color a deep rich scarlet crimson or blood-crimson; petals widely twirled in shell-like fashion.

Starlight.—Beautiful delicate candy; it always gives satisfaction.

Mrs. Fisher.—The beautiful white Carnation introduced last year; produces large flowers on long stems.

Portia.—The most intense bright scarlet, with a vigorous constitution, having not the slightest tendency to dry out.

Mrs. Carnegie.—The finest Carnation of its color, ground-white, delicately pencil-marked and spotted with rose carmine, beautifully fringed.

Fred. Creighton.—Soft, delicate pink, very clear in color; blossoms very full, on long, strong stems.

E. G. Hill.—The color is a rich, deep scarlet, of perfect mold; the petals are perfectly fringed.

W. W. Coles.—Color a soft, but bright tone of scarlet; finely formed flowers.

Lonsdale.—Very large perfectly double flowers of the most delicate shade of pink.

Mrs. Harrison.—Pure white, of heavy texture; produced in great profusion.

Price, 10 cents each; any three, your choice, for 25 cents.

HARDY SCOTCH, OR SWEET MAY PINKS.

These are dwarfer than the Carnation, growing about one foot in height. The colors being of the various shades of maroon, carmine and rose, beautifully banded and banded on white ground, flowers perfectly double, clove-scented, and the plants will stand out of doors year after year, being entirely hardy. Price, 10 cents each; three for 25 cents.

Alma Fimbriata.—The purplish white, beautifully fringed, fine for cemetery planting.

Anne Boyle.—Flowers very large, dark maroon in color, shading light crimson, and clove fragrance.

Brunette.—Center very dark and velvety, almost black.

Eeke of Carlisle.—Various shades, maroon and rose, with white.

Juliette.—Deep cherry red, variegated with pink and pale silvery white. Very fine.

Gertrude.—White, with rich maroon and carmine markings.

Laura Wilm.—A very beautiful new variety with fringed edges. It has a very large center, velvety maroon, surrounded by cream, white.

Stansarius.—Pink tinged, violet maroon, markings delicately fringed.

NEW PINK, HER MAJESTY.

ENGLAND’S LATEST NOVELTY.

We have much pleasure in drawing attention to this charming novelty, which is unquestionably one of the finest of this century, and one that will hold its own as long as Pinks are cultivated. It is far ahead of anything yet seen, and all the old white varieties sink into insignificance by the side of this great beauty. It has become one of the most “popular of the day,” and is being grown by acres to supply the demand (which must come) for cut flowers. It was freely exhibited in 1898, and was the great attraction at every exhibition. Price, 15 cents; two for 25 cents.
Dear Sirs: I received the box of plants from you three days ago, and they were the largest, healthiest and finest Plants I ever received by mail, for which please accept sincere thanks; and also for choice extra and fine large bulbs.

Yours truly,

Mrs. C. A. W.
**BEGONIA METALLICA.**

This elegant variety has very large glossy leaves shaded with green, crimson and olive, with a peculiar metallic lustre over all. Flowers large, dark pink in color. The cut gives a good idea of its habit, but no engraving or description can portray its beautiful appearance. We have two sizes of this beautiful house plant. **Price, 15 cents.**

**THE NEW DEWDROP BEGONIA.**

Is always in bloom; will stand the strong sun during Summer, and is one of the flowerpot plants ever introduced. Flowering Begonias are the most satisfactory plants for house decoration, and if different varieties are used a succession of bloom can be had all through the Winter. In the new Begonia Dewdrop we have the best flowering Begonia ever obtained. **Price, 10 cents.**

**BEGONIA BRUANTII.**

The leaves are so glossy they appear to have been triple varnished; shrubby, bearing sprays of delicate blossoms covering the whole plant. **Price, 10c. each.**

**NEW BEGONIA—**

*VALUNTINA.*

A beautiful erect growing Begonia, with dark, rough foliage of a lustrous bronze-green on upper surface, under side reddish-bronze; in style of growth it resembles Metallica, but with larger leaves and more sturdy habit; flowers very white. **Price, 25 cents each.**

**NEW BEGONIA—**

*CUPREA.*

A seedling from Metallica, with beautiful velvety leaves of dark green. A strong, rapid grower, which is bound to become popular. **Price, 25 cents each.**

**NEW BEGONIA,**

*WETTSTEINI.*

**NEW BEGONIA, WETTSTEINI.**

A beautiful upright growing sort with attractive foliage peculiarly indented, and a lovely shaded coloring, dark marbled green, shading lighter, flower bright coral red in pendent panicles; very free flowering. **Price, 15 cents.**

**NEW BEGONIA, M. DE LESSEPS.**

A decided improvement on Argentea Guttata, the leaf being four times the size seen in that variety, while the texture is the same, and it is beautifully spotted with silver. A very strong, free-growing variety, that will succeed with any ordinary care, growing rapidly and sending out quantities of leaves. **Price, 15 cents each.**

**NEW BEGONIA, THURSTONI.**

This Begonia is a cross between B. Metallica and B. Sanguinea, having the bright red foliage and veining underneath the leaves, and bright metallic green, shading to red, in the younger growth on top, with the deep veining of the Metallica and smooth glossy leaves and red stems of the Sanguinea; the flowers are a beautiful deep pink in bud, but when expanded become a beautiful shell pink. **Price, 15 cents.**

Am well pleased with flowers received from you. Fine, healthy plants and well packed. They are growing nicely. Very truly,

Mrs. W. P.
NEW BECONIA

MANICATA AUREA.

One of the most beautiful variegated plants within our knowledge. The plain green Begonia Manicata is a very beautiful variety, stems and glossy, bearing the veil of pink bloom above. But when we find Manicata beautifully banded with cream color, often pure snow-white, deepening into canary, no other plant that we know carries such bold markings, nor in so pleasing combination of colors. Every one who sees it admires it the most of any foliage plant we grow. The cut is a correct reproduction of the plant. Price, 30 cents each.

NEW BECONIA

OTTO HACKER.

A beautiful new Begonia of the President Carnot type, but an earlier and a very much more prolific bloomer. The plant is a strong, vigorous grower of stiff, upright-branching, large, shining deep green leaves 8 to 10 inches long, with three to four triangular lobes on upper edge. The flowers are borne in immense pendant clusters 3 to 10 inches across, 12 to 25 large flowers in a cluster. Colors a beautiful bright rosy red. By far the most prolific bloomer of all the large growing Begonias. Its freedom of bloom and large, rich, showy foliage combined, make it an excellent decorative plant for the house or conservatory, and should find a place in every conservatory. Price, 25 cents each.

NEW BECONIA

• • ARGENTEA GUTTATA.

This variety is an introduction of M. Lemoine, and is a cross between Olbia and Alba Picta. This beautiful sort has the silvery blotches of Alba Picta and the grace and beauty of growth of Olbia. It has purple bronze leaves, oblong in shape, with silvery markings, and in every way a most beautiful Begonia. It produces white flowers in bunches on ends of growth stems. Price, 15 cents each.

NEW BECONIA

• • • SEMIPERFLORENS GIGANTEA ROSEA.

A superb variety, strong, upright, grows large flowers of clear, cardinal red, the buds excelled in beauty by the open flower, which is borne on a strong, thick stem. The leaves are smooth and glossy and attached closely to the main stem; both leaf and stem are quite upright-growing, and forming a shrubby round plant. Price, 20 cents each.

BECONIA

• • • Marguerite.

Leaves bronzy green, somewhat resembling Metallica, but growing in more bushy form, and easier to handle when grown for market. Large trusses of light rose-colored flowers freely produced. Price, 15 cents each.

NEW REX BECONIA

• • • CLEMENTINA.

A cross between Rex and Diadem. The color of the stem and the upper surface of the leaf is a beautiful bronze green, ornamented with large silver spots, arranged parallel with the ribs of the leaf; the under side of the leaf is a bronzy red, which produces a beautiful effect. It is a rapid grower, and of the easiest management and propagation. Price, 20 cents each.

DEAR SIRS:
The Rex Begonias arrived in good condition, and I am more than pleased, for they are even larger and better plants than I expected.

East Radford, Va., April 23, 1892.

New Rex Begonia

Louise Closson

Louise Closson made a decided sensation among Begonia growers a few years ago. Then came Lady Chilton, an improvement in the same line, and now we have Louise Closson, the brightest colored Rex yet introduced. The zone of rosy heliotrope is broad and very highly colored, the habit and freedom of growth exceptionally good, while the metallic lustre is very bright. Begonia lovers looking for a first-class novelty to add to their collections will find this variety extra fine in every particular. Price, 25 cents each.

Queen Victoria—Bright silver green of crepe-like texture and reddish veins and pointed edge. Price, fine large plants, 20 cents each.

Begonia Rex, Lesoussil—This is the finest and largest-leaved of any of the Rex family. It is impossible to describe in words the beautiful markings of this magnificent Begonia. It is a cross between Begonia Diadema and a Rex variety, but retains in a marked degree the Rex character. We consider this the finest of all the Rex family, both in size of leaf and rich coloring. Price, 25 cents each.

Madame Troye—(Dicolor Rex.) One of the upright-growing varieties, but of the distinct form and texture of the true Rex. Narrow edge of brownish-plum color about a very broad, softgreen zone. Price, 20 cents each.

New Rex Begonia, SIEBOLD.

Darker, reddish-green center, very broad, light metallic band, this bordered again with a bright, medium shade of green, all surrounded by a dark, ruffled edge, beautifully notched. Price, 25 cents each.

ERODY BEGONIA.

New Rex Begonia *

ERODY BEGONIA.

New Rex Begonia

Countess Louise Erdody

A strikingly peculiar variety of the Rex type, the leaves having a metallic lustre. Appears dark silver in the center, shading to coppery rose toward the margin, yellowish green veins on both sides, the spiral twisting of the leaves giving it a very curious appearance. Price, 25 cents each.

Bertha McGregor—Leaf nine by six inches, long-pointed, and very deep notched. A true, strong grower, producing foliage in abundance. The center of leaf is small, dark and palm-shaped, the body of leaf being solid silver, outlined with bronze. Extremely elegant. Price, 25 cents each.

Begonia, Marquis de Peralta—One of the finest growing of Rex Begonias, throwing out great clusters of leaves, which are exquisitely beautiful. They are edged by a very narrow band of silver of uniform width. The zone near the center is a bright green zone motled in silver, which encloses the zone proper, which is a broad silver band about a dark-eyed center. Price, 25 cents each.

SPECIAL OFFER.—Three Fine and Distinct Rex Begonias, our selection, for 50 cents.
They are of shrubby habit, and make splendid house plants, being easily grown. Almost all of them have beautiful foliage, and in addition are free-bloomers, flowering in Winter as well as Summer. They should be found in every collection of window plants. You will please notice that a number of these varieties are usually in other catalogues at a much higher price.

Argyrotheta Picta—This belongs to the shrubby class, has leaves four to six inches long, of bright green, spotted with white. Price, 10 cents.

Alba Perfecta Grandiflora—This variety closely resembles the well known Begonia, Rubra, in foliage and growth, leaves rather more lance shape, but with the same glossy appearance, with beautiful pure white blossoms. Price, 10 cents.

Alba Picta—Long, pointed, slender leaves, thickly spotted with silver white. Foliage small and elegant. Price, 10 cents.

Bertha Chasteauroche—Flowers a bright currant red; very floriferous, and resembling Hybrida Multiflora. Price, 10 cents.

Carrier—A clean, bright grower, thriving under the roughest treatment, and always producing a profusion of beautiful pure white bloom in clusters. Price, 10 cents.

Digswelliana—Flowers dark crimson, center pink, very free bloomer; a beautiful variety; will please everybody. Price, 10 cents.

Foliosa—A handsome basket plant, the foliage is small and delicate, and contrasts well with its white bloom; very elegant. Price, 10c.

Dregli—Next, dwarf habit; flowers white; blooms freely Winter and Summer. Price, 10 cents.

Fuchsioides Cocinea—Elegant, free-blooming variety. It resembles Hybrida Multiflora in growth; the flowers are bright scarlet. Price, 10 cents.

Hybrida Multiflora—Very free blooming with beautiful pink flowers. Price, 10 cents.

Glaucophylla Scandens—A drooping species with large pannicles of orange-salmon flowers. One of the most beautiful plants for hanging baskets in cultivation. Price, 10 cents.

Nilida Alba—A strong growing, profuse blooming variety, producing immense panicles of pure white flowers.

McBethi—Flowers fern-like, pannicles of pure white flowers, produced in the greatest profusion. It is the most popular bloomer of the Begonias. Price, 10 cents.

Richardsonii—Flowers finely cut, beautiful. Flowers pure white, very free. Price, 10 cents.

Robusta—The flower is composed of two wide and two narrow petals, the wide ones are bright rose, the petals are almost pure white, a distinct pink stripe in the center of each, enlivened with golden anthers; borne in clusters, and with the coral red buds form a most elegant and chaste appearance. Price, 10 cents.

Sandersonii—(Corall Begonias.) One of the best flowering Begonias. The flowers are of a scarlet shade of crimson, borne in profusion for months at a time, leaves slightly edged with scarlet. 10 cts.

Schmidtii—A variety with dark metallic green foliage, a profuse bloomer, being covered with white blossoms tinged with pink. Price, 10 cents.

Unique—As its name denotes, a charming unique variety, with small glossy foliage, dwarf habit, with clusters of white flowers. Price, 10 cents.

Welfontiensis—The flowers are a lovely shade of pink and very abundant. Price, 10 cents.

Zibrina—Leaves bronzy green, with darker stripes and blotched tips, under side deep crimson. Price, 15 cents.

Rubra—If you only have one Begonia, let it be a Rubra, for it will prove a constant delight. It is so fast growing that it will in a year or two reach the top of your window, sending up heavy, stiff canes an inch in diameter, and rising beside them will grow strong, slender branches, gracefully drooping under heavy waxen leaves and pendant pannicles of coral-colored flowers as large as a band. We have seen a medium-sized plant with more than twenty such pannicles at a time. Among the individual flowers you will find three distinct forms growing side by side. One of the most wonderful plants within our knowledge. Price, 10 cents.

**THREE BEAUTIFUL NEW ***

ABUTILONS.

New Abutilon, ECLIPSE.

A pretty trailing variety, with large foliage beautifully marked with deep green and yellow. Flowers bright yellow, with crimson throat, fine for vases or large hanging baskets. Price, 15 cents each.

New Abutilon, GOLDEN BELLS.

A bright golden-yellow Abutilon, of strong, vigorous habit and very free flowering. There have been a number of yellow Abutilon introduced during the past few years, but they all lacked richness of color; the variety now offered combines large size, fine form and depth of coloring, and will become the leading yellow variety. See cat. Price, 15 cents.

New Abutilon, SOUV. DE BONN.

This is entirely different from anything we have had before in the way of variegated Abutilons. It is a strong upright grower with large, bright green foliage, distinctly edged with a broad band of creamy white and yellow. Flowers very large on stems 30 to 90 inches in length. Color bright orange red very effective with its beautifully variegated foliage. It is one of the most distinct and showy ornamental foliage plants that has come to our notice in years, and when better known will be used in large quantities in connection with Palms, Dracenas, Rubbers, etc., for decoration purposes. Price, 25 cents.

SPECIAL OFFER! The Three New Abutilons for 40 Cents.
**BUTILONS.**

**Chinese Bell Flower, or Flowering Maple.** Rapid growing plants of easy culture. Flowers pendulous, bell-shaped and produced in great abundance. If taken up carefully before frost, they make good Winter flowering plants. **Price, 10 cents each; three varieties, your selection, for 25 cents.**

Arthur Beisham.—Red, shaded gold, splendid flower.

Boule de Neige.—Pure white, bell-shaped flower, blooming without intermission.

Diadem.—Wine colored, veined with violet; large flowers of a fine form.

Rosa Flora.—A beautiful variety of bright rose-colored flowers. Distinct from any other sort offered.

Robert George.—A free and continuous bloomer. Flowers broad; color orange, veined with crimson.

Santana.—Pink, deep crimson flowers. One of the best.

Shower of Gold.—A beautiful, dwarf growing variety, the whole plant being covered with a profusion of beautiful golden-yellow blossoms.

Madame Chacert.—Vein, milled rose, nicely veined.

Royal Scarlet.—Brilliant scarlet, dwarf.

Madame Jules Barringer.—Flame red, with dark markings.

******

**AKEBIA QUINATA.**

A perfectly hardy and beautiful evergreen climbing plant, growing twenty feet high, with trifoliate leaves and dark brown flowers of peculiar shape, which are very fragrant. One the best climbers. **Price, 15 cents each.**

******

**AMOMUM—MELECUETTA.**

It belongs to the Ginger family, and produces the Cigar Tree Seeds of commerce. In growth it represents a miniature Canna, and makes a very pretty little pot plant. The foliage is quite fragrant. **Price, 15 cents each.**

******

**ACALPHYA.**

Tricolor.—A beautiful plant with large and highly colored leaves. Bright red, with blotches of crimson bronze. **See cut.**

**Price, 10 cents each.**

Marginalia.—Dark bronze, with rose-margined foliage. This variety equals the showiest varieties of Colens in effect, and has besides a decided advantage over any Colens, namely, to be hardy, and not liable to wilt in the hottest and dryest weather. **Price, 10 cents each.**

******

**ALAMANDA HENDERSONII.**

This remarkably fine variety is one of the best yet introduced. The flowers are golden-yellow, very large, luxuriously formed, thick and waxy—like, and tinged with brown on the outside; an exhibition plant, or pot-horne climber is unequalled. **Price, 20 cents each.**

McGregor Brothers, Florists, Springfield, Ohio.

ASPARAGUS PLUMOSUS NANUS.

Asparagus Plumosus Nanus.—One of the handsomest of our foliage plants. The leaves are a bright green, gracefully arching, and as finely woven as the finest silken mesh. Their lasting quality when cut is remarkable, retaining their freshness for weeks, hence it ranks as the most valuable plant we have for this purpose, surpassing Maidens Hair Fern in grace, fineness of texture and richness of color. See illustration. 25 cents each.

Asparagus Tentissimus.—We cannot too highly praise this beautiful new plant. If so desired, it can be grown like a Smlax or on a trellis. Its fine silky foliage is indispensable in bouquets and will keep for several days after being cut, without wilting or changing color. It is also very desirable for decorating, along with other plants, when grown as specimen plants or in pots. It is of the easiest culture and will thrive with almost any kind of treatment. **Price, 10 cents each.**

New Double Golden Marguerite.—(Anthemis Coronaria Superba fl. pl.)—Nothing could be more showy, either as a pot plant or bedded out. This plant may well be called the "Shower of Gold," as it is a perfect mass of rich, golden-yellow flowers the whole year round, being equally useful in Winter or Summer. Well-grown plants have as many as one hundred and fifty flowers on them at once. **Price, 15 cents each; two for 25 cents.**

ASPIDISTRA LURIDA VARIEGATA.

Aspidistra Lurida Variegata.—A beautiful plant with large, lance-shaped leaves, finely variegated with creamy cream-colored stripes. An elegant window or conservatory plant of the easiest culture. **Price, 35 cents each.**

---

McGregor Bros.: The plants ordered on the 3rd came safely to hand on the 10th. The plants are fine and I find them quite satisfactory. Respectfully, Mrs. R. K. S.

Austin, Texas, March 11, 1895.
Amaryllis, Formosissima— Jacobean Lily.

** **

This grand bulb will flower either summer or winter. Keep dry during summer for winter blooming, and reverse the order for summer blooming. The flowers are of the darkest scarlet, very rich and pure, and produced freely. Splendid for pot culture and can be grown in water like Hyacinths; flowers in summer if kept dry during winter. Price, 25 cents each.

** **

Amaryllis, Tretea— Fairy Lily.

A native of Florida, and has recently been introduced to cultivation, and is known as the "Fairy Lily." The flower stalks vary in height from seven to twelve inches. The flowers are solitary, strong bulbs, often giving two or more flowers, which are pure white and deliciously fragrant. Price, 10 cents each.

** **

Amaryllis, Johnsonii.

One of the most gorgeous bulboous plants grown. We have seen specimens of a few years' growth that completely filled a window. Nothing is more showy than this grand plant during late winter or early spring, bearing large flowers of intense crimson with a delicate white feather in each petal. It is most superb. Price, 75 cents each.

** **

The Two Beautiful Antherics

** **

Anthericum Picturatum.

** **

A beautiful plant, with recurved graceful foliage, which attains a growth of about three feet. The leaves are dark green, beautifully marked with broad stripes and bands of a creamy-white color. Price, 20 cents each.

** **

Anthericum Vitatum Folia Variegata.

A beautiful plant, with recurved, graceful foliage, which attains a growth of about three feet. The leaves are dark green, beautifully marked with broad stripes and bands of a creamy-white color. Price, 20 cents each. The two varieties for 30 cents.

** **

New Achillea, The Pearl.

** **

We take much pleasure in calling special attention to this new plant, as it is one of the most beautiful and useful. It is a hardy perennial, the top dying down to the ground every winter. A plant will produce hundreds and even thousands of flowers the first summer, but when established the second year frequently have more than five hundred perfect flowers on a plant at the same time. It commences to bloom early in July, is a perfect mass of beautiful flowers till frost, the same bloom keeping perfect two or three months. Its flowers are pure white, perfectly double, and produced in large sprays, making it one of the finest cut flowers for bouquets, vases, baskets, etc., or for any kind of decorations. For cemetery planting it is the most valuable of all flowers, as it is sure to thrive and bear its great profusion of snow-white flowers nearly the whole summer. Price, 15 cents each; two for 25c.; $1.00 per doz.

New Rose-Colored Achillea, Millifoilum Rubrum—This beautiful new Achillea has large buds or leaves of the most fern-like appearance, that for foliage alone would be worthy of a place in any garden. But then it produces large clusters of flowers a deep lake rose color, making it wonderfully attractive when planted among shrubbery or rose beds, giving all a graceful effect. Price, 15 cents each.

New Yellow Achillea, Tomentosa—A charming hardy plant for border of beds or edgings for walls. Soft, creamy green foliage with pretty yellow flower heads that remain a long time in perfect color. It makes an excellent spring flower for cutting. No garden is complete without this fine yellow hardy plant. Price, 15 cents each.

These Three New Achileas for 30 Cents.

Night-Blooming Jasmine, Cestrum Parqui—This well-known and highly-prized plant, blooming nearly all the year round, is a native of Chili; an excellent garden plant, growing rapidly; foliage long and of deep green color, producing its richly fragrant flowers at every joint; sweet only at night. It is also adapted to house culture. Price, 20 cents each.

Cestrum Aurantiacum—A winter flowering variety of night-blooming Jasmine, with pure orange-colored flowers. Price, 20 cents each.

These Two Varieties for Thirty Cents.
ACHYRANTHUS.

Indispensable for bedding purposes, either in masses or ribbons, their brilliant tined leaves forming a marked contrast with all other plants, being much harder than Coleus. They are considered preferable for masses and ribbon lines. Price, 10 cents each; set of five varieties for 30 cents.

ACERATUMS.

Plants suitable for either Summer or Winter bloom, and bearing their flowers in the greatest profusion. They are of the easiest possible cultivation, requiring but ordinary care; the leaves are of a soft grayish-green, and the flowers are of the shape of the "Lady's Paintbrush," in clusters. Lasts a long time when cut. 10 cents each; best six varieties for 30 cents.

ALTERNANTHERAS.

Beautiful dwarf plants of compact habit, growing about six inches high, and admirably adapted for edging to flower beds or ribbon lines, their beautful variegated foliage of crimson, purple, yellow, pink and green forming rich masses of color, always attractive and highly ornamental. These are the finest sorts. Price, 10 cents each; five fine varieties for 25 cents.

New Tri-Color Cuphea, CUPHEA LLAVEAE.

One of the most remarkable flowering plants, combining as it does three distinct colors in one plant— scarlet, purple and white. It belongs to the same family as the well-known "Lady's Cigar Plant," but is vastly superior in every way. The flowers are tubular in shape, one and one-half to two inches long, and have two bright scarlet wings at the end of each flower. The tip of each flower is bright purple, the stems are pure white. The body of the flower is pea-green, and is covered with fine crimson halis like Moss Rose. The plants are always in bloom when given proper care. It grows into a bushy plant about fifteen inches high, and makes an elegant appearance when potted or in the open ground. Price, 15 cents each; two for 25 cents.

BOUVRADIAS.

A beautiful class of shrubby plants with coriaceae of white, rose, crimson and scarlet colors, blooming during the Fall and Winter. Their dazzling richness of color and formation of flower make them one of the most useful of our Winter blooming plants.

Alfred Neuner—Large, double white flowers, composed of three perfect rows of petals of the purest wax-white color. Price, 10 cents.

Davidsoni—Finest of the white Bouvardias. Valuable for bouquets. The best of all. Price, 10 cents each.

Humboldii—Long, graceful tubes, expanding into a floret of the purest white. By far the largest single Bouvardia, and carrying a distinct though faint color of Jasminum. Price, 10 cents each.

Dazzler—A splendid variety of bushy, compact habit, producing fine clusters of attractive, moderately large, rich, scarlet flowers. Price, 10 cents.

President Cleveland—A grand single flowered variety, with intense dazzling scarlet flowers of large size. Price, 10 cents.

Aristolochia Elegans—One of the best new Summer climbers, of rapid and dense growth. It bears profusely, even on small plants, its handsome and elegant flowers of a rich, dark purple color, ornamented throughout with irregular bronched markings of a creamy-white, and having a golden-yellow eye surrounded by rich, velvety purple.

Aliosa Cirridora—Lemon Verbena.—A well-known shrub, indispensable for the delightful fragrance of its leaves in the construction of bouquets, etc. 10c. each.

Alissum—Sweet.—Favorite Summer and Winter blooming plants; indispensable for borders and ribbon lines. Price, 10 cents: three for 25 cents.

Double White—Large double white flowers, valuable for cut flowers.

Double Variegated, "The Gem."—Double white flowers, foliage light green, with a broad border of pure white on each side.

DOUBLE BOUVRADIAS.
OUR BEAUTIFUL,

New Bedding Coleus.

The Coleus will give more pleasure at less cost than any other plant. Their varied tints of crimson, gold, bronze and green, and richly blotched, veined or parti-colored, produce a brilliancy of coloring unequalled. The Coleus is the gardener's paint-box, bearing all the colors on its leaves, ready to be disposed in whatever ornate and parti-colored designs we may choose to display upon our lawns and parterres. In this field there is the greatest opportunity for an interesting exercise of the ornamental taste possessed by all flower lovers. The style is very appropriately called "carpet gardening." Whoever has been in our large city parks will never forget the little ornamental bed curving and quaint designs and mingling arabesques of orange, blue, canary yellow, scarlet, silver-white, claret, pale green, purplish-black and olive—that looks like vari-colored rugs spread at short intervals on the smooth lawn. Sometimes one large circular bed is filled with maroon-leaved Coleus with very striking effect. Plants should be set about a foot apart, so that when the size of the bed is ascertained it is easy to figure how many plants are needed of each kind in a row. We have a collection of two hundred kinds of the most distinct sorts out. Leave the selection of varieties to us, as it is hard to describe the various tints. Price, 8 cents each; twenty distinct varieties for $1.00; by express, thirty for $1.00. We will send twenty choice named Coleus, by mail, prepaid, for $1.00. All good bedding, standing the hot sun without losing their colors. Price of Coleus by the hundred, when sent by express, $3.00.

THE NEW SUNSET, OR
tytytyty Large-Leaved Coleus.

This new strain of large-leaved Coleus is really superb. The plants are very vigorous and healthy, growing in a short time to an unusually large size; the leaves are simply wonderful—extremely large, of feelinf substance, curled, and cut in a perfectly beautiful manner. The colors, variegations, and markings we especially recommend this distinct new race of Coleus. Price, for Sunset Coleus, 8 cents each; 4 for 25 cents.

CORONILLA GLAUCA.

A pretty flowering, beautiful plant. The flowers are pea-shaped bright yellow and fragrant. Blooms freely during winter and occasionally through the summer. Of easy culture and one that will give general satisfaction. Price, 8 cents each.

Cocoloba Platyclada.

A plant of very singular and interesting growth, stems and branches growing in flat, broad joints. Well suited for vases and rustic work. Price, 8 cents each.

Cuphea, Platycentra,

A very pretty plant, with green and crimson-colored foliage of changeable hue; excellent for borders. Price, 10 cents each.

Centradenia—Rosa.

A very pretty plant, with green and crimson-colored foliage of changeable hue; excellent for borders. Price, 10 cents each.

Campylobotris Regalis.

A handsome specimen plant, large, glossy foliage of a bronzy-green Price, 15 cents each.

Eranthemum Pulchellum.

The plant produces lovely, deep blue flowers very freely from Christmas to March. It is of the easiest culture, requiring but little care, and grows in nice, bushy shape, with many side branches, each of which is terminated with a spike of numerous blossoms. On account of its rare color it will become a popular plant. Price, 8 cents each.

McGregor Bros.,

Gentlemen:—Received plants in good condition, on the evening of April 21. Please accept thanks for extra plants.

Mrs. J. L. S.
CYCLAMEN.

The lovely climbing mountain rose, Antigonum Leptophus,
or "The Queen's Wreath."

A climber from New Mexico, with beautiful rose-colored flowers in
races two feet long. The profusion of bloom is such as to give the
resemblance of roses at a distance, hence the Mexican name, "Rosa
de Montana," or Mountain Rose. Described by its discoverer as the
most beautiful climber he had ever beheld. Moderately hardy with
protection. The vines are killed to the ground by frost, but it quickly
shoots up in the spring and develops its flowers from June until

CYCLAMEN, or Persian Violet.—New Improved.

There is no more ornamental plant for greenhouse or parlor
culture than the Cyclamen. It grows readily, blossoms freely,
and remains a long time in flower. The soil should be equal parts
of turfy loam, leaf mold and sand. Pot in pots three times
the diameter of the bulb, in October. Keep them in a cool,
light place, watering lightly until growth begins. Then water
freely and give plenty of light and air. On the approach of cool
weather remove to a warmer situation, the parlor or greenhouse,
but keep them near the light. The whole secret of growing Cy-
clamens to perfection is light, air and low temperature. Small
plants, 10 cents; strong bulbs, 25 cents.

CALADIUM ESCULENTUM **

** ** ** ELEPHANT'S EAR.

Very effective and suitable for either a single plant on the lawn,
massed in beds, or margins of water. Its very distinct leaves
often attain the length of three feet, by twenty inches wide, and
have a rich, tropical effect. The growth is very rapid and the
ground must be made rich. Watering in dry seasons will help
develop large leaves. Bulbs can be stored in dry sand in Winter
and kept from year to year. Price, 10 and 25 cents each.

UMBRELLA PLANT.—(Cyperus Alternifolius.)

An ornamental grass, throwing up stems about two feet high,
surmounted at the top with a whorl of leaves, diverging horizon-
tally, giving it a very curious appearance. Suitable for the cen-
ter of vases or as a water plant. Price, 10 cents; large hand-
some plants, 20 cents.

CINNAMON VINE.

A very pretty climbing plant. Perfectly hardy, the stem dying
down every Autumn, but growing again so rapidly in the Spring
as to completely cover any trellis or arbor very early in the sea-
son. It is easily cultivated like the Madeira Vine, and is produced
from tubers that will make from ten to twelve feet of Vine, and
with its beautiful heart-shaped leaves, bright green, peculiar
foliage, and clusters of delicate white flowers, sending forth a
delicious cinnamon odor. Price, 10 cents.

CACTUS—EPHYLLUM, the Lobster Cactus.

This is one of the easiest plants to grow of the species. It will
thrive anywhere, in the sun or out of it. Grows naturally into
very handsomely-shaped plants, which, in December, are loaded
with beautiful pink flowers. Price, 10 cents.

CISSUS DISCOLOR.

(Trailing Begonia.) A climber with very beautiful foliage,
deep velvety green, mottled with white on the upper surface;
underside of a deep reddish purple. For trailing over the side of
a window box, or grown on a trellis as in illustration, it is one of
the most odd and attractive plants. Price, 20 cents each.
NEW EVER-BLOOMING DWARF CALLA. — The Gem.

HAVING given it a fair trial with the ordinary variety known as the Calla Lily, the only objection to the old variety is that it sometimes grows tall and scraggly, but the "Gem" is of strong and dwarf habit. The foliage is of a lustrous dark green and produced in great abundance. Its flowers are produced in the greatest profusion, being literally an ever-bloomer, it will bloom freely all Summer out in the open ground, in September it can be lifted and potted and will continue blooming all Winter. The "Gem" Calla will continue to grow and bloom for years without ceasing, and the quantity of flowers which a large plant will produce is astonishing. Price, 15 cents each.

WHITE CALLA, or LILY OF THE NILE.

This is the well-known Egyptian Lily, or Lily of the Nile, with large white flowers, broad foliage, and it will prosper under very adverse circumstances. If you want large Callas send to us, as we are headquarters for them. We have three sizes, small plants, to bloom next Winter, 10 cents each; strong blooming bulbs, 25 cents each; extra strong bulbs that will produce a half dozen blooms, 20 cents each.

THE NEW BLACK CALLA.

The introducer says: "Among recent bulb introductions, we doubt if there has in several years been anything brought out which is so eminently desirable as this. It is a bulb which has come to stay, and finds its way rapidly in every collection of flowers. Its flowers are enormous, fully a foot in length. Color clear, coal black, so intense that it really shows a brilliancy, and, as may well be imagined, it is a flower of the most striking odity and beauty. The bulbs are large, and should be potted in the Fall, and when growth commences set in a window. After blooming, the foliage will die down, and the bulb should be kept dry for planting again in the Fall. It is a native of the Holy Land. "Treat same as for White Calla Lily." Fine large bulbs, 40 cents; large size, 60 cents.

CALLA RICHARIA, Spotted Calla.

The Richardia Alba, or Spotted Calla, is a plant of magnificent appearance. The leaves are of the richest green, spotted with pure white; the flowers are white, with a rich chocolate throat. It can either be grown in a pot, planted in a border, or in a vase or rustic stand, the latter being a very effective way of showing its beauty. Price, 15 cents each.
New Prize Cannas.

Antoine Chantin—A most distinct and vigorous growing variety, with bright green foliage, with very large flowers of a bright orange-scarlet overlaid with crimson. Price, 15 cents each.

Admiral Courbet—Plant very vigorous; foliage green and produced in profusion. Flowers very large; beautiful citron yellow, striped with flame. Price 15 cents each.

Emile Leclere—A strong grower; height about three feet; foliage green; numerous flower stalks; of medium height, flower golden yellow, mottled and spotted crimson and scarlet. Price, 15 cents each.

Paul Marquard—The individual flowers are large and the flower stalks very large, each flower standing out separately by itself. The flower is as fine as the finest orchid. The color is very hard to describe, to give any adequate idea of how beautiful a shade it is. It might be described as a bright salmon, with a carmine tint. Price, 15 cents each.

Eheman—The most distinct of all the Cannas, on account of its large, oval Muss-Zeneta-like soft green leaves, which place it foremost among decorative foliage plants. Its most striking feature is the crimson red flowers produced on stems of great length that unfold about twelve flowers to each of the smaller branches. These flowers are as large as a Gladiolus, producing splendid effects on the lawn. As a specimen plant for grandeur and beauty it stands without a rival. It grows as freely as the common Cannas, and is an object of great beauty until frost, the foliage closely resembling that of a large, luxuriant Banana. Price, 25 cents each.

Duchesse de Mortemarte.

NEW FRENCH CANNAS.

CROZY'S NOVELTIES.

Duchesse de Mortemarte—A vigorous grower, with large leaves, throwing up numerous flower stalks; flowers large and round, composed of large, round petals; color yellow, very bright, lightly dotted crimson. Extremely fine. Price, 20 cents each.

Miss Sarah Hill—Very dwarf, handsome light green foliage, numerous, strong, compact flower stalks, flowers large, petals well rounded, superb amaranth crimson. Price, 20 cents each.

Capt. P. de Suzzen—Extremely showy; flower large and composed of overlapping petals of great size; color clear yellow, dotted with orange yellow; the finest of the Gladiolus flowered varieties in yellow. Price, 20 cents each.

Statutaire Fulvius—As fine a variety in its color of soft, bright cardinal red, as is Madame Crozy among the orange-scarlets; the truss is enormous, composed of quantities of flowers; spikes freely produced; a magnificent grower; produces a mass of brilliant red. Price, 20 cents each.

Alphonse Bouvier—This is the grandest of all Cannas for outdoor bedding. It is a very luxuriant grower, in good ground. It begins to bloom very early and is one continuous mass of crimson the entire season. The tips of the shoots are surmounted by immense clusters of bright crimson flowers of the very largest size, and nothing can exceed their brilliancy. Price, 20c. each.

THE CILT-EDGED CANNA.

MADAME CROZY.

Indoubtedly the grandest of all varieties. The color is a brilliant vermilion scarlet, bordered with deep golden yellow; the flowers are borne in great clusters and in such profusion that they crown the plant with a blaze of glowing color. The foliage is vivid green, broad and massive; the habit of the plant is compact and vigorous, its natural height being rarely more than four feet, but the flowers form when it is scarcely a foot high, and continue coming on the plants until frost. Price, 15 cents each.

NEW PRIZE CANNAS SET OF FIVE FOR 60 CENTS.

The Full Set of these French Novelties, $1.00.
New Grand Fuchsia—Phenomenal.

The largest flowered Fuchsia in cultivation. This new sort from its strong growth and enormous flowers created such a sensation last year that the demand far exceeded our supply of it. This year we have propagated a large stock and hope to fill all orders. The plant is a tall grower, branching like a tree; the leaves are dark, glossy green, with veins of dark crimson, giving the foliage a rich, ornamental appearance. The flowers are of enormous size, a single flower measuring three and a half inches across; sepals bright scarlet, with rich violet-purple corollas, very double. Price, 10 cents each.

The Fine Double White Fuchsia, **ROSAINS PATRI.

This is a variety unsurpassed among all the Fuchsias with white corollas. In fact, it is nearly perfect as to free growing and habit, being strong and bushy, beginning to bloom quite early in the Spring and continuing very late. Tube and sepals are brilliant, deep scarlet, thick and leathery in texture; the corolla is very large and double and pure white. Price 10 cents each.

Fuchsia Speciosa.

The Grandest of all Winter Bloomers.

This is really one of the most charming and desirable Fuchsias in cultivation, and should be better known. It is genuine Winter bloomer, and all who know it value it very highly for this quality. The habit of the plant is erect and compact, presenting a decided neat and attractive appearance as a pot plant. The fine star-shaped flowers are produced in profusion, and begin when the plants are quite young; indeed, the plants in our houses in all stages are rarely seen without flowers. The flowers are four inches or more in length; tube and sepals bright rose; corolla brilliant carmine. It blooms quite freely, plants in two-inch pots frequently producing flowers; but large, well-established plants will bloom more freely and produce larger clusters.

Price, 10 cents each.

PHENOMENAL.

THE FINE SINGLE FUCHSIA *

*** Monsieur Thibaut.

A splendid variety, with large, handsome foliage of a delightful green tint, the foliage alone worthy of cultivation. The flowers are single, of unusual size, sepals deep red, corolla vermilion, tinted violet. Price, 10 cents each.

The Best All-Around Fuchsia, **

—— BLACK PRINCE.

The grandest of all Winter bloomers. This is really one of the most charming and desirable Fuchsias in cultivation, and should be better known. It is a genuine Winter bloomer, and all who know it value it very highly for this quality. The habit of the plant is erect and compact, presenting a decided neat and attractive appearance as a pot plant. The fine star-shaped flowers are produced in profusion, and begin when the plants are quite young; indeed, the plants in our houses in all stages are rarely seen without flowers. A misnomer so far as name is concerned, being of a bright waxy carmine, tube and petals large and broad with pale green tips, large, open pale pink corolla, a wonderful symmetrical habit and the best all-around Fuchsia we know of. Price, 10 cents each.

New Fuchsia. TRAILING QUEEN.

This Fuchsia is an entirely new departure, differing from all other large flowering varieties in its habit of growth, as it is a trailing vine. The young plants, as they commence growth creep out to the edge of the pot, and then go trailing downward. It continues growing and branching in this way until the vines are a solid wavy mass of the most elegant foliage and flowers. The leaves on the young growth are exceedingly handsome, being of a deep-scarlet green color, ribbed and waved on both sides. The flowers are borne in large, drooping clusters, and are very large, long and graceful; tube, tube and sepals being bright rosy scarlet, while the corolla, when it first opens, is a deep, rich violet-purple. Price, 20 cents each.

FUCHSIA—The Best of the Newer Kinds.

Price, 10 cents each; any three, your selection, for 25 cents.

Fuchsia Avalanche—Beautiful golden foliage, a dark, double violet-purple corolla.

Annie Earle—Tube and sepals waxy-white, corolla single, clear carmine, plants of splendid habit and free blooming.

Admiral Corbet—A beautiful sort with enormous double flower; corolla a peculiar shade of deep violet, tube and sepals bright red; a splendid variety.

Ernest Renan—Tube short, rosy white, petals recurved, large single rose colored corolla, plant very free grower and very early. One of the best varieties sent out for some time.

Depute Berlet—Corolla large and very double, violet; tube and sepals bright red.

Elm City—Sepals rich crimson; corolla deep purple. Very free flowering. Extra fine.

Jules Monge—Lovely sky blue, double corolla, banded with scarlet.

Lustre—Tube and sepals pure white; vivid crimson corolla. Good habit and free blooming.

Monstrosa Superba—Corolla pure white; very double, immense size and free blooming.

Mrs. S. M. Thomas—Very large, dark purple corolla, double; sepals rich scarlet, well reflexed.

Aurora Superba—Orange-scarlet corolla; sepals rich salmon.

Arabella Improved—Tube and sepals pure white; corolla rose color.

Madame Van der Strauss—Fine, large and elegantly formed; sepals long and reflexed, pure red; corolla large, double, white. Extra fine.

Puritana—One of the prettiest single varieties. Sepals carmine; corolla pure white.

Purple Prince—Sepals scarlet; corolla a beautiful distinct blue.

Very dwarf.

Penelope—Single, white corolla; sepals nicely reflexed, lively red; very early and free.

Rose of Denmark—Tube and sepals ivory-white; corolla pure pink.

Wave of Life—Golden foliage; dark purple, single flower.

SPECIAL OFFER.—Twenty Fine Fuchsias, Single and Double, Only $1.00.

Twenty Fine FUCHSIAS, double and single, for $1.00, all labeled. Fuchsias, as is well known, are elegant flowers in coloring and exquisitely graceful in form. They are unexcelled as pot plants, as they thrive best in a shady situation.
Two New * * * * * Impatiens.

The Queen—A delicate shell-pink, tinted salmon, with a silver sheen; very large flower. This is the most distinct variety that has yet been produced. The continuous blooming qualities of this class of plants makes them indispensable for Either house or garden decoration, and these two varieties are a garden within themselves. Price, 15 cents.

Royalty—This is the most distinct and beautiful of all flowering plants of recent introduction, either as a Winter blooming pot plant or for the border in Summer. It is of a compact, neat habit of growth, with good constitution and a perpetual bloomer. The flowers are of a brilliant rosy-scarlet color, of a particularly distinct but most effective hue, about one and one-half inches in diameter, and are produced singly or in twos and threes from the axils of the leaves, especially toward the summit of the stems, but so freely that a well-grown specimen appears to be quite a ball of fire. Price, 15 cents each; the two fine varieties for 25 cents.

The curious air plant

Bryophyllum Calycinum.

A beautiful and strange plant, with thick, heavy leaves, which, if cut and laid on moist soil or sand, little plants will grow from the notched all around the leaf. They grow very thickly to a considerable size, and make a healthy and beautiful looking plant. When in bloom it presents successively two distinct aspects: first, when the calyx develops itself—membranous, indented, smooth as silk, cylindrical, round at either end, of a pea-green color, streaked with red, increasing in size until it becomes two inches in length. The flowers, borne upon slight pedicels, drop directly downwards, and are swayed by every breath of air like so many Chinese lanterns. It is impossible to describe the lovely tint of the leaves, which are also very prettily scalloped. Price, 15 cents each.

The hardy Chinese

* * * * * Matrimony Vine.

The old-fashioned Matrimony Vine was a general favorite more than fifty years ago, but in beauty of flower, fruit and foliage it cannot compare with this superb variety. It is a most vigorous hardy climbing plant when trained to an arbor, fastened to a fence, attached to a tree, to the side of a house, the pillars of a piazza, or in any location where a hardy, vigorous climber is desired. It sends out numerous side branches, so that it covers a great amount of space in a short time, and every new growth is at once covered with bright purple flowers, which are succeeded by brilliant scarlet berries nearly an inch long, every branch being loaded with them. The contrast between the glossy, dark-green foliage and shining scarlet fruit is extremely beautiful, surpassing Holly in appearance. It continues flowering and new berries forming from late Spring until frost. The berries ripen in early Autumn and remain on the vine late into the Winter. The number of our hardy vines which can be grown without danger from frost in our northern states is limited, and none are more beautiful than this or as easy of culture. It will grow and thrive in any situation, either shade or bright sunlight, and will take root in any soil. In fact, nature has given it all the essentials for wide popularity. Valuable as it is for covering fences, etc., it is even more desirable for clambering over stone walls, bare rocks or unsightly banks, covering them quickly with bright green foliage, and later on rendering them objects of beauty with its wealth of scarlet berries and purple flowers. This splendid vine was illustrated and highly recommended in "Garden and Forest," one of the most conservative publications in the horticultural press. Price, young plants, which will bloom and fruit abundantly this year, 15 cents each; two for 25 cents.

McGregor Bros., Springfield, Ohio:

Gentlemen—My plants arrived in splendid condition, not feeling their journey in the least. I am more than pleased with the fine healthy appearance of all the plants. They exceed my highest expectations. Dracaena Indivisa is a splendid plant. Respectfully,

Mrs. H. B. B.
HIBISCUS.

LARGE GROWING tropical plants with very glossy foliage. The plants, under the hottest sun, produce curious flowers, in great numbers, and make noble specimens. They can be grown in tubs and kept for years. The blossoms average five or six inches in diameter, and are gorgeously colored. A very good way to make them bloom freely, and to facilitate lifting in the Fall, is to transplant each plant into a pot two or three sizes larger than it has grown in, then plunge the pot altogether in the ground, the soil to cover the surface one or two inches. Then in the Fall the plant can be lifted without injury. Price, fine, strong plants, 10 cents each.

Aurantiacus — Large, double, orange-colored flowers; an early and good-flowering bloomer.

Decoratus — Foliage very large and lobed; flowers enormous on long stems, of a rosy carmine-color; stamens and pistils very showy; the stigma is large, circular and golden yellow.

Carminatus Perfectus — Full, round flower of perfect shape, and of a rich, soft carmine-rose, with a deep crimson eye. A beautiful free-blooming variety.

Sub Violaceus — Flowers of enormous size, of a beautiful carmine, tinted with violet; probably the largest flower of the Hibiscus family, and an unusually free bloomer.

Double Crimson — Two or three inches in diameter, very showy and fine.

Grandiflora — Rich, glossy foliage, blooming profusely through the Summer, literally covering the plant with scarlet-crimson flowers.

Miniatius Semi-Plena — Large, semi-double, brilliant and attractive; bright vermilion-scarlet, ought to be in every garden.

Rosa Sineis — Flowers red and very large, averaging nearly five inches in diameter.

Rubra — A magnificent double variety with large red flowers.

Versicolore — A variety combining in its flowers all colors of the whole family, being handsomely striped crimson, buff, rose and white.

Double Hibiscus Zehrinus — Petals scarlet, edged and striped with creamy-yellow and white. A unique variety.

The full set of fifteen varieties, including the three new varieties, for $1.25.

NEW HIBISCUS, "Crimson Eye."

This magnificent Hibiscus is unequalled among hardy plants for gorgeous beauty. It is a robust grower, with dark red stems and foliage. The flowers are immense in size, often measuring twenty inches in circumference. The color is the purest white, with a large spot of deep velvety-crimson in the center of each flower. It is a striking combination of color, and one that must be seen to be fully appreciated. A well-developed plant will produce several hundred of these flowers in a season. It will succeed anywhere, and is perfectly hardy, blooming the first year from seed sown in the open ground. We offer both seeds and roots. Price of good strong roots to bloom this year, 50c.

McGregor Brothers, Florists, Springfield, Ohio.
BEAUTIFUL AND RARE FERNS.

These beautiful plants are now very generally cultivated. Their great diversity and gracefulness of foliage make them much valued as plants for vases, baskets or rock work, or as specimen plants for parlor or conservatory. Keep them out of the direct sunlight, and water carefully, that the delicate roots lying near the surface may never become dry.

SWORD FERN. (Nephrolepis Exaltata.)
(Sworn Ferns). A very graceful Fern, multiplying very fast in throwing out vines, on which grow separate plants again. See cut. Price, 20 cents each.

Adiantum Cuneatum.—(Maiden Hair Fern.) A very beautiful and graceful Fern, its delicate fronds being much used for cut flower work. Price, 15 cents each.

Pteris Tremula, or Shaking Fern. One of the finest Ferns for house decoration, growing very rapidly, and throwing up large, handsome fronds. It makes magnificent specimens. Easily grown and very popular. Price, 15 cents each.

Pteris Argyra. (*) Sixten's FERN.*) A very showy Fern with variegated foliage, fronds large, light green, with a broad band of silver white down the center of each. Very distinct. Price, 25 cents each.

Davallia Stricta. One of the finest Ferns in cultivation, whether for growing as a decorative plant in the room or planting out; the fronds are of a strong texture and of a beautiful shade of green. See cut. Price, 25 cents each.

LASTREA ARISTATA VARIEGATA.
This most beautiful variety has a broad band of yellowish green running through the pinnacles along the course of the radius; very ornamental. Price, 25 cents each.

Pteris Cretica Alba Lineata—A very handsome Fern, nicely variegated; grows very rapidly into handsome plants. Price, 20 cents each.

FERN, DAVALLIA STRICTA.

PTERIS HESTATA.
A distinct and handsome variety, with long, graceful foliage. The fronds present a very handsome appearance. Fine for pot culture. Price, 15 cents each.

ONYCHIUM JAPONICUM.
A very beautiful Fern, having long, graceful fronds. The wiry texture of the leaf makes it keep a long time; very useful to cut for vases, etc. See cut. Price, 25 cents each.

MICROLEPIA HIRTA CRISTATA.
A very beautiful, rapid growing Fern that succeeds exceedingly well in house culture. Small plants making fine specimens in a very short time. We know of no other Fern that makes such handsome specimens so rapidly. Its graceful fronds has a striking effect among a general collection of house plants. Price, 25 cents each.

McGregor Brothers, Florists, Springfield, Ohio.

Gentlemen—The plants sent me were received in good condition, as also the extra plants you kindly sent. The latter were unexpected. I thank you.

Yours respectfully,

W. K. R.
**NEW RED BRANCHED**

**HYDRANGEA RAMUS PICTUS.**

Much attention has been attracted to this Hydrangea the past year from the remarkable flowers produced by it. We consider this variety the most elegant Hydrangea grown, for pot culture or for tubs. It is much handsomer than Otaksa, the foliage being darker green, with black stems, making it very distinct. Flower—rosy carmine, changing to blue, the dark green foliage and purple black stems being in contrast with rosy carmine flowers. **Price, 15 cents each.**

**THE PURE WHITE HYDRANGEA**

**THOMAS HOGG.**

A pure white variety, with trusses measuring fifteen inches in diameter. The plants, when full grown, attain a height and width of six feet. Perfectly hardy, and is one of the finest plants for cemeteries. **Price 10 cents each.**

**HYDRANGEA HORTENSIA.**

A well known and favorite old plant, producing large heads of pink flowers in great profusion. It thrives best in a shaded situation, with a plentiful supply of water. **Price 10 cents each.**

**HYDRANGEA OTAKSA.**

A splendid variety from Japan. Flowers bright pink, tinted with blue; produce very freely. **Price, 10 cents each.**

**GLOGHOMA HEDERACEA.**

A most novel and beautiful style of Hydrangea. The flowers are more properly the bracts, are double and similar in appearance to a polyantha rose. The engraving shows a plant in miniature. It attains a height and width of three to four feet, and when in bloom is covered with its rosy-red double blossoms, which, owing to their double form, remain perfectly fresh much longer than the single ones. This is one of the most distinct and useful plants ever introduced, and should be in every collection. Equally hardy as the other Japanese sorts. **Price, 25 cents each.**

**HOLLYHOCKS.**

Few hardy plants combine as many good qualities or lend themselves as readily to varied uses as the Hollyhock. For planting in rows or groups on the lawn or interspersing among shrubbery they are invaluable. The flowers, which are as elegant in shape as a Camelia, form perfect masses of the most lovely shades of crimson, yellow, pink, orange, white, etc. They require a deep, rich soil, and will repay in quantity and beauty of bloom any extra care. We offer a fine assortment in separate colors. **Price, 10 cents each; three different kinds for 25 cents.**

**GLOGHOMA HEDERACEA.**

(Variegated Ground Ivy.) The foliage of this charming novelty is a bright green, marked with pure white, and has a refreshing fragrance similar to mint. **Price, 10 cts. each.**

**HYDRANGEA STELLATA FIMBRIATA.**

**NEW WHITE FRINGED**

**HYDRANGEA.**

A new Hydrangea, which is not only finer, but is also harder than the white Hydrangea, "Thomas Hogg." Invaluable for cemeteries and also a welcome addition to our list of hardy garden plants. The flowers are formed in immense trusses, sometimes nine inches in diameter; the bracts are of the purest white, fringed, and have a crimson spot in the center. Plants attain a diameter and height of from three to four feet. **Price, 20 cents each.**

*McGregor Bros.:* Sirs—Plants and bulbs received on the 19th inst. in fine order. *Many thanks for the discount.*

Respectfully,

Mrs. A. H. C.
Ipomoea Mexicana,

This is unlike all others, as it blooms during the day time and has a strong tuberous root, like a Dahlia, which can be wintered in a cellar. Its leaves are also beautifully divided. The flowers are of a violet-crimson color, and looks like a piece of rich satin. It is very rapid in growth, the tubes giving it an early and young start, which makes its season of usefulness the longest of any climber of its class. Price, 20 cents each; three for 50 cents.

THE BLUE MOONFLOWER

Ipomoea Learii.

(From Ceylon.) A handsome, quick growing, perennial climber. Often flowers in bunches of a half dozen; the flowers are trumpet-shaped, about four inches across, of a rich violet blue, with five purple rays. Grows about twenty-five feet in one season, and is a most attractive climber. Price 15 cents each; two for 25 cents.

DWARF FEVERFEW

Little Gem.

The great value of the old Dwarf Feverfew for cut flowers during the summer, Fall and Winter is well known to florists and others. This variety surpasses it in every way. It is very dwarf, attaining a height of from twelve to eighteen inches. The flowers are larger, of more perfect form and of the purest white. Price, 10 cents each; three for 25 cents.

AZALEA INDICA.

One of the most gorgeously blooming varieties, together with the showiest of all green-house plants. The colors of the flower vary from the purest white to the deepest white to the deepest crimson in untold variations. The soil should always be packed hard when transplanted. Their success depends, however, on the degree of moisture in the atmosphere in which they live. We have a number of the best flowering sorts, that will flower finely the coming Winter. 50 cents to $1.00 each.

SPECIAL OFFER: — SET OF FOUR MOON VINES FOR 50 CENTS.
THREE BEAUTIFUL NEW HELIOTROPEs FOR 50 CTS.

The Black Knight.

This splendid Heliotrope will give great satisfaction. The luxuriant and healthy plants bloom profusely until frost, when they can be taken into the house. The richly fragrant flowers are borne in immense clusters; the color, when unusually rich, dark purple, nearly black; undoubtedly the darkest color yet developed in Heliotropes. Price, 20 cents each.

MME. A. CARRIERE.

(Bruant.) In the line of the three elegant novelties, Mme. A. Duboucha, Mireille and Comtesse de Mortemart, is Mme. A. Carriere; it has a very large violet, contrasting with the bright blue; panicles very large, semi-dwarf, extremely free. Price, 20 cents each.

PICCOLA.

(Eton.) Easy violet with white center. A grand giant variety, also very free and of beautiful habit. Price, 20 cents each.

HELIOTROPES.

These are universal favorites on account of their delightful fragrance. Flowering equally well as bedding plants in summer or as pot plants in the house during the winter. Price, 10 cents each; three for 25 cents; your selection.

Evening Star.—Dark violet, white eye.
Florencé Nightingale.—Dark lavender, fine.
Juliette.—Large heads of rich lilac.
Mad. de Blénex.—Very large trusses of pearly white flowers.
Albert Deleau.—A French variety of great beauty. Foliage is a bright golden yellow, very pronounced, and marked slightly with a delicate green.
Mrs. David Wood.—The new semi-double, although we cannot see any double to it, however, it is a very nice, distinct Heliotrope, with large trusses of violet flowers with light center.
Queen of the Violets.—Its color is of the deepest purple, with large, almost pure white eye, and very fragrant.
Fleur de Lys.—A splendid new sort, having panicles of flowers of the largest size, the individual florets being a wide trumpet shape; beautiful shade of blue, shading to white at the center. Very fragrant.
The Virgin.—This comes to us heralded as far superior to any existing white variety. The introducer describes it as low-growing, and with strong, luxuriant foliage. The flower is very large and of snowy-whiteess.
Md. Bruant.—One of the finest we have ever seen. Plant dwarf and exceedingly free-blooming, immense, panicles of very large flowers, rich purple with large white eye.

CHINESE SACRED NARCISSUS.

ORIENTAL LILY, OR "JOS S FLOWER."

This most satisfactory of all Winter blooming bulbs. No home should be without one. Nothing is easier, cared for or given as great an abundance of deliciously-scented bloom. Fill a bowl, or similar vessel with pebbles, in which place the bulb, setting it about one-half its depth, so that it will be held firmly, then fill with water to the top of the pebbles, and place in a warm, sunny window. The bulb will at once commence rapid growth and bloom in four or five weeks. The bulbs are so large and have so much vitality, they can be kept perfectly dry all Winter, and be planted at any time when the flowers are dried. Price, extra size bulbs; 20 cents each; 3 for 50 cents.

McGREGOR BROS.

Arkansas City, Feb. 18th, 1894.

Kind Sirs:—I wish to return my sincere thanks for your very prompt and generous filling of my order, it came soon and in the best of condition, everything so fresh and green, and I am more than pleased. I am perfectly delighted, and shall take pleasure in recommending you to my friends.

Yours,
Mrs. D. D. X.
PALMS.

ARECA LUTESCENS.

**Areca Lutescens**—A most elegant Palm. One of the best for general decorative purposes, easily grown, useful in every stage of its growth, fine color, graceful habit, stems golden-yellow. Price, 35 cents each; large, fine plants, two feet, 50c.

**Kentia Fosteriana**—(Flat or Thick-Leaf Palm.) This is without exception the most hardy of its class. It is very graceful, and for table decoration scarcely has its equal. Nice plants, 35 cts. each; fine plants, $1.00.

**Chamaerops Excelsa**—This is one of the finest pot plants imaginable and the easiest to grow of any of the Palm family. Being almost hardy, it is not injured by slight changes in temperature, and its stiff, glossy leaves enable it to stand the hot air of the living room without injury. Small plants, 15 cents each; handsome, larger plants, 30 cents each.

**LANTANIA BARBONICA.**

**Lantana Barbonica**—Leaves large, fan-shaped, of a very cheerful green-color; plant of hardy construction, and adapted to all decorative purposes, within or without doors; appreciated by all the plant-loving community. The cut shows a healthy plant of about five years old. Nice, young plants, 15 cts. each; handsome, larger plants, 30 and 50 cts. each; extra size, two feet, $1.50 each.

**Phoenix Reclinata**—This is one of the most exquisitely graceful among palms, its wide-spreading, gracefully arching fern-like leaves are elegant and effective for apartment decoration. Nice young plants, 20 cents each.

**Corypha Australis**—This is one of the most valuable greenhouse Palms; leaves very circular, margin divided into small segments, dark-green; of easy culture. Small plants, 25 cents each; a very nice, larger size, 50 cents each.

**Cocos Weddeliana**—Undoubtedly the most graceful Palm yet introduced to our collection. The stem is slender, leaves long and very beautifully arched, leaves or palms very fine, deep green above, white below. Nice plants. Price, 50 cents each.

**Filifera Palm**—(Washington Filifera.) It has elegant dark-green, fan-shaped leaves, from which hang thread-like filaments as seen in the cut. The plant is a compact grower, well adapted to pot culture. Price, small plants, 15 cents each; larger size, 25 cents each.

**Searotheria Elegans**—Leaves long, gracefully arched, dark green; plant perfectly smooth—a grand decorative plant. Price, 15c.; larger, 30c.; extra, two feet, $1.00.
JASMINES

**CRACILLIMUM.**

A new Jasmine, and remarkable for its freedom of bloom. Beautiful pure white flowers, borne in clusters. Delightfully fragrant. In bloom from October to February. We have two sizes of this delightful Jasmine. Nice plants, 15 cents each; large plants, 25 cents.

**GRANDIFLORUM.**

A beautiful plant, with small glossy, ever-green foliage, handsomely arranged on long, graceful branches, which are inclined to vine. It blooms in the Fall and Winter, bearing in the greatest profusion small, pure white flowers of a spicy fragrance, which is truly delicious. A splendid house plant. Price, 10 cents each; large plants, 25 cents.

**GRAND DUKE.**

This Jasmine is very easily grown, even small plants bear a profusion of very double creamy-white flowers, having a delicious perfume. It is a magnificent plant, and will become one of the most valuable and popular pot plants when it becomes better known. It can be stored in a dry cellar in Winter. Price, 15, 25 and 50 cents, according to size; all good plants.

**REVOLUTUM.**

A yellow-flowered Jasmine, nearly hardy and exquisitely fragrant. Price, 15 cents each; large plants, 25 cents.

**CAPE JASMINE.**

The well-known variety grows into a fine, large bush; fine, rich, glossy foliage, and large double flowers of delicious fragrance. Price, 15 cents each; large plants, 25 cents; extra large, 50c.

**New Jasmine, Maid of Orleans.**

A very attractive new sort, with good sized double flowers, blooming profusely all Summer, shining pale green foliage. We predict for it a rapid sale, as it is so much easier to handle than other Cape Jasmimes, and, on the whole, more desirable. Nice plants, 25 cents; extra large plants, 50 cents.

**JASMINE MALAYA.**

Now that climbers are so much in vogue, we are pleased to be able to offer this very rare sort, knowing that it will delight every purchaser. To be able to have the most delicate, sweet-scented and pure white, waxy-like flowers in profusion almost the whole year round, and dark evergreen foliage to set them off to advantage, is something that cannot be had from other plants. For florists nothing could be more useful, as it blooms more profusely in Winter than at any other time, making it a most desirable house plant. Price, 25 cents each.

**THE ORCHID HYACINTH.**

***(PONTEDERA GRASSIPES.***

A Most Odd, Beautiful and Valuable Plant of Easy Growth.

This is undoubtedly the plant of all water plants for the masses, not only on account of its uniqueness and great beauty, but the limited amount of space it occupies and the perfect ease with which it is grown. It floats on the water by means of its curiously inflated leaf stalks, which resemble bladders or balloons filled with air. A mass of beautiful feathery blue roots grow downward in the water. It forms a lovely rosette of its curious, shining green leaves, and throws up spikes of the most exquisite flowers imaginable, resembling in form a spike of Hyacinth bloom, but as beautiful as many of the choicest and most costly Orchids. Each flower is of large or larger than a silver dollar, in color a beautiful soft lilac rose, sparkling as if covered with diamond dust. The upper petal, which is the largest, has a metallic blue blotch in the center, and in the center of that a small, deep golden-yellow spot. Our cut conveys no idea of the beauty of the spike of flowers, which is often six or eight inches in length and three inches in diameter. Can be grown in the open air in Summer and in the window in Winter in anything which will hold water. In the window the most beautiful effect is produced by using a glass vessel of some sort with shells and white sand so arranged in the bottom as to conceal a small amount of soil. In Summer it can be grown in the yard in a pool or tub of soil and water, and will bloom most profusely. Price, 20 cents each; 3 for 50 cents.
+ Hyacinthus Candicans. +

This is unlike our Spring blooming Hyacinths. Its leaves are deep green, fleshy, resembling some of the Yuccas. The flowers are white, in handsome, pendulous bells arranged on pyramidal spikes, often reaching the height of five feet or more in strong plants. A strong bulb will give from two to three flower spikes, and these produce from thirty to fifty flowers. The plants come into bloom in July and bloom constantly until October. See cut. Price, 10 cents each.

THE BEAUTIFUL NEW CLIMBING PLANT.

MANETTA BICOLOR.

This is the most beautiful and desirable of all vines, as it can be grown either in the house or garden equally as well. In the house it can be trained about a window, forming a wreath of the most brilliant bloom both Summer and Winter. The flowers are from an inch to an inch-and-a-half in length, of a most intense scarlet, shading into flame. Upright with bright golden-yellow, and are covered with a thick scarlet moss. Price, 10 cents each.

Oxalis Ortgesi,

+ (GOLDEN STAR OXALIS.)

Few new plants will give better satisfaction than this, as it is a perpetual bloomer in every sense of the word. It is in full bloom every day in the year when grown in a pot of good soil and with ordinary care. It grows as freely as a Geranium in any situation. It is a shrubby plant, like a Geranium or Fuchsia without bulbs, in which respect it differs from other Oxalis'. It grows from twelve to eighteen inches in height, branching freely and loaded at all times with clusters of bright, golden, star-shaped flowers, which do not close at night like other Oxalis'. Beautiful as the flowers are, it is a splendid plant without them on account of its highly ornamental foliage. The leaves are three lobed, dark, olive green above, and a beautiful shining metallic crimson purple underneath, and wine-colored stems. This makes a truly novel plant, as well as a very beautiful one, and it is surprising to see what attention it will attract. Price, 15 cts.; 2 for 25 cts.

GENISTA CANARIENSIS.

(Fountain of Gold. This beautiful plant deserves the great popularity it has gained in the past two years. The drooping branches are covered with delicate sage-green foliage, and every twig tipped with a long raceme of exquisite pea-shaped blossoms of a pure canary color, almost hiding the foliage, and suggesting the name "Fountain of Gold." Price, 25 cents each.
**Dracaena Indivisa.**

One of the most popular plants for house decoration or for the center of lawn vases. As a single specimen plant for a jardiniere in a hall or drawing-room, it has no equal. It is more graceful than a Palm, and because of its slender drooping leaves is often called a "Fountain Plant." The leaves are of several shades of green, with delicate stripings of yellow and red, which become marked as the plants grow older. It grows rapidly, is adapted to the close atmosphere of the house, and is very inexpensive. We offer two sizes of this desirable plant.

- Nice plants, 15 cents each; large, handsome plants, 25 cents each.

**NEW DOUBLE WHITE DAISY-SNOW CREST.**

A most distinct variety and an improvement on all existing sorts. Its habit of growth and size of flowers, in comparison with older varieties, is gigantic. The flowers, which are borne on stout, stiff stems from six to 10 inches long, are of the purest white and full to the center. When fully developed they rise to a conical or sugar-loaf form, and well-grown specimens will cover a silver dollar. It makes an admirable hardy garden plant or may be forced for cut flowers under the same treatment as violets. Price, 10 cts. each; three for 25 cts.; $1.00 per dozen.

**Grevillea Robusta.**

*(The Silk Oak.)*

A magnificent plant for decorative purposes, of rapid, easy growth, fully cut foliage, rivaling a rare fern. The young, growing leaves are a light brown color, the tips being covered with a soft down, closely resembling raw silk, hence the name of "Silk Oak." In its native place it attains magnificent proportions and produces an abundance of bright, orange-colored flowers. We offer three sizes of this beautiful plant.

- Nice little plants, 15 cents;
- a larger size at 25 cents;
- choice specimens at 50 cents each.

**Dracaena Terminalis.**

A superb species, with rich crimson foliage, marked with carmine-pink and creamy-white that words cannot describe the exquisite coloring. This is one of the most admired of the decorative species, its elegant habit and extremely beautiful lively coloring giving it marked value. It is a rapid grower, and for room adornment or as a vase plant for out-of-door use it is indispensable. Price, 50c. each.
Butterfly Orchid

This splendid orchid is one of the most desirable plants offered. Every one knows the beauty and value of a good Orchid, but on account of the extravagant price few people are able to possess one. Here is an opportunity of getting one of the best and easiest growing sorts for only 35 cents.

All that is necessary to grow it successfully is to secure the plant and a little moss bunched around the roots to a piece of board or bark, and suspend it in a window or conservatory. Keep the moss wet and the plant free from dust and you will have a unique and beautiful object. It blooms freely, producing large panicles of gay flowers which keep perfect a long time. The flowers are composed of several colors which are delicate and butterfly-like. Price, strong plants of blooming size, 35 cents each; three for $1.00.

CRINUM

(Amaryllis Flowering Crinum)

An evergreen species, and of the easiest culture, is best grown as a pot plant and can be wintered in the cellar if the soil is kept nearly dry. Like most Amaryllis, the Crinums bloom best when somewhat pot-bound. Its large, white, exquisitely-fragrant, lily-like flowers are produced in an umbel and borne on a tall scape. A striking plant and far more beautiful than many of the high priced Amaryllis, and in cultivation blooms several times a year. It can be kept growing and blooming (at intervals) the year round. Price, 35 cents each; three for $1.00.

CRINUM AMERICANUM

Pine Apple Air Plant

In this we have a most ornamental and unique hanging plant. Unlike other plants it requires neither soil nor fertilizer, its roots serving only to fasten itself to the branches of trees, while it derives all its nourishment from the air. Secure the plants to a forked stick, piece of bark, wire frame, bunch of moss or anything of the sort, and suspend them in a window, and they make one of the most attractive objects that can be had. The leaves are very beautiful greyish-green, long and pointed, and curve and droop most gracefully. It is of the easiest growth, and will thrive in any spot, requiring only a good sprinkling of water once or twice a week. When a plant attains a good size it will bloom, producing a large forked panicle as seen in the cut. Price, 25 cents each; three for 50 cents.
THE TRUE BERMUDA—Easter Lily.

(Lilium Harrisii.) Pure, pearly-white, deliciously fragrant, and a remarkably profuse of bloom characterize this charming and celebrated Easter Lily. The most valuable quality of this grand variety is that it can be grown to flower in the greatest profusion from the Christmas holidays throughout all the winter months until spring, according to the time planted, and the temperature at which it is kept. The flowers are fully six inches in length of the purest white, and of the most delicious fragrance. Price, fine bulbs, 25 cents each; five for $1.00; extra large, 35 cents; three for $1.00.

LILIAM AURATUM, Golden-Rayed Queen of Lilies.

The grandest Lily grown, and a never-failing delight. We take pleasure in showing it to people who have never seen it. It seldom fails to create a sensation. The perfume is exquisite, light, yet penetrating. Magnificent by daylight, but by moonlight a well grown plant, carrying five or more blooms, is simply indescribably beautiful. Also known as "Gold-Banded Lily from Japan." Price, 30 cents each; four for $1.00.

LILIAM CANDIDUM.

The pure white garden or Easter Lily; flowers snow-white, with heavy yellow stamens, hardy and free-blooming, bearing five to twenty blossoms. Plant early and leave them undisturbed. Price, 20 cents each.

LILIAM RUBRUM.

White ground, with hand and spots of rose or crimson on each petal. One of the best Lilies. Price, 25 cents each.

LILIAM LONGIFLORUM.

A variety bearing in clusters beautiful snow-white trumpet-shaped flowers of rare fragrance; almost exactly Lilium Harrisii in shape, but blooms later, extending the season of that beautiful kind. Price, 20 cents each.

DOUBLE TIGER LILY.

(Tigrinum Fl. pl.) This magnificent Lily is borne in immense clusters on tall stems; the flowers are very large, frequently six inches across, and very double; color, deep fiery red, spotted with black; my illustration gives but a faint idea of the showiness of this superb Lily. Price, 25 cents.

LILIAM OF THE VALLEY. *

One of the most charming of Spring flowering plants, producing in profusion its delicate, bell-shaped, delightfully fragrant white flowers. It will thrive in any common soil, and will do well in shady situations, where few other plants will succeed. Price, 5 cents each; six for 25 cents.

NEW PINK JAPANESE SPIDER LILY.

The White Spider Lily pleased everybody so well after we brought it to their notice that this bright-colored variety cannot fail to create a great sensation and become immensely popular. A clump of bulbs produces a large number of spikes of the most delicate flowers, varying their colors from a pinkish-salmon to pink, while many sorts produce flowers of a bright vermillion and a deep scarlet. The petals are beautifully undulated, and by an artificial light they sparkle like jewels. The bulbs are not as large as the white variety. Price, 25 cents each.

THE WHITE JAPANESE **

Hymenocallis (Pancratium Carthaeum.)

This magnificent Spider Lily produces immense numbers of often as many as twenty-five flowers, and nearly always two or more flower spikes at the same time. The flowers are airy and fragrant appearing, and deliciously scented. The florets are disposed in rays, and resemble an immense spider, hence its name. In the center of each flower is a beautiful crown or center, resembling tissue paper. The cut conveys a good idea of the great beauty of both, the plant and its flowers. Price, for fine, large bulbs that will flower freely, 25 cents each.

The True Bermuda Easter Lily.

The White and Pink Spider Lilies for 40 cents.
The newer varieties of this King of Iris, recently introduced from Japan, are marvels of beauty and staleness. Think of a plant sending up to the height of three feet a dozen flower spikes, each spike bearing from two to four enormous blossoms eight or ten inches across, and of the most delicate and beautiful colors, markings and combinations. Think of a bed of all colors, white, indigo, violet, lavender, mauve, sky-blue, royal purple, blush, yellow, etc. Your imagination can conceive of nothing grander, and when you see them you will realize that they are infinitely more grand and beautiful than your imagination could portray. Such are these new Iris Kämpferi, the King of hardy perennial plants. Once planted in your garden, they are a joy for a lifetime without further care, blooming profusely in June and July, during which time they are the greatest attraction your garden or lawn can contain. Price, 10 cents each; three distinct kinds for 25 cents.

Phlox.

** HARDY PERENNIAL. **

The New French Varieties all carry very fine, distinct pure colors, in great trusses, many of them beautifully shaded and marked with very distinct, clear, bright eyes. They require no care but dividing and resetting every second year.

Instead of the thin flowers, which were limited to lilac and white colors, we now have gorgeous flowers, combining all the different tints of rose, carmine, red and purple, to say nothing of the pure white and salmon, with their distinct eyes. Perfectly hardy everywhere. Price, 15 cents each; the set of eight for $1.00.

CROSS OF HONOR.

Beautiful light rose color, striped pure white; an excellent flower. Price, 20 cents each.

Luther—Brilliant salmon-rose.

Mille. Ladonette—Rose-blush, deep rose eye.

Miss Robertson—Pure white; dwarf.

Saison Lierre—White; center violet.

Triumph de Twinkle—Rose magenta.

Washington—White; rose-purple center.

SMILAX.

This very great climber is a great addition to our basket plants, possessing the rare qualities of delicate and tolerably dense foliage, and istic habit, admirably adapting it to clinging or drooping, as may be required. For using for a green with cut flowers it has no equal, its hard texture enabling it to keep for several days without wilting after being cut. It is also fine as a parlor or window plant. Price, 10 cents each: three for 25 cents.
McGregor Brothers, Florists, Springfield, Ohio.

THE NEWEST PETUNIAS FOR '95

This set of Petunias have never been offered to the public before, and were grown by Henry A. Deer, of Philadelphia, who is the world-renowned Petunia grower, this being enough to satisfy the purchaser of their quality. Price, 15 cents each; set of 10 for $1.50.

Gem—A large flower, beautifully variegated, carmine, rose and white.

Excelsior—Pure white, mottled with crimson and purple.

Eureka—Intensely rich purple, splashed and mottled with white.

Rosea Superba—A bright but soft pink; very pretty.

Ada—Crimson, center shading to blue, with white edges.

Clio—Pure white, crimson mottled center.

Souvenir—Purple carmine, edged and rarely flaked with white.

Talisman—Pure white, lightly flaked with purplish crimson; an unusually deeply fringed variety.

Enchantment—A fine, self-colored, rich, deep purplish crimson.

Picco—Rosy carmine, edged with white, very fine.

Victory—Peculiar shade of pale lilac, edged with white and rich purple veins, very delicious.

PETUNIAS.

Older varieties from our superb standard list, 10 cts. each; 3 distinct varieties, 25 cts.: Metersideros Tomentosa.

A very beautiful and scarce shrub from New Zealand, called by the Colonists "Fire Tree," on account of its brilliant flowers. This shrub can be housed as easily as a Crape Myrtle or Pomegranate. The graceful Myrtle-like foliage, and the peculiar shape of its bright scarlet flower makes it very effective among other plants. Price, 25 cents.

Peristrophe Angustifolia Variegata.

A beautiful plant, with brilliant, golden foliage, striped with green, in an elegant article in vases, baskets, borders, or any similar position. Delicate violet flowers. Price, 10 cents each.

PILLEAS

--- ARTILLERY PLANT. ---

Muscosa—Artillery Plant, graceful fern-like foliage and immense numbers of very small flowers, which produce a snapping sound when sprinkled. Price, 10 cents each.

Repens—A pretty little plant of drooping or creeping habit, peculiar fern-like foliage. Price, 10 cents each.

Grandis—Until it comes into flower you would never suspect that this belongs to the same family as the "Artillery Plant," (Pilea Muscosa.) It makes a most graceful plant, with large leaves of golden green color. Price, 10 cents each.

The Three Varieties for 25 Cents.

LINUM TRIGYNUM

A Winter-blooming plant of great beauty, producing in the greatest profusion very large and very showy blooms of a bright yellow color. The plant is a complete mass of bloom for a long time during Winter, and is one of the most beautiful Winter bloomers it is possible to have. The flowers are about the size of a Morning Glory, and no matter how small the plant is it will bloom profusely. Price, 10 cents each.
Our Celebrated

EXCELSIOR PANSY PLANTS.

THE EXCELSIOR PANSY...

The gigantic size of the flowers, luxuriant growth, perfection of bloom, and exquisite blendings of gay and fantastic color is utterly indescribable. The gigantic flowers are produced in great numbers, and borne well above the foliage on strong stems. The flowers possess great substance, and keep perfect longer than most any other sorts. The colors are truly wonderful, including over a hundred different shades and combinations, with blendings and markings entirely new, and of most exquisite beauty. Nice plants for immediate planting that will come into flower at once. Price, 5 cents each; 40 cents per dozen; three dozen for $1.00.

Yellow Marginated.—Beautiful color, with marigold or belt of yellow. Price, 5 cents per packet.
PANDANUS UTILIS

For majesty of form and gracefully arranged foliage this is without a peer, while its vigorous constitution enables it to stand more neglect, without serious injury, than almost any other plant we know of. As an ornament for the window its glossy dark green serrated foliage renders it unusually attractive, while as a vase plant or single specimen in greenhouse or conservatory it can not be surpassed. It is also largely used to decorate the halls in our finest private residences, and shows grandly on the lawn when grown to a sufficient size. See cut. Price, 25 cents.

CROWN OF THORNS
(EUPHORBIA SPLENDENS.)

A curious plant with thick, fleshy twining stems, which are covered with stout, sharp spines nearly an inch long. There is a tradition that this plant furnished the material for the "Crown of Thorns" used in the divine tragedy. The foliage is bright green and the flowers are a beautiful coral pink, very pretty when in bloom. Price, 20 cents each.

NEW OTAHEITE

* DWARF ORANGE.

Among the new varieties of oranges that have been recently introduced from Japan and other countries, there is one dwarf free-flowering variety, which is suitable for pot culture, and which with anyone proves one of the most desirable pot plants. It is possible to possess. We refer to the Japanese Otaheite. While it will grow three or four feet high and branch freely, it is not an uncommon thing to see little cutting plants five or six inches high full of bloom, and even bearing one or two mediumsized oranges. The fruit at their best are not more than half the size of an ordinary orange, but are very bright and beautiful in color and delicious in quality, but it is for its flowers more than its fruit which commends it to general cultivation. When it blooms it is so full that it seems to be all flowers. The pure waxy white blossoms emit a delicate yet powerful fragrance, which is surpassed by no other flower. Price, small plants, 15 cents; large plants, 25 cents; extra large, 50 cents.

The Trifoliate Orange.

This new hardy orange delights all who like beautiful and novel hardy plants. An Orange Tree growing vigorously on the lawn or in the garden, blooming and fruiting in abundance, is certainly a rare sight. The beautiful little trees are entirely hardy in the open ground as far north as Boston. They are of dwarf, symmetrical growth, with glossy green trifoliate leaves. The lovely pure white orange blossoms are elegantly perfumed, and borne in constant succession. The fruit is small, bright red in color and very curious. Price, 20 cents.
Russelia Juncea.

OLEA FRAGRANS

This is a fragrant house plant with deep green foliage, similar to a Camelia, and bears small clusters of delicate white flowers in great profusion during the Fall and Winter, highly odoriferous both in foliage and flowers. The perfume of a single plant is sufficient to fill a conservatory or room. Nice plants, 25 cents; larger plants, 50 cents.

Helianthus Multiflorus.

HELIANTHUS MULTIFLORUS X X X X

THE DOUBLE GOLDEN SUNFLOWER.

A double perennial “Sunflower.” It is a great addition to our hardy herbaceous plants. Its dark golden-copper color is both fashionable and beautiful for cut flowers, and planted singly or in clumps on the lawn gives a splendid effect. The plant grows about three to four feet high, bearing numerous large golden heads of flowers as large as Dahlias, and continuing in bloom until frost, and will be much prized as corsage flowers. Give it a trial and you will be surprised and delighted to find how beautiful it is—never needs to be replaced, as it is a hardy perennial, coming up every year. Price, 10 cents each; 3 for 25 cents.

Clerodendron Balfouri.

We can safely recommend this grand Clerodendron as one of the most satisfactory plants for window culture now known. It is a vigorous, rapid and healthy grower, and produces an abundance of blooms, which are bright crimson, surrounded by nearly white petals, producing a striking contrast against the dark green foliage. It can be used for a fine specimen pot plant, and can be grown in fine form by cutting off the ends of the growing shoots. A partially shaded position is conducive to rapid growth. Price, 15 cents.

McGregor BROS.

July Hill, New York, March 17, 1896.

Dear Sirs—My plants arrived safely yesterday. I was delighted with their size and condition. Many thanks for the many choice extra sent.

Respectfully,

Mrs. Wm. N. K.
**FITTOMIA ARGYRONEURA**

_SALVIA SPLENDENS._

Flowering Sage.

One of the finest of fall-blooming plants, being completely covered in Autumn with long spikes of scarlet flowers, remaining in bloom until cut down by the frost. Price, 10 cents; 3 for 25 cents.

**SANCHEZIA NOBILIS VARIEGATA.**

Bright green leaves with distinct yellow markings, bright yellow tubular flowers with bright crimson bracts, of free growth. Price, 20 cents each.

**IVY—GERMAN OR PARLOR.**

Mikania Scandens.—A strong growing climber, with green foliage, suitable for large baskets and vases. Price, 10 cents each.

Senecio Scandens.—(New German or Parlor Ivy.)—A more rapid or succulent kind, well adapted for covering trellis work quickly or trailing in the parlor. Leaves glossy—green and flowers yellow, in clusters. Price, 10 cents each.

**OTHONNA—GRASSIFOLIA.**

Resembles the Sedums in growth and foliage; flowers bright yellow, produced very freely. A fine plant for baskets or vases. Price, 10 cents each.

**STREPTOSOLER JAMESONII.**

The plant was first introduced from Central America; produces large trusses of deep orange flowers, passing to a rich, scarlet-crimson; it commences to flower early in March and continues quite full through June and July. Price, 10 cents each.

* THE BEAUTIFUL HOUSE PLANT. *

**SANSEVERIA × ZEALANICA.**

This beautiful house plant is well adapted for the decoration of sitting rooms, halls, etc., as it stands dust and neglect of watering with impunity. The leaves are shown in illustration, grows to a length of three to four feet, and are beautifully striped cross-wise, with broad, white variegations on a dark-green ground. His a rare and beautiful plant which should be abundantly grown for positions out of the reach of sunlight, where other plants will not thrive. When you consider that it can be placed in any position in any room and do well, its great usefulness is at once apparent. It has a singular beauty for decorative purposes which other plants do not possess, and is useful both Winter and Summer. The beauty of its leaves and the handsome spike of flowers it produces make it one of the most desirable plants known. Price, small plants, 25 cents each; large, handsome plants, 50 cents each.

**FITTONIA.**

This pretty species is well adapted for ferneries and wardian cases, or wherever the atmosphere can be kept moist and variegated leaves make them very attractive when grown with other plants. The cut gives but a faint idea of their beauty. When well grown they make splendid specimens for the hot house. We offer you two distinct varieties.

_Argyroleuca.—Bright green foliage, beautifully netted with silver-white._

_Verschaffeltii.—Foliage deep green, with veins varying from red to rich pink._ Price, 15 cents each, or two varieties for 25 cents.

**SEMPERVIVUM REPENS.**

This is one of the greatest curiosities of all the succulents, and may be justly called the miniature Banyan tree, for its roots are sent downwards and become stems of the plant for its support, and when grown in a pan or shallow pot it is very interesting. Price, 15 cents each.

**LOPEZIA ROSEA.**

Fine glowing red flowering plant, blooming continually from November to April. Price, 10 cents each; 3 for 25 cents.
THE NEW

Mexican Peperomia.

It is a lovely trailer, to be used as one would use th old "Wandering Jew." It makes an attractive trailing or creeping vine, as its leaves are exceedingly beautiful, being a dark, velvety-greenish black, freely blotched with silver. Price, 25 cents each.

DAY LILIES.

Funkia Japonica Grandiflora—This makes a handsome plant, with broad, ovate leaves, and produces pure white fragrant flowers, of large size, in great profusion. Perfectly hardy, and increases in size from year to year. Price, 20 cents each.

Funkia. Sieboldii—Has the most effective foliage of the entire genus. A strong grower, with light purple flowers. Price, 20 cents each.

Funkia. Folis Variegata—Beautiful broad foliage, which is splashed and marked white, produces pure white fragrant flowers, of large size, in great profusion. Perfectly hardy, and increases in size from year to year. Price, 25 cents each.

THE THREE VARIETIES FOR 50 CENTS.

BRAZILIAN PLUME PLANT.

JUSTICEA SANGUINEA.)

This plant is a native of Brazil and of the easiest possible culture, and seems to do equally well in all kinds of soil, and in any situation, requiring but very little attention; it is, in fact, one of the few plants that everyone can grow successfully. It is a strong, rapid grower, and throws long shoots, each of which is tipped with the beautiful pink, plume-like flowers, the ends of every petal drooping in a most charming manner. In appearance the blossoms resemble somewhat a mammoth pink chrysanthemum, but are four or five times as large, and the petals broader and of a different formation. It is a grand pot plant, commencing to flower when the plants are very small, and blooming profusely for several months out of the year. Price, 20 cents each; three for 50 cents.

MEXICAN PEPEROMIA.

Hardy Primroses.

DOUBLE, WHITE AND YELLOW.

These hardy Primroses flower equal to the Chinese varieties, and are perfectly hardy, producing a great quantity of double white or yellow very fragrant flowers. They require a cool, rather shaded situation, and can be kept for years without being disturbed. It would be well in northern latitudes to give them a slight covering of leaves. Price, 25 cents each; the two varieties for 40 cents.

Primrose.

CHINESE.

Few plants give better satisfaction than the Primrose, especially for winter blooming, for which it is particularly adapted. It should be kept in a cool place. A north room is best. They may be bedded out in a cool shady place. There is no plant that will produce more flowers during the winter months than the Primrose. Our Primroses are large flowered and beautifully fringed, and we are confident will please you. Price, 10 cents each; three varieties, your selection, for 25 cents; the set of seven varieties for 50 cents.

Alba—Flowers pure white; the foliage pale green.
Rubra—Purplish red, white eye. Fine, strong grower.
Kirmesina Splendens—Bright carmine pink, with distinct yellow eye.
Globosa Alba—Pure white, compact grower. Flowers well up above the foliage.
Coccinea—Bright red, large flowers, beautifully fringed.
Silver Queen—A beautiful, snow-white, fringed variety.
Striata—Flowers white, striped and blotched purple-red.
Strobilanthes Dyerianus.

**THE LATEST NOVELTY**

This plant will undoubtedly become universally popular on account of its brilliant and exquisite coloring, its extraordinary easy growth and usefulness as a decorative plant. It surpasses the finest Coleus, Begonias, or Berlimestone, in the exquisite coloring of the leaves, besides which the long racemes of lovely violet blossoms with which the plant is covered in mid-winter greatly enhance its value, beauty, and usefulness. The undulation on the surface of the foliage is furnished with a bluish metallic hue, shading into light rose with a light green margin. It will prove a valuable acquisition, both as a bedding and decorative plant. [See illustration above.]

Price, 33 cents each; three for $1.00.

---

**THREE BEAUTIFUL Plumbagos.**

*RED, WHITE AND BLUE.*

Plumbago, Capensis Flora Alba—This is a splendid novelty. The exact counterpart of Plumbago Capensis, except in color, this beautiful novelty being a pure white. This is one of the leading new plants of the year. Do not confound this with the old worthless white. Price, 15 cents each.

Capensis—This produces large heads of light blue flowers; has the most peculiar shade of blue of any flower in cultivation. Always in bloom, and an elegant borderer. Price, 15 cents each.

Sanguinea—A pretty winter-blooming sort, producing large spikes of rosy-carmine blossoms, which last a long time. A splendid house plant. Price, 20 cents each; the three varieties for 40 cents.

**THE BEAUTIFUL VINE**

Solanum Jasminoides Grandiflorum

This beautiful new plant is of a trailing or climbing habit, but seldom attains a greater height than three or four feet, and if desired can then be cut back to a bush form. It has star-shaped flowers, something like a clematis, and borne in large clusters or panicles frequently a foot across. They are in color a pure white, with violet-tints on the back. It is equally a good bloomer in Summer and Winter and is wonderfully effective when planted to cover a wall or trellis, showing hundreds of magnificent panicles of bloom. When planted jointly with the beautiful Manettia Vine, it makes a splendid appearance, both plants having the desirable quality of the blooms, remaining perfect for a long time before falling. Price, 10 cents each: 3 for 25 cents; 7 for 50 cents.

---

**STAPELIA SERPENTINA.**

A curious succulent branching plant without leaves, resembling cactus, producing singular and beautiful flowers, star-shaped, nearly two inches across; dark brown, spotted with yellow. [See illustration.]

Price, 15 cents each; two for 25 cents.
NEW DOUBLE WHITE. * ANEMONE, WHIRLWIND.

A BEAUTIFUL semi-double form of the Autumn blooming White Anemone. In habit the plant is like the old Anemone Japonica Alba; the same strong growth and healthy foliage, and fully as free a bloomer. The flowers are 2½ to three inches across, with several rows of large white petals; very durable, lasting much longer than those of the single variety. The plant is perfectly hardy, having stood the past five winters in the vicinity of Rochester, N. Y., without the slightest protection. One of the finest hardy plants for cemetery planting, and excellent for cut flowers.

Price, 25 cents each; five for $1.00.

THE BEAUTIFUL MEXICAN PRIMROSE.

A charming basket or pot plant, just brought to notice by the extensive advertising of John Lewis Childs, Floral Park, New York. It is certainly a very worthy plant, and indispensable to every collection. Flowers of a beautiful, bright, clear pink color, veined with scarlet, and with a bright center. The superb color, combined with airy grace and beautiful form, goes to make a flower which is in beauty perfection itself. The plant seldom grows over ten inches in height, but inclines to a trailing habit, spreading its branches out over the ground, or drooping over the sides of the pot. We offer nice plants at 8 cents each; four for 25 cents; ten for 50 cents.

ANEMONE—*** JAPONICA ALBA.

One of the most showy of all our Autumn blooming herbaceous plants. They commence to bloom in August and continue to increase in beauty until the end of Autumn. They thrive best in light, rich, somewhat moist soil and should not be transplanted more than is necessary to divide them when they become too thick. A covering of leaves, straw or long manure is sufficient for our most severe winters. Price, 15 cents; two for 25 cents.

MEXICAN PRIMROSE.

EULALIAS.

Japonica Variagata—A very graceful, tall, ornamental grass from Japan. Its long, narrow leaf-blades are striped green, white and often pink or yellow. It throws up stalks from 4 to 6 feet in height, terminated with a cluster of flower spikes. Price, 15c. each; 2 for 25c.

Japonica Zebra—This is one of the most beautiful and distinct hardy plants in cultivation. The foliage is distinctly marked with broad, yellow bands. It grows from 5 to 7 feet in height, forming a most striking and graceful plant. Plant entirely hardy, whether used as a single plant or grown on lawns. Price, 15c. each; 2 for 25c.

Gracilis Unvittata—Narrow green leaves with a silvery-white midrib. This plant is of most graceful habit and is very useful for decorative purposes and the center of vases, as well as making an attractive lawn plant. Perfectly hardy. Price, 15c. each; 2 for 25c.

TIGRIDIAS.

THERE HAS BEEN great improvement in this flower during the past few years. Not only have the yellow and crimson ones been greatly improved in color and size, but we now have to offer a grand new white variety, which is the finest novelty sent from Europe in several years. The Tigridias should be planted in the open ground in May. They commence blooming early in July and produce an abundance of gorgeous flowers till October. Late in autumn the bulbs should be lifted, dried and stored in the cellar like Gladiolus. They are one of the easiest plants in the world to cultivate, always sure to bloom abundantly in any situation, and the large, showy flowers are sure to attract and please. Price, fine mixed varieties, 5 cents each; six for 25 cents.

Dear Sirs—My plants and seeds came all right. Thanks for the many extra plants you sent. I will surely endeavor to do all I can for you in return for the so many fine extras.

Respectfully,

MRS. M. A.
ficus * Elastica.

- INDIA SUBBER TREE.

Very large, smooth, leathery leaves, ever-green foliage. Generally esteemed one of the finest house plants worked, the plant attaining a large size and tree-shape. Each new leaf is enclosed in a long, coral-red envelope, looking like a great red flower-tub. A very fine plant for the lawn or bay window. Price, fine plants, 50 cents to $1 each, according to size.

Ficus Elastica.

Tabernæmontana

(Coronaria Fl. Pl.)

A compact, handsome plant that can be grown into very large specimens. Pure white, with thick waxy, and beautifully crimped petals. Blooms very freely, and for a long season. The plant can be preserved from year to year like an Oleander, and is really of great value. Price, 40 cents each.

Violets.

Swanley White.—This is a sport of the popular and well-known Violet Marie Louise, and is in every way equal to its parent having the same growth, the same freedom of flowering, the same perfect perfume, and the individual flower equally as large and of the pure white. This is unquestionably the finest white Violet ever introduced. Price, 10 cents each.

Marie Louise.—Bolted, fine flowers, very fragrant and very prolific. The color is a dark blue, flowers double. This is the favorite double blue Violet that you see in the florists' stores. Price, 10 cents each.

Neapolitan.—Very delicate lavender-mauve, tinted azure blue, with pure white centers; the flowers are large and evenly expanded and have the sweetest fragrance. Price, 10 cents each.

One each of these three beautiful varieties for 25 cents.

Gladiolus.

Large bulbs, which bloom during the Summer and Fall. The flowers are arranged on long spikes, and are very richly colored, and often gorgeously marked and blotched. By planting at intervals of a couple of weeks from early in April until July, flowers can be had continually from June until frost. They should be taken up in the Fall and kept in a dry cellar or cool closet until Spring.

FROM OUR SUPERB MIXTURE.

Price, 6 for 25 cents; 12 for 40 cents; 25 for 75 cents; 100 by Express for $2.00.

These comprise some of the best varieties that unfortunately got mixed, and are the first seedlings of the finest strain, and are every conceivable shade and marking. To those wishing only a fine display and not caring to keep varieties true to name, these answer every purpose. Try a dollar's worth. They will give you a great deal of pleasure if cut when just showing color, before opening, and put in vases of water in the house. They will last two or three weeks, besides making the shades of color more delicate.

Murray, Iowa, March 25, 1896.

Gentlemen—The flowers received Monday, March 25, in good condition, and was more than pleased with the order. The Very truly,

Mrs. F. H. H.
THE BEAUTIFUL NEW

Swainsonia Galegifolia Alba.

We bring prominently before flower planters this very distinct climbing plant for house culture and protected spots in the garden. The Swainsonia belongs to the Leguminosae, and is a native of Australia. The habit of growth is extremely graceful, and the vines, trained up at the side of a window or on a trellis, present a lovely sight of light-green, feathery foliage, and a splendid profusion of pure white sprays of fairy-winged flowers, somewhat resembling Sweet Pea in form. Easily grown, and under favorable conditions it is almost a perpetual bloomer. There is certainly no climbing vine for house or conservatory culture to-day that is more desirable than this fine, new plant. Fine plants, by mail, 20 cents each; three for 50 cents.

The Hardy Plumbago * * *

**Lady Larpent.**

This beautiful variety of Plumbago (P. Larpentae) was first popularly introduced in 1799. Since that time it has so thoroughly pleased all who have planted it, achieved such great popularity, which, coupled with our own thorough tests and observations, demonstrate that it is unquestionably the most distinct and valuable hardy herbaceous plant now in cultivation. The plants are strong, upright in habit, growing to a height of twelve to fifteen inches in compact clumps, and from the middle of July until severe frost are covered with lovely, rich, violet-blue colored flowers, borne in close terminal heads. (We had thousands in bloom on our grounds the past season as late as October 25th.) The foliage is unique, finely serrated and fringed the stems. We heartily recommend this fine variety for edging walks, beds or borders, or single specimens set in mixed flower vases or beds, where they appear in lovely contrast with other flowers. Price, 15 cents each.

**THE LATEST NOVELTY IN CLIMBERS**

**The Blue Solanum.**

(Solanum Azurem.)

Certainly one of the finest plants lately introduced. Everyone is well acquainted with Solanum Jasminoides, and its merits are greatly appreciated. In "The Blue Solanum" we have a far superior plant in every respect. It is of robust growth, soon making fine specimens that will climb over and cover a porch with the most handsomely cut foliage. In mild localities it is covered during the late Summer months with hundreds of clusters of large, lavender-blue, Wisteria-like flowers, brightly set off with golden stamens, each cluster measuring 15 inches in circumference, and often attaining a length of 12 inches. The flowers are succeeded by bright scarlet berries, remaining perfect for a long time. It is the most beautiful flowering vine that we have seen. A brilliant future stands before it, especially as a greenhouse or conservatory plant. We notice that it is offered in Europe under another name at 1$ per plant. Our price is 25 cents.

Atwood, Mass., May 4, 1894.

Respectfully,

McGregor Brothers, Florists, Springfield, Ohio.
VERBENAS

One of the most useful and popular plants for bedding out, affording constant bloom and almost endless variety of colors and markings; and are of the simplest culture and management. As the preference seems to be for mixed beds of Verbenas, we offer them this year in endless variety, unnamed, at 8 cents each; 5 for 25 cents; 25 for $1.00.

RIVINA HUMILIS.

A very pretty plant on account of the long racemes of bright scarlet berries with which it is loaded at all times of the year. It grows like a weed and begins to bloom and fruit when very small. It is exceedingly ornamental, both Summer and Winter. Its beauty being so entirely unlike that of other plants, it is always an odd and attractive object in any collection. 15 cents each.

VINCA MAJOR—VARIECATA.

A beautiful variegated trailing plant, admirably adapted for hanging baskets and vases. The leaves are a glossy green, broadly margined a creamy white; flowers blue. Price, 10 cents; large plants, with vines two or three feet, 25 cents.

VINCA HARRISONI.

A variety of strong growth, margin of leaves a deep dark green, with the central portion light green, furnishing an abundance of star-shaped, light blue flowers. Price, 10 cents; large plants, 25 cents.

TRADESCANTIA.

The varieties named below are very pretty for hanging baskets, they are all of rapid growth and delightful in a warm situation.

Multicolor—Nearly every one is acquainted with the old Zebrina. The one now offered is the most beautifully variegated purple, scarlet and white. Price, 10 cents.

Zebrina—Leaves striped with silvery white on dark ground. Price, 10 cents.

SAXIFRAGA SARMENTOSA.

A handsome plant of low habit, leaves nearly round and striped freely with silver bands, blooms white, of great beauty and borne in spikes nearly twelve inches high, fine for hanging baskets, vases, etc. This is also known as Strawberry Geranium and Beefsteak Plant. Price, 8 cents; four for 25 cents.

RUBUS GRANDIFLORA

* * * * * * * * * * * *

BRIDAL ROSE.

Large, double, pure white flowers, very showy and desirable. Price 15 cents

DOUBLE TUBEROSES.

Its pure, waxy color and delightful fragrance makes it the most popular of all flowers for bouquets and baskets. Our bulbs are very fine, and we can guarantee that all will bloom if properly treated. Price, 10 cents each; three for 25 cents; fifteen for $1.00; twenty, by express, for $1.00.

PEARL.

The value of this sort over the common variety consists in its flowers being of large size, imbricated like a Rose, and of dwarf habit, growing only eighteen inches high, fine for hanging baskets, vases, etc. Price, 15 cents each; 3 for 25 cents; 15 for $1.00; 200, by express, for $1.00.

EXCELSIOR PEARL.

This variety is dwarfer than either of the other varieties in cultivation. Very large, pure white flowers, beautifully imbricated, delightfully fragrant. Price, 15 cents each; 2 for 25 cents; 10 for $1.00.
**A FEW OF THE BEST**

**Hardy Shrubs, Vines and Herbaceous Plants.**

---

**ALTHEA**

**Rose of Sharon.**

This is really one of the most showy and beautiful flowering shrubs. The flowers are of large size, very double and full, and of various brilliant and striking colors. It blooms freely during August and September, when scarcely any other tree or shrub is in bloom. In fine variety, 15 cents each.

**Large Flowering Clematis.**

The Clematis is, no doubt, the handsomest of all climbing flowering plants. They repay careful handling and slight protection the first year or so by being smothered with flowers and making rapid growth thereafter. No illustration in color or on wood can equal the beauty of this plant. We have fine, strong plants in variety which we offer at $50 cents each.

**Clematis Flamula.**

**VIRGIN'S BOWER.**

A general favorite where a hardy growing, graceful vine is desired. Its small, bright green foliage is almost hidden by large clusters of fragrant white flowers. Price, 25 cents each; five for $1.00.

**Calycanthus Floridus.**

**Naderia Vine.**

The Naderia Vine is a popular and favorite tuberous-rooted climbing plant, with dense and beautiful climbing foliage, and of very rapid growth, twining on strings to a great height, or forming garlands in any favorable form. In the autumn it is covered with racemes of feathery-white flowers, sweet and fragrant as muskroot. It will grow anywhere, but does best in a warm, sheltered sunny location. It is also a very pretty plant for training around the windows in the house.

Tubers, 5 cents; 50 cents per dozen, postpaid.

---

**SPIREA**

**Beautiful Shrubs of the Easiest Culture.**

They are all hardy and showy flowers, usually in clusters, and free from insects or disease. Every desirable for shrubbery or flower gardens. Price, three-year-old-plants, 25 cents each; by express only; small plants, 15 cents each.

**Spirea Billardii**—A strong growing, pink flowered, late blooming species.

**Spirea Collins Alba**—Low dwarf growth; white flowers in July and August.

**Reevesii, (H. pl.)—Double white flowers in clusters; very fine.**

**Spirea Douglassii**—Rose colored, late flowering.

**Spirea Prunifolia**—A beautiful shrub. Its flowers are like double, small white daisies, bloom early.

**Spirea Van Houte**—A strong grower, flowers pure white, in clusters.

---

**Platycodon Grandiflorum.**

**WAHLENBERGIA.**

One of the very best perennial plants; in constant flow- er from early in Spring to late Fall. It forms dense clumps, which are covered with a mass of bell-shaped flowers. Price, 15 cts. each.

**Honeysuckle.**

For real home vines, to be near you, climbing over your windows and doorways, there is nothing prettier than fine, sweet-scented Honeysuckles. The foliage is pretty, and the flowers almost continuous, and their fragrance delicious.

**Evergreen Sweet-Scented Honeysuckle**—A hardy and vigorous grower; blooms nearly all the season; deliciously fragrant; flowers buff and white; very desirable for verandas and trellis work.

**European Sweet-Scented (Belgian) Honeysuckle**—A fine, hardy grower; flowers large and exceedingly sweet; color buff, yellow and red; a constant bloomer; one of the finest Honeysuckles. Suitable for trellis or pillow.

**Golden-Leaved Honeysuckle**—An elegant and very double variety, of moderate growth; leaves beautifully veined and netted with clear yellow, so that the prevailing foliage is bright yellow; flowers yellow and fragrant; admirable for pillar and trellis work.

Price, 10 cents each; the three beautiful kinds for 25 cents.

---

**HYDRANGEA PANICULATA GRANDIFLORA.**

This is one of the most valuable hardy shrubs in cultivation. It attains a height of three or four feet, and is perfectly hardy in all parts of the country. The flowers are white, borne in immense pyramidal panicles nearly a foot in length. It commences flowering in July and continues until November. The plants should be cut back every Spring at least one-half of the last season's growth, as the flowers are borne on new wood and are much finer when the plants are treated in this way. This is the finest flowering shrub for cemetery planting we know of. [See illustration.] Price, 15 cents; large plants, 25 and 50 cents.

---

**New Hydrangea Paniculata Grandiflora.**

**Wonac, Ohio, November 8, 1894.**
WEIGELIA.

A beautiful shrub that blooms in May and June. The flowers are produced in such profusion as to almost hide the foliage. They are very desirable for the border or for grouping, and also as specimen plants for the lawn.

Weigelia Rosa—This is one of the most charming shrubs in cultivation. It cannot be too highly recommended. The flowers are large and of a deep rose-pink. They are borne in such profusion that the plants appear a mass of lovely bloom.

Weigelia Rosa Nana Variegata—Deep green leaves, with a broad margin of pure white around each. Very striking and pretty. The flowers are rose-colored, same as above.

Weigelia Venosa Alba—Pure white, a beautiful and very scarce variety that is seldom offered in catalogues; we consider it by far the finest white variety.

Weigelia Candida—New and fine; pure snow-white flowers, borne in great profusion; good autumn bloomer. Nice plants. Price, 10 cents each.

PÆONIES.

* * * HERBACEOUS.

Herbaceous Pæonies are among the showiest and most useful of hardy plants, and are fast becoming popular with the public. They are all hardy and admirably adapted to the climate of our most northern States, growing well in almost any situation so long as the soil is deep, rich, and well manured. We offer a splendid assortment. Price, 25 cents each.

Trifoma Uvaria Grandiflora
(Flame Flower.)

A splendid summer and autumn flowering plant, with stately flower scapes and magnificent terminal dense spikes of rich orange-yellow tubular flowers; familiarly known from its glowing colors as the "Red-hot poker," effective among shrubbery. Price, 25c. each.

Pyrus Japonica.

Burning Bush, or Japan Quince.

One of the most beautiful hardy flowering shrubs; a splendid lawn plant. The bright scarlet flower produced before the foliage, makes a gorgeous display. Price, large plants, by express only, 25 cents each.

Snow Ball.

Viburnum Opulus.

Snowy-white flowers borne in large balls in early summer. Price, 10 and 25 cents each.

WISTERIA.

A popular hardy vine, grows very rapidly, climbing to the height of fifty feet or more; desirable for porches, trellises, etc., and when in bloom is truly magnificent. It flowers in early spring, in long, drooping racemes, resembling in size and shape a bunch of grapes.

Siensia Alba—Flowers borne in long, drooping clusters, as in the blue variety, pure white in color, making a most striking and elegant contrast. Price, 50 cents each.

WHITE FRINCE.

A tall-growing shrub, with large, deep green foliage, pure white, fringe-like flowers; extremely desirable; very fragrant. Price, 50 cents each.

Iceland Poppies.

These Poppies range in color from the purest satiny-white and yellow to the deepest glowing orange-scarlet, and have a delicate Lilac-like fragrance. The plants form very ornamental tufts of fern-like foliage, from amongst which the slender flower stalks rise to about a foot in height, and bear elegant cup-shaped flowers, the petals of which glint like crushed satin. The profusion of blooms which they produce is really astonishing, often a hundred flower stems on a single plant, and they are produced in never-ceasing succession from the beginning of June to October. Not only are these Poppies attractive in the garden, but for elegance in a cut state they are simply unsurpassed. Mixed colors, 15 cents each.

Boston Ivy.

(Ampelopsis Veitchii.)

This vine also goes under the name of "Japanese Ivy" and "Boston Ivy." It clings readily to any surface, not even cementing glass, where it will spread its fairy-like tracery of infinite, emerald leaves and the accompanying circular suckers by which it is attached.

The older leaves attain a moderate size; these are graduated down to very small ones. The texture is leathery and smooth. The foliage is closely overlapping, not a stem visible. Its color is bright in autumn, it is a delicate green in summer. We need not sigh for English Ivy to festoon our walls while we have Ampelopsis Veitchii. Price, 15 cents each.

DEUTZIAS.

* * *

These are shrubs that are very attractive and sure to please all. Their branches are slender and graceful and produce compound panicles of beautiful flowers. They make elegant specimens either planted separately or grouped in the border. If taken up and potted in the fall they make splendid winter-blooming plants. Price, 10 and 25 cents each.

Deutzia Crenata Flora Plena—Height four feet; flowers double, white and tinged with shell pink.

Deutzia Crenata Plena—Large, pure white, double flowers, a great improvement on Crenata Flora Plena.

Deutzia Gracilis—Flowers pure white, bell-shaped, delicately fringed, and borne in such profusion as to cover the branches; a fine plant for cemetery planting.

YUCCA.

* * *

Yucca Filamentosa.

(Adam's Needle.)

A tropical looking plant, with long narrow leaves that remain green the entire year. It throws up a strong flower stem in the summer, three to four feet high, bearing a large spike of creamy-white, bell-shaped flowers, that retain their beauty a long time; hardy. Price, 20 cents each.
THREE GRAND NEW EARLY HARDY GRAPES.

Here we offer a new white, black and red grape, which in size, earliness and delicious quality are superior to most other sorts.

EMPIRE STATE—The vine is a strong grower, extremely hardy, free from mildew, a heavy bearer. Clusters large, berry medium, nearly round, white, with slight tinge of yellow, also a heavy white bloom; tender, juicy, sweet, rich. Ripens with Moore’s Early and Hartford. It is claimed to have great keeping qualities, even equaling the Catawba.

WYOMING RED—A new red grape, resembles Delaware in color and flavor, but is much larger; ripens early and is vigorous, hardy and productive.

EARLY VICTOR—Valuable for its fine quality and earliness; ripens a little after Moore’s Early. In bunch and berry n little below the average in size, but of superb quality, without pulp coarseness; rich, sprightly, pure and refined. Berries black, adhere well to the stem, and have never been known to crack; vines of rampant growth, exceedingly productive, harder than Concord, and one of the few that resists mildew perfectly.

Price, one year old, 25 cents each.

FIVE EXTRA CHOICE VARIETIES.

AGAWAM—A fine, large, red grape; cluster of good size; quality excellent, with a distinctly aromatic flavor peculiar to the variety. Vine a strong grower, productive, and with good foliage.

CONCORD—So popular and well known as to need no description. The grape for the people, succeeding everywhere, and producing abundantly fruit of good quality.

NIAGARA—Vine hairy, unusually strong grower; bunches very large and compact, sometimes shoulders; berries large or larger than the Concord, mostly round; light greenish white; semi-transparent, slightly adherent to the skin; thin, but tough, and does not crack; quality good, very little pulp, melting and sweet to the center.

HARTFORD PROLIFIC—An old popular grape, very early and reliable. Bunches large, shouldered; berries round, medium, black. Fine, healthy, hardy, and immensely productive.

SALEM—A standard variety, one of the best; large and very fine; rich golden-red color; flesh sweet and tender; vigorous and hardy.

Price, one year old, 20 cents each.

SPECIAL OFFER—One of each variety, one year old, for 75 cents, by mail or express.

NEW RASPBERRY—KANSAS.

Originated at Lawrence, Kansas, where it has proven itself the best of all black-caps. Ripens just after Blackberry; berries large or larger than the Gregg, jet black, firm, handsome, and of the best quality. Very vigorous growth, which continues through season; holds its foliage until frost, stands drought and cold; exceedingly productive. Fruit firm, carries well to and presents a handsome appearance in the market. From the report of the Pomologist, issued by U. S. Department of Agriculture: “An early blackcap, somewhat resembling Gregg, but the fruit larger and of better color, being almost free from bloom. Although juicy and excellent in flavor, it is firm enough to ship well. The plant seems not only to have unusual vigor, but to withstand the trying climate of Kansas and other states where raspberry culture is carried on with difficulty.” Price, 15 cents each; $1.00 per dozen.

NEW DEWBERRY—LUCRETIA.

In earliness, size and quality it equals any of the tall growing sorts; the plant is perfectly hardy, healthy and remarkably productive, with very large, showy flowers. The fruit, which ripens early, is soft, sweet and juicy throughout, with no hard core; ripe before raspberries are gone. Should be matched to keep berries from ground. The most profitable small fruit we cultivate. 10 cts. each; 15 for $1.00.

NEW JAPANESE RASPBERRY, Or Wine Berry.

The fruit is borne in large clusters, often seventy-five to one hundred berries in a bunch. These berries are from the time of formation and bloom until they ripen enclosed in a “hurk,” which is formed by the calyx covering them entirely. When ripe the hurk opens, exhibiting a large berry of the brightest, light, glossy scarlet, or sherry wine color. The hurks and stems are covered with a heavy red-brown mousse, like a Moss Rose bud. The flavor of the fruit is entirely unlike any other berry, being very sprightly, sweet and juicy, having no disagreeable sour, but a delicate and luscious flavor peculiar to itself and superior to other berries. It is a very juicy and makes the finest quality of wine. It commences to ripen in the early part of July, and continues in bearing for a long time. It is the most prolific berry known, the bushes being literally covered with its luscious fruit.” Price, 15 cents each; 4 for 50 cents; twelve for $1.50.
Select List of Choice Flower Seeds.

WE HAVE exercised the greatest care in selecting our seeds, knowing that our future success largely depends on the quality of seeds we send out. The greater part of the flower seed we offer are grown for us by one of the most extensive and popular seedsmen in Germany, while some of them are grown on our own grounds.

Our customers can rely upon getting those of the very best quality and finest strain, as we use the utmost caution to send out nothing but first-class, fresh and true to name. Our packet contains a sufficient quantity for ordinary purposes. Our prices will be found remarkably low—much lower than the same quality can be bought for elsewhere—and our list contains nearly all the choice kinds in cultivation.

... Flower Seeds are Classed in Three Classes, as Follows: ...

**HALFY-HARDY ANNUALS**—Are those varieties that bloom and mature seed in the open air, but need to be started in a greenhouse, but-bed or sunny window.

**BIOEANNALS AND PERENNIALS**—Biennials are those varieties that do not usually bloom the first season, but are only in flower during the second season. Perennials continue to flower for several seasons. Many of these may be sown and treated the same as Hardy Annuals, but the more tender varieties should be sown as directed for Half-Hardy Annuals.

**LIBERAL PREMIUMS**

In every neighborhood there are persons whose limited means forbid as heavy an outlay in seeds, etc., as they would wish, and who would be glad of an opportunity to get what they desire by making a little effort in obtaining the orders of a few neighbors and thereby securing their own seeds free.

**NOTICE + OUR + LIBERAL + DISCOUNTS.**

**ASTERS—(FALL ROSES.)**

Very beautiful and popular plants, growing from ten to eighteen inches high. For profusion of flowers and richness of display the Asters are unrivaled, and constitute the principal adornment of our gardens during the Autumn. Now the Seed early in Spring, under glass or in pots in the second season. Potted plants 1 inch soil about one foot apart, according to the height of plants. Half-hardy annually.

**Dwarf Pyramidal Bouquet.**

A magnificent dwarf variety, about one foot high. When fully grown a single plant forms a complete bouquet of pyramidal shape, and covers itself with blossoms, often numbering fifteen or twenty flowers, almost entirely hiding the foliage. Fine for edging and small beds. Six distinct colors mixed. 10 cents per packet.

**New Dwarf Poeny, Perfection.**

Grows only twelve inches high; of very neat, compact habit, and flowers most profusely. The flowers are of very large size and form, perfectly double, the petals beautifully incurved. The colors are peculiarly rich and brilliant, and the refined form of the flowers attracts great attention while in bloom. Fine mixed. 10 cts. per pkt.

**New Victoria.**

A very free bloomer; flowers very large and beautifully incurved; one of the finest plant pyramidal in form; two feet high. All colors, mixed. 10 cents per packet.

**New Victoria, White.**

One of the finest white varieties; flowers large, perfect in form, and of the purest white. 10 cents per packet.

**Mignon.**

A new Aster of a great beauty. Plants about fifteen inches high, very bushy and prolific. Flowers of good size, reflex petals and very double. It is splendid in pots or the open ground. Finest mixed colors. 10 cents per packet.

**Comet.**

Forming regular pyramids twelve to fifteen inches high, and covered with large double flowers. In shape they resemble a large flowered Japanese Chrysanthemum, the petals being long and twisted, or curled and wavy. 10 cents per packet.

**The Prize Packet of Asters.**

Containing a mixture of all the above choice varieties. 10c. per pkt.

**AQUILEGIA COLUMBINE (HARDY.)**

A grand addition to the hardy flower garden; one of the most graceful plants in existence, requiring no care and producing a profusion of flowers.

**Single Varieties.** In beautiful shades. Twenty-five mixed seeds. 5 cents per packet.

**Double Varieties.** In eight beautiful shades. Twenty-five mixed seeds. 5 cents per packet.

**Chrysanthemum.**—(Golden-Spurred.) A strong grower, forming bushy plants three feet high, bearing all through the season an abundance of bright golden-yellow flowers. 10 cents per packet.

**ACERATUM.**

A beautiful Mexican plant, much prized on account of the large number of flowers it bears; remains in bloom all Summer. Also suitable for pot culture.

**Ageratum Mexicanum.**—Finest mixed. 5 cents per packet.

**Little Dorrit.**—New, extra large, lovely sky blue. 5 cents per pkt.

**Tom Thumb.**—Very dwarf, white and blue, six inches. 5cts. per pkt.

DWARF PAEONY, PERFECTION ASTER.
LYSINUM.

The delicate honey-like fragrance of the flowers of this little plant, so much admired in London markets and designs for work, renders it most likely that this old favorite will ever be cast aside. Easy culture; blooms all summer. Twelve inches.

**Alyssum, Sweet**—The well known white variety. 5c. per packet.

AMARANTHUS.

The very prettiest foliage plant to be found among the annuals, and of the earliest culture.

**Salicifolia** (Fountain Plant). Of pyramidal, drooping habit, becoming close to the ground. The leaves are at first of a bright green shade, changing to a bright orange-crimson and bronze color, forming magnificent plumes. 6c. per packet.

ANTIRRHINUM—Snap Dragon.

The Snap Dragon is an old favorite border plant, with dark, glory leaves and large, curiously shaped flowers, with finely marked throats. They bloom the first season from seed sown in the Spring, but the blossoms will be much stronger the second season. 5c. per packet.

New Balsams.

**DEFIANCE BALSAEMS.**

Our climate is wonderfully adapted to the growth of the Balsam, and with a good rich soil and desert care, plants and flowers of the greatest excellence are produced. Sow in a frame or bed. When the plant appears to be making too thick a head, so as to hide the flowers, it is a good plan to cut some of the branches when small. The Balsam can be pruned to any form desired, to two, or three, or even one branch, according to the variety.

**Pure Pink**—The large, perfectly double flowers are of a beautiful pastel pink.

**Rose, White Spotted**—A lovely shade of rose, delicately spotted with white.

**Royal Purple**—The nearest approach to deep blue, it well merits its name, while its flowers are not only very large and full, but of great thickness.

**Scarlet, White Spotted**—A wondrous Balsam. Flowers frequently measure over two and a-half inches across, of a glowing scarlet, irregularly spotted with white.

**Shining Scarlet**—Of intense brilliancy, this color does not equal the others in substance of flower, but is the very best scarlet yet obtained.

**White, Tinted Lilac**—This is a most excellent Balsam for floral designs, as the general effect is white, relieved by a delicate shading of lilac at the center.

**PRICES of each separate color named above, 10c. per ounce; any two packets for 25c., or any six packets for 70c.**

**FINEST MIXED**—This mixture is composed, of nearly equal proportions, of all the colors. Per packet, 25c.; two packets for 25c. each.

**Double Camellia Flowered**—A double as a Camellia, which they resemble; double rose-like blossoms of almost every shaded color. The Balsam, like the Aster, is one of the most beautiful and popular of our annuals. Like that flower, too, it is an old favorite, and so much improved during the last quarter of a century that it nearly bears a resemblance to the old flower. Extra choice, double mixed. 10c. per packet.

**Double and Semi-Double Mixed**—5c. per packet.

**Double White Perfection**—Flowers snow white, round as a dollar, of immense size, and thoroughly double. 10c. per packet.

**Double Spotted—Splendid mixture. 10c. per packet**.

**Double Rose-Flowered—Choice mixed. 10c. per packet.**

**CANNA—Indian Shot.**

Beautiful large-leaved foliage plants, suitable for forming groups on lawns or for the center of mixed flower beds. Many of the varieties are very beautiful, both in foliage and flower. Half-hardy perennial.

**Choice Mixed Varieties—5c. per packet.**

**Dark Leaved Varieties—Splendid mixture. 5c. per packet.**

**Cresty's New Varieties**—Sliced from the handkerchief of the new introductions of this successful grower. Most of them are dwarf, in habit, early bloomers, and very showy, both in foliage and flower, and excellent for pots. 10c. per packet.

**CONVOLVULUS MINOR.**

Dwarf Morning Glory.

This beautiful bedding plant grows from 10 to 12 inches in height. The flowers remain open during the day, unless the weather is dark, and present a most beautiful sheet of bloom. All colors, mixed. 5c. per packet.

Four O'Clock—MARVEL of PERU.

A handsome, free-flowering garden favorite; half-hardy perennial; blooming the first season from seed; the flowers, which are produced in clusters, open in the afternoon and wither the next morning; the roots can be preserved during the Winter like Dahlias. Plant mixed. 5c. per package.

**DOUBLE DAISIES.**

**BELLIS DOUBLE DAISIES.**

The beautiful little Daisy is indispensable for cool, shady places, pots and frames. With protection they will stand the Winter and bloom in the early Spring with a profusion of gay flowers. They bloom beautifully in the house during Winter and Spring when cultivated in pots, and we highly recommend them for this purpose. In the garden treat them like pansies.

**Double, Mixed Colors**—White, pink, rose, etc., 10c. per packet.

**Double, White—Pure in color and profuse in bloom.** 15c. per pk.

**CANTERBURY BELLS—Campanula.**

A well known free bloomer of great beauty; effective for beds or pots culture. Flowers of many colors, large, bell-shaped; succeeds best in light, rich soil. Sow seed early in the open ground; cover lightly; thin or transplant to 12 inches. Hardy biennial. Mixed single varieties, 5c. per packet; mixed double varieties, 8c. per packet.

**BALLOON VINE—Cardiospernum.**

A beautiful rapid growing vine, with fine fern-like foliage and balloon-shaped seed pods. 5c. per packet.

**DATURA.**

An attractive plant with large foliage and a vigorous growth, producing a succession of large, white, purplish-tinted, trumpet-shaped flowers, larger than a Calla Lily, and having a faint perfume. The plant usually endures the Winter, and blooms for several years.

**Datura Fastuosa—(Trumpet Flower)**—Pure mixed, double; two-and-a-half feet. 5c. per package.

**CALERANDA METEOR.**

**CALERANDA—Pot Marigold.**

Well known and attractive hardy annuals, growing well in almost any situation; the varieties offered are a great improvement on the old sorts.

**Calenda (Pot Marigold)—Finest double, mixed. 5c. per packet.**

**Calenda (Pot Marigold)—Perfectly double and beautiful; striped, the petals having a creamy center, edged with glowing orange. 5c. per packet.**

**Prince of Orange—This variety is considered by many to be an improvement on its parent, Meteo, the coloring being more intense. Try it and see what you think of it. 5c. per packet.**
McGregor Brothers, Florists, Springfield, Ohio

COXCOMB.

Candytuft, New Empress—A magnificent variety, with enormous heads of pure white flowers. Price, 10 cents per packet.

Candytuft, Finest Mixed—Including the above and other choice varieties. 5c per packet.

CELOSIA—COXCOMB.

Celosias are especially interesting; of brilliant colors and quite easy to grow; the eombs are often a foot or more across the top. We offer the best kinds. Finest dwarf, erected, mixed. 5 cents per packet.

COREOPSIS, GOLDEN WAVE.

This splendid showy annual is unsurpassed for bedding, bordering, bodes, shrubbery, etc. It is a perfect mass of golden yellow, well meriting its name, "Golden Wave." The bushy and compact plants grow about two feet high, and from June to October are densely cov- ered with beautiful yellow blossoms, each with small dark center. Seeds can be sown in open ground or transplanted; plants will grow with little care in any situation, and attract great attention. Calliopsis, finest mixed, 5 cents per packet.

CALLIOPSIS, GOLDEN WAVE.

CHRYSANTHEMUMS.

French Marguerites or Painted Daisies.

The plants grow 12 to 18 inches high, and produce on long stems handsome, large flowers of many bright colors, which have the appear- ance of being laid on with an artist's paint brush. The beautiful flowers are very attractive for bouquets or vases. We offer below all the varieties that come true from seed.

Golden Feather—Beautiful, large, daisy-like flowers, 2 to 3 inches in diameter, dark velvety center, circled with bright glowing yellow, outer circle rich crimson, a superb variety. 10 cts. per packet.

Eclipse—A very showy new sort; the flowers are very large and handsome, strikingly marked and colored in distinct rings of yellow, purple, scarlet and dark brown. 20 cents per packet.

Burridgeanum (Lord Beaconsfield) —Rich crimson maroon, with white edge and inner white circle. 10 cents per packet.

Coronarium—Double, mixed; white and yellow; double flowers. 10 cents per packet.

Digitalis, or Fox Glove—Hardy.

A grand flower, growing to a good height, and producing a splendid spike of drooping blooms. Mixed colors. 5 cents per packet.

CANDYTFUFT.

Universally known and cul- tivated, and considered indispensable for cutting. All the varieties look best in beds or masses. Seeds sown in Autumn produce flowers early in the Spring; when sown in April they flower from June to September, and some of the sorts till frost comes.

Candytuft, Dark Crimson—Very showy. 5 cts. per packet.

Candytuft, Sweet Scented—Pra- grant, pure white flowers. Price, 5 cents per packet.

CANDYTFUFT, NEW EMPRESS.

CINERARIA HYBRIDA.

A favorite free-flowering house plant of enormous beauty, with flowers of great richness and diversity of color. It blooms during the Winter and Spring months, and can be planted 18 Summer. They thrive best in a mixture of loam and peat.

CINERARIA HYBRIDA.

The choicest mixture of the first quality. 15 cents per packet.

CENTAUREA CYANUS.

Known as Bachelor Buttons and Corn Bottle; various colors, mixed. 5 cents per packet.

CYCLAMEN.

These elegant greenhouse per- ennials have been vastly im- proved of late years. Our strain is selected from the improved English sorts, and is conceded to be unsurpassed. Cyclamen seeds sown early will bloom the Follow- ing Winter. We can supply the blooming bulbs in September.

Persicum — Very superior strain. Mixed colors, 15 cents per packet.

Giganteum—Magnificent strain; extra selected, large flowering. Mixed colors, 25 cents per pkt.

CENTAUREA CYANUS.

COBRAE SCANDENS.

Unsurpassed for beauty by any annual vine. A very rampant grower, without a trace of coarseness; the flowers of the most ele- gant form; the soft gray-green of the long flexible stems and calyx combines beautifully with the violet-marue color of the flowers. 10 cents per packet.

CYPRESS VINE—IPOMEEA.

This is a most beautiful climber, with a delicate dark green, feather foliage and an abundance of bright, star-shaped rose, scarlet and white blossoms, which, in the bright sunshine, present a mass of beauty. Planted by the side of a veranda, tree or stake, and trained properly, nothing is prettier. The seeds will sprout more readily if warm water is poured on the ground after sowing. Choice mixed colors, 5 cents per packet.

Euphorbia (Snow on the Mountain.)

VARIegATED.

Grow three or four feet high and bears bracts of green and white striped leaves. 6 cents per packet.
THE NEW PHLOXES, STARRED AND FRINGED.

This grand strain of Phlox is the result of careful selection from Star Quedlinburg and Fimbriata Phlox, and as the two varieties are continually crossing, we offer both together as Starred and Fringed Phlox. They are beyond question the most striking novelties in Phloxes ever introduced, being of unique and indisputable beauty. In the Fringed flowers the petals are partly fimbriate and partly three-toothed, all distinctly bordered with white, which, together with the bright eye of the center, pietre Campo contrasts with the magnificent velvety colors, in more than twenty distinct shades, while many of the flowers are as large as the Grandiflora Phlox. In the Starred Phloxes the pointed central teeth of the petals (five in number) are five to six times as long as the lateral ones, and project beyond those like little spines, half an inch long, giving the flowers a distinctly marked, regular star-like form, the beauty of which is enhanced by the broad white margins bordering the edges of the petals.

The Starred Phloxes also embrace more than twenty colors, so that our Extra Fine Mixed Seed comprises more than forty varieties of this unique and striking beauty. In addition we need only say that they are as easily grown as the common Phlox, and flower just as profusely throughout the entire Summer. Per packet, 10 cents.

OTHER VARIETIES OF PHLOX DRUMMONDI.

No annual exceeds the Phlox for a brilliant and constant display. It forms a most beautiful bed, and for a mass of color is unequalled by any other flower. Set the plants about a foot apart unless the soil is very poor.

Phlox, Coccinea.—Brilliant scarlet. Price, 5 cents per packet.
Phlox, Alba Pura.—Pure white. Price, 5 cents per packet.
Phlox, Rosea.—Beautiful rose-colored. Price, 5 cents per packet.
Phlox, Choice Mixed.—Of all the above colors. Price, 5 cents per packet.
Phlox, Drummondi, Grandiflora.—In the Grandiflora we have a strain of large flowering Phlox that is most remarkable in variety and brilliancy of colors, but also for the perfection and size of the flowers—many of the single flowers are so large they will nearly cover a fifty cent piece. Price, 10 cents per packet.

MORNING GLORY.—CONVOLVULUS.

The well-known Morning Glory, a fine, hardy and rapid grower, which always gives great satisfaction. They bloom early in the morning and during the forenoon are brilliant with scores of beautiful flowers of various colors, white, pink, blue, scarlet, variegated, etc. Many, raised, all colors, 15 cents per oz.; 10 cents per packet.

NASTURTIUMS.—TROPÆOLUMS.

Tall, or Climbing Varieties.

Tom Thumb Nasturtiums.—One of our showiest and most popular annuals. Compact plants, not over one foot high, making gorgeous masses of color. Mixed many kinds. 15 cents per oz.; 50cts. per pkg.

Tall, Mixed.—Containing many beautiful varieties. Price, 15 cents per oz.; 10 cents per packet.

POPPIES AND DOUBLE SINGLE POPPIES.

POPPY DANEBROG.

Danegro.—A very desirable and showy novelty, producing large single flowers, of a brilliant scarlet, with a large silvery-white spot on each of the four petals, thus forming a white cross on a scarlet ground. Price, 10 cents per packet.

Double Peony-Flowered, Mixed.—Splendid, large double flowers, of all colors. Price, 5 cents per packet.

Scarlet King.—The numerous flowers on their graceful stems produce a perfect blaze of colors—the most intense, rich, dazzling scarlet. Price, 10 cents per packet.
**COSMOS HYBRIDUS.**

Our new hybrids of this magnificent annual are among the most showy and graceful of all garden flowers, and nothing can give greater satisfaction for a late display. They make very large plants, growing five to seven feet high, which are beautiful masses of the most elegant foliage until they begin to bloom in September, when each plant will have hundreds of large showy blossoms. October treats do not hurt the plants or flowers, and during that month it is the gayest and most showy plant in cultivation. It is pronounced by all to be the finest seed novelty in many years. Hybrids, mixed, all colors, white, pink, crimson, etc., 10 cents per packet.

**ESCHOLTZIA—CALIFORNIA POPPY.**

Very showy colors. Finely cut leaves of a glaucous color, and blossoms about two inches in diameter, of many brilliant and showy colors. As stalks and branches are delicate, they will do better if supported by small sticks. Now where the plants are wanted to bloom, as they do not bear transplanting. Thin to six inches apart. Half hardy perennial. One foot high. Splendid mixture. 5¢ per packet.

**Evening Primrose—CÉNOTHERA.**

A beautiful genus of exceedingly fine flowering plants. The character of the plant is somewhat singular, the blossoms not expanding until the latter part of the day, making a magnificent show during the evening and early in the morning. Blooms the first season.

Lamarikana—Very showy, large yellow flowers, three feet. 5 cents per packet.

**SENSITIVE PLANT—MIMOSA.**

A real pretty plant, and affords a great deal of amusement, as the leaves and foot-stalks close and droop at the slightest touch, or in cloudy, damp weather, and during the night. Seed should be started under glass and not transplanted to the open ground until the weather is warm. 5 cents per packet.

**SCABIOSA—MOURNING BRIDE.**

This old and well-known flower is not as generally cultivated as it deserves. The perfectly double flowers are useful for cutting.

Tall German, Mixed—All colors, height two feet. 5¢ per packet.

Dwarf, Double Mixed—Plants of compact habit, profusely bearing globular-shaped double flowers of great beauty. 5 cents per packet.

Snowball—Elegant double white flowers, very choice and charming for bouquets. 10 cents per packet.

**Sweet William—DIANTHUS BARBATUS.**

A very beautiful class of plants of extreme richness and diversity of color. They have been greatly improved of late years; one and one-half feet; hardy perennial.

Fine Mixed Single—All colors. 5 cents per packet.

Double Flowering, Finest Mixed—From a splendid collection. 10 cts. per packet.

**CODETIA—SATIN FLOWER.**

An attractive and hardly annual, deserving more extensive cultivation, profuse flowering plants, growing in any garden soil.

Duchess of Albany—Very large, glossy, satiny white flowers; beautiful. 5 cents per packet.

Lady Albermarle—Brilliant dark crimson; very effective. 5 cents per packet.

Satın Rose—Bright rose, glossy and satiny-like in appearance; very fine. 5 cents per packet.

**PORTULACA.**

Well known hardy annuals which grow not more than six inches high, covering the ground in a beautiful carpet-like form of most vivid colors. A mass of double ones makes the most brilliant and gorgeous display that can be had among annuals.

Grandflora, Mixed Colors—White, crimson, rose, scarlet, yellow, striped, etc. 5 cents per packet.

Double, finest mixed, all colors. 5 cents per packet.

**PRIMULA (CHINESE PRIMROSE).**

Charming, profuse-blooming plants, indispensable for Winter and Spring decoration in the house. Seed should be sown in February or March in a light, sandy soil, but slightly covered and kept moist. Transplant as soon as the second leaves appear, and continue shifting the plants as they grow.

Sinensis, White—Single, large flowering, fringed; an excellent strain. 25 cents per packet.

Sinensis, Fimbriata—Fringed, finest mixed single. This is a superb mixture, and will give the greatest satisfaction. Price, 25 cents per packet.

**RICINUS, CASTOR BEAN.**

Stately strong growing plants, with very ornamental foliage, particularly adapted as center plants of groups of Cannas, Japanese Maples, Caladiums, Dahlias, etc. Of very quick growth in rich soil. Plant in hot-bed, and transplant when three leaves have been formed, or plant when they are required. Tender annual. Four to fifteen feet high.

Borboniense Arboreus—Fifteen feet high; showy. 5¢ per packet.

Sambucus—Splendid red fruit in clusters; blood red seeds. 5 cents per packet.

Giganteus—Leaves of large size, richly veined and marbled; ten feet high. 5 cents per packet.

**DIANTHUS—PINKS.**

A magnificent genus, embracing some of the most popular flowers in cultivation, producing a great variety of brilliant colors and profusion of bloom. The hardy biennials, or Chinese and Japanese varieties, bloom the first season, the same as hardy annuals; height one foot. The hardy perennial varieties are very fragrant, and of easy culture for the garden and greenhouse.

Dianthus Adenium, Double Diadem Pink—Beautiful double flowers, from two to three inches in diameter. Mixed, in varied tints of Rose, crimson-purple to very dark purple, with the outer edges tinged and nearly white. Dwarf, compact growing plants. 10 cents per packet.

Dianthus Lacinatus—Flowers large; petals deeply fringed and beautifully colored. 5 cents per packet.

Dianthus Crimson Belle—As its name implies, of a rich crimson color. Flowers of very large size, and great substance, evenly and finely laminated. 10 cents per packet.

Dianthus Chinensis Eximius—Mixed. An attractive dwarf plant, producing globular-shaped, double, various colored flowers in the greatest profusion. Six inches. 5 cents per packet.

Imperialis F1.—(Double Imperial Pink). A superb double variety, all colors mixed. 5 cents per packet.

Dianthus Snowflake—Pure white flowers, of immense size, very double and delicately fringed at the edges of petals. 10 cents per packet.
MIGNONETTE.

Sweet Mignonette (Reseda Odorata)—The good, old-fashioned, sweet Mignonette; it is the flower for the million. Price, 5 cents per packet.

New Giant Pyramidal—The plants, of pyramidal shape, attain a large size; large, reddish-tinged flowers. Price, 5 cents per packet.

Giant White Spiral—Grows two or three feet high, perfectly erect, spike fifteen inches long; color pure snow-white, much unlike anything else in cultivation; attracts attention of everybody. Seed sown in April or May, where it will germinate very quickly and grow rapidly, and commence blooming early in June. Price, 10 cents per packet.

Golden Queen—This new variety has given great satisfaction; it blooms so abundantly that a bed of it appears as a mass of golden yellow. Price, 10 cents per packet.

HUMULUS JAPONICUS—Japanese Hop Vine.

A beautiful vine of recent introduction; leaves of heavy texture, and sharply pointed; a very rapid climber, producing a perfect shade; thrives in any weather. 10 cents per packet.
PANSIES.

These charming favorites are very much improved in size, shape and color, and no flower is more popular, giving abundance of bloom until after severe frosts, enabling one hard Winter with safety and watering in the earliest Spring with a profusion of bright blossoms. It will do better if in the middle of Summer it is planted where it is somewhat shaded from the sun, and furnished with a good supply of water, but in almost any situation will give fine flowers in Spring and Autumn. Pansies may be sown in the hot bed or open ground. If sown in the Spring, get in as early as possible, so as to have the plants in bloom during the early rains; it is easily transplanted. Our seed is secured from specialists in Europe and elsewhere, regardless of cost. We do not hesitate to recommend them with the greatest confidence. No one can offer better stock, although their prices may be higher. At the prices quoted we give liberal sized packets, according to the quality of the seed.

For Varieties of Pansies and Prices, see Page 71.

HOLLYHOCK.

***

The Hollyhock, in its present state of perfection, is very unlike its parent of olden time; it now ranks with the Dahlia, Aster, Camellia, etc. For a background to a flower garden, perhaps no plant is so useful, the flowers are double as a rose, of many shades of color. Hardy perennial; five feet high. The seeds we offer of this handsome flower have been saved from the best collections in Europe.

Double Pure White—10 cents per packet.
Double Lemon Color—10 cents per packet.
Double Crimson—10 cents per packet.
Double Flesh Color—10 cents per packet.

Any three separate colors for 25 cents, or the four for 30 cts.

*** LOBELIA. ***

Exceedingly pretty, profuse blooming plants of great value to the flower garden; their delicate, drooping habit, and the profusion of their charming little flowers render them extremely ornamental.

Gracilis—Fine for hanging baskets, vases, etc.; half hardy annual. 10 cts. per packet.
Erinus Queen of Whites—Flowers of purest white. Bloom until destroyed by frosts. 5 cts. per packet.

ERINUS CRYSTAL PALACE COMPACTA—A new deeply compact miniature variety, which is studded with deep blue flowers during the Summer months. 8 cts. per packet.

LARKSPUR—DOUBLES. (Delphinium.)

The Larkspur is one of the handsomest and most useful of plants, and for large gardens is invaluable. The brilliancy of some of the colors is unsurpassed.

HARDY ANNUAL Sorts.

Double Dwarf Rocket—Grown ten inches high; a dozen good kinds mixed. 5 cts. per packet.

Double Tall Stock Flowered—Spikes of double flowers eighteen inches long; very beautiful. Two feet high. Several of the brightest and best colors mixed. 5 cts. per packet.

SWEET PEAS.

The Sweet Pea is today one of the most popular garden flowers. Their pretty colors and delightful perfume make them one of the most charming flowers. Plant a good lot for the beautiful bouquets of sweet blossoms they will yield you. The collection here offered is superb, all new and improved varieties of great beauty. Should be sown two inches deep and cultivated like common peas; may be sown very early. Cut flowers early and pick off seed pods as fast as they appear. All varieties, 5 cents per packet.

Scarlet Invincible—A beautiful, rich scarlet; fragrant. Price, 5 cents per packet.
Butterfly—Pure white, delicately backed with lavender. Price, packet, 5 cents.
Black—Dark purple; the darkest variety grown. Price, packet 5 cents: 15 cents per ounce.

All Colors Mixed—Price, packet 5 cents: 15 cents per ounce.
All of the above are 6c, per packet, or any six packets for 25c.

MAURANDIA.

An elegant, climbing greenhouse perennial, but can be grown from the seed and brought forward so as to bloom and flower profusely from August to October the first season in the garden. One of the most popular climbers, whether for greenhouse, parterre, baskets or outdoor purposes. Mixed, choice kinds, 10 cents per packet.

VERBENA.

This is a well known and universal favorite for both pot and open ground culture. A good bed Verbena is usually the most attractive spot in the garden. We offer a choice mixture, in all colors, 10 cts. per packet.
**Forget-Me-Not,**  
*Myosotis.*

The Forget-me-not is an old favorite plant, bearing clusters of star-shaped, delicate blue flowers, with white and yellow eyes. It flourishes best in a moist, shady situation, and it is in constant bloom nearly the whole season. If the seeds be sown in Autumn it will succeed best and flower earlier in Spring. Hardy perennial.

**Alpestris.**——The loveliest blue flowers. 5 cents per packet.

**Alpestris Victoria.**——Of shady habit. Plant five to seven inches high; diameter eight to ten inches, and when full grown is globular in shape, and covered with large, bright azure-blue flowers. The best one for growing in pots. 15 cents per packet.

**DOUBLE AND SINGLE POPPIES.**

**Snowdrift.**——A grand new variety, of very dwarf and compact habit. The large, pure white flowers are perfectly round and double. The petals are finely frilled. **Price. 10 cents per packet.**

**Mikado.**——One of the most brilliant flowers we have ever seen. The ground color is a pure snowy-white, delicately but distinctly striped with intense scarlet. **Price. 10 cents per packet.**

**Shirley.**——This most lovely of all Poppies yet seen. The flower seems to have a charming grace and delicate beauty peculiar to itself. The colors are mostly light, many having wide margins on the petals. The flowers are large, single and extremely showy. **10 eis per pkt.**

**ZINNIA + GRANDIFLORA.**

The Zinnia is a large, free-growing annual, so easy to grow and so showy that it will always be a favorite. The flowers resemble double Dalias in size and form. It blooms continually throughout the Summer.

**Grandiflora.**——Large, double flowering, finest assortment of color. 10 cents per packet.

**Dwarf Double.**——Beautiful variety of mixed colors. 10 cents per packet.

**SMILAX.**

We doubt if one of our customers in a hundred has ever seen a string of Smilax. It blooms. Though grown principally for its elegant green foliage, so indispensable for floral work, it nevertheless bears flowers by the thousand, which, for rare and graceful beauty and delicious fragrance, can not be excelled. Smilax requires a nice sunny window and freedom from dust. It grows very quickly from seed.

Smilax.——Extra fine seed. 10 cents per packet.

**Thunbergia—Black-Eyed Susan.**

Very fine trailing plants, producing masses of pretty flowers. When allowed to trail on the ground they make a beautiful bed. The colors are delicate and beautiful. **Mixed colors, 10 cents per packet.**

**CARNATION.**

Carnations are general favorites for their delicious fragrance and richness of colors. They are indispensable, both for greenhouse culture in Winter and for the garden in Summer. Carnation, finest German, mixed colors, saved from extra fine double named flowers, 10c.

**HELIOTROPE.**  
*Heliotropium.*

A half-hardy perennial, flowering during the whole season; its delightful perfume makes it a most desirable bouquet flower; a splendid bedding plant, or can be trained as a green-house climber. Seed sown in the Spring will make fine plants for Summer blooming. **Heliotrope, finest mixed, 10 cents.**

Express Collections.

Twenty-five Plants for Only One Dollar.

The following collections, to be sent by express only, purchaser paying express charges, are very desirable to those who want a nice flower-bed and care nothing about having the names put on each plant, the doing of which, during the busy season consumes valuable time. We desire it to be distinctly understood that the plants in these collections are just as good every way, and probably better, than the individually selected plants, at more than double the price. Give this mode of purchasing plants a trial. We are confident it will please you. If you have no express office, or it is not convenient to you, we will send you twenty plants from any of these collections, by mail, for $1.00. It is advisable to send for not less than three or four collections by express. Else the express charges would make them higher than the twenty plants by mail.

Six of these express collections for $5.00.
